

1
00:00:42,950 --> 00:00:40,709
space shuttle discovery's crew coming

2
00:00:47,110 --> 00:00:42,960
through the hatch at 4 11 a.m central

3
00:00:52,229 --> 00:00:48,630
while the shuttle and station are

4
00:00:54,790 --> 00:00:52,239
traveling 217 miles above the pacific

5
00:01:08,870 --> 00:00:54,800
ocean heading towards the

6
00:01:12,390 --> 00:01:10,630
pilot jim dunton just passing through

7
00:01:15,910 --> 00:01:12,400
the view there followed by

8
00:01:17,670 --> 00:01:15,920
mission specialist rick mastracchio

9
00:01:55,030 --> 00:01:17,680
and mission specialist clay anderson

10
00:01:58,870 --> 00:01:56,870
this again marks both the first time

11
00:02:00,550 --> 00:01:58,880
that four female astronauts have been

12
00:02:02,789 --> 00:02:00,560
together in space

13
00:02:05,990 --> 00:02:02,799

that's uh flight engineer tracy caldwell

14

00:02:08,229 --> 00:02:06,000

dyson along with mission specialist

15

00:02:10,389 --> 00:02:08,239

donnie metcalf lindenberger stephanie

16

00:02:12,229 --> 00:02:10,399

wilson and

17

00:02:13,510 --> 00:02:12,239

naoko yamazaki

18

00:02:15,589 --> 00:02:13,520

and uh

19

00:02:17,670 --> 00:02:15,599

with uh

20

00:02:19,910 --> 00:02:17,680

flight engineer suicinoguchi also on the

21

00:02:23,350 --> 00:02:19,920

station

22

00:02:25,750 --> 00:02:23,360

mission specialist naoki yamazaki's

23

00:02:27,990 --> 00:02:25,760

arrival also marks the first time that

24

00:02:29,190 --> 00:02:28,000

two japan aerospace exploration agency

25

00:03:02,309 --> 00:02:29,200

astronauts have been together on the

26

00:03:06,790 --> 00:03:04,229

also looking here at uh

27

00:03:08,390 --> 00:03:06,800

commander oleg kotov

28

00:03:11,110 --> 00:03:08,400

welcoming the

29

00:03:12,470 --> 00:03:11,120

space shuttle discovery crew and uh on

30

00:03:15,270 --> 00:03:12,480

that crew as of course mission

31

00:03:17,430 --> 00:03:15,280

specialist clay anderson who was part of

32

00:03:19,430 --> 00:03:17,440

kotov's uh

33

00:03:21,589 --> 00:03:19,440

part of the expedition 15 crew with

34

00:03:23,190 --> 00:03:21,599

kotov so this is also the first time

35

00:03:24,630 --> 00:03:23,200

they've been reunited on the

36

00:04:30,790 --> 00:03:24,640

international space station since

37

00:04:35,110 --> 00:04:32,790

discovery houston on the big loop we

38

00:05:07,110 --> 00:04:35,120

need a crew member standing by on panel

39

00:05:11,990 --> 00:05:08,710

and houston discoveries ready on the

40

00:05:17,029 --> 00:05:14,310

discovery houston on a big loop station

41

00:05:26,150 --> 00:05:17,039

is ready to assume attitude control

42

00:05:26,160 --> 00:05:38,310

discovery selecting free drift

43

00:05:46,870 --> 00:05:40,230

okay we see it mash uh stand by just a

44

00:05:46,880 --> 00:06:19,510

copy that all hold off on spec 20.

45

00:06:22,790 --> 00:06:21,270

scary houston air to ground two we saw

46

00:06:25,749 --> 00:06:22,800

you reloaded

47

00:06:30,629 --> 00:06:25,759

a12 we're ready for you to reload dap

48

00:06:30,639 --> 00:07:16,230

thanks for that loading b12

49

00:07:19,350 --> 00:07:18,150

the houston discovery underground you

50

00:07:22,790 --> 00:07:19,360

gonna need anything else here in the

51
00:07:24,230 --> 00:07:22,800
next few minutes uh on the flight deck

52
00:07:25,510 --> 00:07:24,240
affirmative uh match show we're just

53
00:07:42,469 --> 00:07:25,520
getting ready to call you into group b

54
00:07:46,230 --> 00:07:44,869
all right uh discovery mesh uh we've

55
00:07:48,390 --> 00:07:46,240
thought about this and we're going to

56
00:07:50,070 --> 00:07:48,400
stand down on the group b you can go

57
00:07:52,550 --> 00:07:50,080
back over to the station and when you're

58
00:07:58,150 --> 00:07:52,560
complete with the welcome then you can

59
00:07:58,160 --> 00:09:29,110
thanks a lot

60
00:09:33,190 --> 00:09:30,790
houston on two

61
00:09:36,070 --> 00:09:33,200
for the Idri data download tell me which

62
00:09:42,870 --> 00:09:36,080
fsc 831p you would like me to stick this
