

1  
00:00:03,750 --> 00:00:02,149  
hi my name is zach person i'm really

2  
00:00:05,510 --> 00:00:03,760  
excited to be here because i'm an

3  
00:00:07,349 --> 00:00:05,520  
aerospace engineering major at georgia

4  
00:00:09,430 --> 00:00:07,359  
tech i'm a pilot also and really

5  
00:00:11,350 --> 00:00:09,440  
interested in aerospace and becoming a

6  
00:00:13,430 --> 00:00:11,360  
pilot professional so this is a really

7  
00:00:14,629 --> 00:00:13,440  
good opportunity to see lots of

8  
00:00:16,310 --> 00:00:14,639  
different things associated with

9  
00:00:17,830 --> 00:00:16,320  
aerospace and the nasa program nancy

10  
00:00:20,470 --> 00:00:17,840  
strickland from uh

11  
00:00:22,550 --> 00:00:20,480  
chappelle north carolina uh

12  
00:00:24,390 --> 00:00:22,560  
pretty much here just to see my first

13  
00:00:25,509 --> 00:00:24,400

launch i'm excited about the nasa tweet

14

00:00:27,429 --> 00:00:25,519

up

15

00:00:29,349 --> 00:00:27,439

i think it's a nice way to kind of bring

16

00:00:31,269 --> 00:00:29,359

the enthusiast and

17

00:00:32,630 --> 00:00:31,279

spread nasa's message out to a much

18

00:00:34,150 --> 00:00:32,640

larger audience

19

00:00:35,510 --> 00:00:34,160

i can't even think beyond the fact that

20

00:00:37,350 --> 00:00:35,520

just driving in here today was so

21

00:00:38,869 --> 00:00:37,360

exciting and just being able to be on

22

00:00:41,030 --> 00:00:38,879

site and knowing that we're going to be

23

00:00:42,549 --> 00:00:41,040

here to see the shuttle launch

24

00:00:43,430 --> 00:00:42,559

i'm pretty much in awe and speechless

25

00:00:44,790 --> 00:00:43,440

overall

26

00:00:46,790 --> 00:00:44,800

and i'm guessing it'll be even more

27

00:00:48,790 --> 00:00:46,800

after the launch

28

00:00:50,950 --> 00:00:48,800

wave the astronauts off and be this

29

00:00:52,630 --> 00:00:50,960

close and be a part of a history in the

30

00:00:57,029 --> 00:00:52,640

making really with atlantis last fight

31

00:01:00,790 --> 00:00:58,549

going to be seeing forever

32

00:01:02,950 --> 00:01:00,800

really amazing tomorrow uh bobby brown

33

00:01:05,109 --> 00:01:02,960

at the beginning of the tweet of uh we

34

00:01:07,350 --> 00:01:05,119

gave the first speech and just really

35

00:01:09,030 --> 00:01:07,360

nailed it home and uh when he was saying

36

00:01:11,270 --> 00:01:09,040

that you know we're seeing something

37

00:01:12,950 --> 00:01:11,280

that later on 20 years down the line we

38

00:01:14,789 --> 00:01:12,960

can say that we saw one of these shuttle

39

00:01:16,950 --> 00:01:14,799

launches and i just thought it was one

40

00:01:19,109 --> 00:01:16,960

of the most amazing things ever and i

41

00:01:21,030 --> 00:01:19,119

don't know it just felt really cool

42

00:01:24,310 --> 00:01:21,040

massive twitter has been great all the

43

00:01:25,990 --> 00:01:24,320

speakers we got to meet one astronaut

44

00:01:27,670 --> 00:01:26,000

and it was great everyone's taking

45

00:01:30,550 --> 00:01:27,680

pictures i can't keep up with the

46

00:01:34,069 --> 00:01:30,560

tweeting uh so i'm doing my best taking

47

00:01:36,310 --> 00:01:34,079

pictures also and posting them

48

00:01:38,230 --> 00:01:36,320

i'm really looking forward to tomorrow i

49

00:01:40,390 --> 00:01:38,240

don't know what to expect we're probably
