

1
00:00:15,030 --> 00:00:13,030
what are you guys doing thanks for

2
00:00:17,029 --> 00:00:15,040
coming out to the vacuum chamber with us

3
00:00:18,150 --> 00:00:17,039
oh it's my pleasure to be here i don't i

4
00:00:19,910 --> 00:00:18,160
don't want to interrupt you because i

5
00:00:22,070 --> 00:00:19,920
know you guys are very busy

6
00:00:23,750 --> 00:00:22,080
okay let me interrupt right so that's a

7
00:00:25,269 --> 00:00:23,760
real spacesuit isn't it

8
00:00:26,630 --> 00:00:25,279
is that the one mic is that the one

9
00:00:28,310 --> 00:00:26,640
you're going to use or is that uh this

10
00:00:30,150 --> 00:00:28,320
is just one of the bees here in the

11
00:00:31,509 --> 00:00:30,160
chamber my spacer is actually up on the

12
00:00:33,430 --> 00:00:31,519
station already

13
00:00:57,750 --> 00:00:33,440

so you just but this is uh this is one

14

00:01:01,590 --> 00:00:59,349

i'm supposed to be outside doing a space

15

00:01:03,670 --> 00:01:01,600

walk but uh and i cheat sometimes hey

16

00:01:21,510 --> 00:01:03,680

pierce

17

00:01:24,870 --> 00:01:22,710

so you're pretending like you're in a

18

00:01:28,710 --> 00:01:24,880

spacewalk right now does it look like

19

00:01:30,950 --> 00:01:29,910

can't tell

20

00:01:32,950 --> 00:01:30,960

yeah look look actually look on the

21

00:01:34,870 --> 00:01:32,960

screen he's moving that's me that's me

22

00:01:38,230 --> 00:01:34,880

yeah that's my motion

23

00:01:44,230 --> 00:01:38,240

the motion looks good uh keep continuing

24

00:02:05,270 --> 00:01:46,469

well there's your patch yeah

25

00:02:08,710 --> 00:02:07,190

okay that's good enough

26

00:02:12,470 --> 00:02:08,720

okay you're clear and you can uh swing

27

00:02:20,550 --> 00:02:14,309

all right coming up and tell me where to

28

00:02:24,309 --> 00:02:22,150

okay yeah see that looks pretty good

29

00:02:28,710 --> 00:02:24,319

right there

30

00:02:33,750 --> 00:02:31,589

maybe a little bit more to the left

31

00:02:35,350 --> 00:02:33,760

how's that

32

00:02:37,350 --> 00:02:35,360

okay that's great so what happened with

33

00:02:39,509 --> 00:02:37,360

this patch so i had this little design

34

00:02:43,030 --> 00:02:39,519

competition and did that yeah did you

35

00:02:45,750 --> 00:02:43,040

give a prize out uh yes you did

36

00:02:49,110 --> 00:02:47,430

it was a party

37

00:02:50,710 --> 00:02:49,120

from a lot of people actually we had a

38

00:02:51,910 --> 00:02:50,720

lot of responses

39

00:02:54,229 --> 00:02:51,920

everybody else sent out to their friends

40

00:02:55,670 --> 00:02:54,239

okay yeah yeah we went into a lot of

41

00:02:57,430 --> 00:02:55,680

people basically people that weren't

42

00:02:59,750 --> 00:02:57,440

even friends kind of just quite

43

00:03:03,430 --> 00:02:59,760

i don't know why you didn't get one

44

00:03:07,350 --> 00:03:05,990

yeah enemies your tour

45

00:03:09,509 --> 00:03:07,360

so anyway

46

00:03:11,190 --> 00:03:09,519

so we got some great ideas and we had as

47

00:03:12,710 --> 00:03:11,200

a crew we got together kind of voted on

48

00:03:14,149 --> 00:03:12,720

them narrowed it down and we finally

49

00:03:15,750 --> 00:03:14,159

picked we ended up with two that we

50

00:03:17,030 --> 00:03:15,760

really liked that had a lot of

51

00:03:18,710 --> 00:03:17,040

similarities

52

00:03:20,790 --> 00:03:18,720

and basically they both had this setting

53

00:03:22,949 --> 00:03:20,800

sun on the horizon

54

00:03:24,630 --> 00:03:22,959

and with a pretty good motif

55

00:03:26,949 --> 00:03:24,640

ah very nice so what the patch

56

00:03:29,750 --> 00:03:26,959

represents is it's atlantis flying what

57

00:03:32,710 --> 00:03:29,760

could be her last mission okay and she's

58

00:03:33,830 --> 00:03:32,720

flying off into the into the sunset oh

59

00:03:36,309 --> 00:03:33,840

wow

60

00:03:37,110 --> 00:03:36,319

obviously there it is

61

00:03:39,110 --> 00:03:37,120

okay

62

00:03:41,030 --> 00:03:39,120

and and but you know that's kind of

63

00:03:42,229 --> 00:03:41,040

depressing

64

00:03:43,990 --> 00:03:42,239

so yeah i wanted to make it a little

65

00:03:45,270 --> 00:03:44,000

more positive right

66

00:03:46,550 --> 00:03:45,280

you know it all depends how you look at

67

00:03:48,789 --> 00:03:46,560

it it could be flying off into the

68

00:03:54,949 --> 00:03:48,799

sunrise

69

00:03:57,910 --> 00:03:54,959

so it also could represent the dawn

70

00:04:00,710 --> 00:03:57,920

of a new module which is our payload the

71

00:04:01,990 --> 00:04:00,720

mrn1 module just a new module or a new

72

00:04:03,990 --> 00:04:02,000

era i thought you were going to say like

73

00:04:07,830 --> 00:04:04,000

the dawn of i was expecting a little

74

00:04:10,630 --> 00:04:07,840

more actually but okay a new module

75

00:04:12,149 --> 00:04:10,640

the dawn of a new crescent wrench

76

00:04:13,589 --> 00:04:12,159

and this new module that we're bringing
