

MISSION CONTROL CENTER

NO. 1000
0000 000

1
00:00:06,630 --> 00:00:04,550
discovery

2
00:00:08,310 --> 00:00:06,640
for rendezvous just want to confirm for

3
00:00:14,789 --> 00:00:08,320
the message that the

4
00:00:20,470 --> 00:00:17,029
that's correct x and we're looking for

5
00:00:32,069 --> 00:00:20,480
13 seconds one three

6
00:00:36,470 --> 00:00:33,990
commander alan poindexter there getting

7
00:00:38,069 --> 00:00:36,480
ready for the second separation burn

8
00:00:46,790 --> 00:00:38,079
to continue moving discovery away from

9
00:00:54,869 --> 00:00:49,270
that's coming up in about a minute now

10
00:01:01,910 --> 00:00:57,350
capcom rick strucko mentioned that'll be

11
00:01:03,029 --> 00:01:01,920
a what's called a retrograde burn that

12
00:01:05,030 --> 00:01:03,039
changes

13
00:01:53,030 --> 00:01:05,040

discovery's orbit by

14

00:02:05,670 --> 00:01:54,710

that second separation burns now in

15

00:02:10,710 --> 00:02:07,510

use discovery to ground to step two

16

00:02:17,190 --> 00:02:10,720

complete we're going to blockade charlie

17

00:02:20,630 --> 00:02:19,510

and commander poindexter there reporting

18

00:02:23,030 --> 00:02:20,640

that the burn

19

00:02:24,470 --> 00:02:23,040

was complete

20

00:02:25,750 --> 00:02:24,480

space shuttle discovery is now moving

21

00:02:27,589 --> 00:02:25,760

away from the international space
