

April 22, 2010

1  
00:00:11,430 --> 00:00:08,870  
two nasa satellites are capturing

2  
00:00:14,470 --> 00:00:11,440  
regular images of the oil spill in the

3  
00:00:17,189 --> 00:00:14,480  
gulf of mexico which began april 20th

4  
00:00:24,470 --> 00:00:17,199  
2010 with the explosion of the deepwater

5  
00:00:29,029 --> 00:00:26,550  
this short time lapse video from the

6  
00:00:31,509 --> 00:00:29,039  
moderate imaging spectra radiometer or

7  
00:00:34,950 --> 00:00:31,519  
modis instrument aboard nasa's terra

8  
00:00:37,350 --> 00:00:34,960  
satellite reveals a space-based view of

9  
00:00:38,950 --> 00:00:37,360  
the evolution of the oil spill through

10  
00:00:41,590 --> 00:00:38,960  
may 24th
