space of

14

00:01:49,910 --> 00:01:47,920

countries

15

00:01:54,069 --> 00:01:49,920

started from this place and the

16

00:01:56,149 --> 00:01:54,079

30  
00:02:51,750 --> 00:02:49,509  
you look like a native kazakh thank you

31  
00:03:08,630 --> 00:02:51,760  
so this is the coat of arms of the city

32  
00:03:08,640 --> 00:03:19,910  
ladies

33  
00:03:34,390 --> 00:03:21,910  
thank you thank you for the gifts for

34  
00:03:34,400 --> 00:03:55,750  
thank you

35  
00:04:01,270 --> 00:03:58,149  
according to the old tradition

36  
00:04:04,070 --> 00:04:01,280  
which has become really old we are

37  
00:04:05,589 --> 00:04:04,080  
giving you this matryoshka nestling

38  
00:04:07,429 --> 00:04:05,599

dolls

39

00:04:09,670 --> 00:04:07,439

thanks a lot

40

00:04:11,670 --> 00:04:09,680

i have a lot of memories connected with

41

00:04:13,030 --> 00:04:11,680

matryoshkas

42

00:04:16,550 --> 00:04:13,040

it's very

43

00:04:22,469 --> 00:04:19,509

so i actually

44

00:04:23,830 --> 00:04:22,479

tested the radiation

45

00:04:25,909 --> 00:04:23,840

radiation

46

00:04:30,870 --> 00:04:25,919

equipment for uh

47

00:04:30,880 --> 00:04:36,150

so this is your image here on this door

48

00:04:46,150 --> 00:04:37,749

radiation protection equipment has the

49

00:04:52,150 --> 00:04:48,790

tracy uh is there a likeness

50

00:04:53,990 --> 00:04:52,160

to real you yes it bears a likeness so

51

00:05:02,390 --> 00:04:54,000

dear friends

52

00:05:06,230 --> 00:05:03,990

to the embassy representative of

53

00:05:07,670 --> 00:05:06,240

kazakhstan dear friends they are heroes

54

00:05:09,430 --> 00:05:07,680

i would like to congratulate you with

55

00:05:13,110 --> 00:05:09,440

successful lending

56

00:05:16,390 --> 00:05:13,120

and i wish you to go to space many times

57

00:05:20,310 --> 00:05:16,400

more and to go back again and again

58

00:05:23,270 --> 00:05:20,320

and go back successfully again

59

00:05:25,670 --> 00:05:23,280

so when you go to space you resolve very

60

00:05:28,710 --> 00:05:25,680

important problems and issues for the

61

00:05:31,350 --> 00:05:28,720

economies of both our countries and when

62

00:05:33,029 --> 00:05:31,360

you go back you continue your work

63

00:05:38,230 --> 00:05:33,039

which is very important for the whole

64

00:05:43,670 --> 00:05:40,070

to space

65

00:05:46,390 --> 00:05:43,680

and in these books when you were leaving

66

00:05:51,670 --> 00:05:48,790

left your signatures thank you thank you

67

00:05:55,590 --> 00:05:51,680

for the books now i give the floor

68

00:06:00,550 --> 00:05:57,670

the commander first

69

00:06:08,070 --> 00:06:05,110

as they say for a kind and warm words

70

00:06:12,469 --> 00:06:08,080

it is very important

71

00:06:15,430 --> 00:06:12,479

we feel now really that we are on earth

72

00:06:21,749 --> 00:06:15,440

and we are greeted so warmly the weather

73

00:06:26,790 --> 00:06:24,390

and we saw it from space and it is

74

00:06:28,950 --> 00:06:26,800

wonderful and we knew in advance that

75

00:06:31,189 --> 00:06:28,960

the weather will be fine

76  
00:06:34,309 --> 00:06:31,199  
of course yesterday we do reconnaissance

77  
00:06:35,270 --> 00:06:34,319  
we did reconnaissance

78  
00:06:36,309 --> 00:06:35,280  
and

79  
00:06:40,309 --> 00:06:36,319  
we

80  
00:06:44,230 --> 00:06:40,319  
actually made a few pictures of baikonur

81  
00:06:45,990 --> 00:06:44,240  
and i think that maybe we should also

82  
00:06:48,390 --> 00:06:46,000  
give a hint to your chicken to do the

83  
00:06:51,670 --> 00:06:48,400  
same before they land so again the

84  
00:06:54,070 --> 00:06:51,680  
weather is so nice and we feel the human

85  
00:06:56,230 --> 00:06:54,080  
warmth here that greeted us here on

86  
00:06:59,430 --> 00:06:56,240  
earth thanks a lot

87  
00:07:03,670 --> 00:06:59,440  
we actually missed uh land and missed

88  
00:07:06,710 --> 00:07:03,680

the swamps very much and i'm so glad

89

00:07:09,430 --> 00:07:06,720

that the first breath that i took after

90

00:07:11,909 --> 00:07:09,440

six months in space

91

00:07:17,270 --> 00:07:11,919

actually i took here on this wonderful

92

00:07:23,110 --> 00:07:20,550

i would like to support what uh and join

93

00:07:26,070 --> 00:07:23,120

to the words that sasha said uh i would

94

00:07:29,029 --> 00:07:26,080

like to thank you very warmly

95

00:07:31,110 --> 00:07:29,039

uh that you greeted us on this friendly

96

00:07:33,510 --> 00:07:31,120

land of kazakhstan

97

00:07:36,070 --> 00:07:33,520

esta la vie of the

98

00:07:37,670 --> 00:07:36,080

flight director told us when you open

99

00:07:40,309 --> 00:07:37,680

the hatch

100

00:07:43,430 --> 00:07:40,319

this step air is so thick you can cut it

101

00:07:46,629 --> 00:07:43,440

with a knife and i felt it

102

00:07:49,270 --> 00:07:46,639

this time i even had tears in my eyes

103

00:07:50,790 --> 00:07:49,280

when i opened the hatch and pressed this

104

00:07:53,589 --> 00:07:50,800

air

105

00:07:55,029 --> 00:07:53,599

and i would like to make a comment that

106

00:08:01,990 --> 00:07:55,039

our flight

107

00:08:02,000 --> 00:08:06,309

so i would like to

108

00:08:11,270 --> 00:08:07,909

express my

109

00:08:13,830 --> 00:08:11,280

gratitude very deep gratitude to all the

110

00:08:15,670 --> 00:08:13,840

doctors trainers instructors and

111

00:08:27,589 --> 00:08:15,680

specialists thank you very much for all

112

00:08:31,510 --> 00:08:30,230

that you can understand perhaps that i'm

113

00:08:36,630 --> 00:08:31,520

uh

114

00:08:36,640 --> 00:08:47,829

to remember

115

00:09:01,750 --> 00:08:49,829

very warm reception

116

00:09:06,070 --> 00:09:03,590

it's a very overwhelming

117

00:09:08,790 --> 00:09:06,080

feeling having

118

00:09:09,910 --> 00:09:08,800

just returned from a mission that was

119

00:09:13,110 --> 00:09:09,920

such an

120

00:09:13,910 --> 00:09:13,120

incredible journey in our lives

121

00:09:16,470 --> 00:09:13,920

and

122

00:09:19,190 --> 00:09:16,480

to have um

123

00:09:20,470 --> 00:09:19,200

started it from here and to have

124

00:09:34,949 --> 00:09:20,480

made our

125

00:09:40,550 --> 00:09:37,590

this not only a very special day but

126

00:09:42,949 --> 00:09:40,560

um all of us are a special moment for

127

00:09:59,190 --> 00:09:42,959

all of us and that you are a part of our

128

00:09:59,200 --> 00:10:16,150

um

129

00:10:16,160 --> 00:10:21,990

uh

130

00:10:27,110 --> 00:10:23,750

so i was

131

00:10:29,190 --> 00:10:27,120

expecting uh you know i was one uh

132

00:10:31,670 --> 00:10:29,200

looking much forward to

133

00:10:34,310 --> 00:10:31,680

eat an apple and thank you so much that

134

00:10:36,550 --> 00:10:34,320

it was a very a little a small detail

135

00:10:37,829 --> 00:10:36,560

but you remember that i liked apples

136

00:10:38,870 --> 00:10:37,839

very much

137

00:10:43,110 --> 00:10:38,880

uh

138

00:10:45,670 --> 00:10:43,120

from the collective so to say and i

139

00:10:47,829 --> 00:10:45,680

asked cucumber so i was dreaming about

140

00:10:50,630 --> 00:10:47,839

cucumbers during the whole flight you

141

00:10:53,750 --> 00:10:50,640

see they send us uh apples and other

142

00:10:56,870 --> 00:10:53,760

fruit or oranges to the station but uh

143

00:10:59,750 --> 00:10:56,880

cucumbers they are um actually spoiled

144

00:11:02,310 --> 00:10:59,760

very fast so they don't send us

145

00:11:04,870 --> 00:11:02,320

cucumbers so

146

00:11:07,430 --> 00:11:04,880

i was dreaming about them so it's this

147

00:11:10,550 --> 00:11:07,440

peculiarity of my body

148

00:11:12,310 --> 00:11:10,560

so i asked my doctor to get cucumbers

149

00:11:16,949 --> 00:11:12,320

when i land and he gave me some

150

00:11:21,590 --> 00:11:19,110

i like apples

151  
00:11:24,870 --> 00:11:21,600  
yes i have to say that

152  
00:11:26,150 --> 00:11:24,880  
the apple was refreshing and baldness

153  
00:11:28,470 --> 00:11:26,160  
fresh food

154  
00:11:30,310 --> 00:11:28,480  
and so we've seen apples on orbit

155  
00:11:52,629 --> 00:11:30,320  
nothing tasted as good as that apple

156  
00:11:57,430 --> 00:11:55,590  
i also would like to

157  
00:12:00,150 --> 00:11:57,440  
give a finishing

158  
00:12:03,030 --> 00:12:00,160  
comment here

159  
00:12:05,829 --> 00:12:03,040  
so you know maybe because we ate tasted

160  
00:12:07,190 --> 00:12:05,839  
this fruit the air seemed even more

161  
00:12:14,949 --> 00:12:07,200  
tasty

162  
00:12:14,959 --> 00:12:19,829  
the off nominal situation well

163  
00:12:27,509 --> 00:12:22,310

uh okay i have to finish as a command we

164

00:12:33,269 --> 00:12:30,710

the most serious one

165

00:12:38,550 --> 00:12:36,629

delayed our lending by one day but we

166

00:12:41,110 --> 00:12:38,560

actually are supposed to be ready for

167

00:12:44,310 --> 00:12:41,120

this of nominal situations i was happy

168

00:12:48,310 --> 00:12:44,320

that we found the reason the uh

169

00:12:53,269 --> 00:12:48,320

root course very soon and was not so

170

00:12:55,829 --> 00:12:53,279

big effort so we managed to find out

171

00:12:57,750 --> 00:12:55,839

and it didn't take too much effort

172

00:13:01,910 --> 00:12:57,760

thank you dear friends let's take a

173

00:13:06,310 --> 00:13:04,310

while you're here what i have another

174

00:13:07,590 --> 00:13:06,320

question what about women on board the

175

00:13:08,470 --> 00:13:07,600

ship

176

00:13:10,150 --> 00:13:08,480

well

177

00:13:20,710 --> 00:13:10,160

most of the time it was

178

00:13:20,720 --> 00:13:46,150

yes

179

00:13:49,590 --> 00:13:48,069

well tracy first of all welcome home

180

00:13:52,230 --> 00:13:49,600

tell me how you're feeling

181

00:13:54,230 --> 00:13:52,240

oh josh i'm feeling good i um

182

00:13:56,150 --> 00:13:54,240

i have to say everything uh

183

00:13:57,829 --> 00:13:56,160

looks straight but i i think i'm leaning

184

00:13:59,590 --> 00:13:57,839

a little bit everywhere i walk better

185

00:14:01,110 --> 00:13:59,600

than that feeling great

186

00:14:02,470 --> 00:14:01,120

so you know you trained a lot for this

187

00:14:04,389 --> 00:14:02,480

mission about two and a half years was

188

00:14:05,750 --> 00:14:04,399

it was the landing and in the launch too

189

00:14:07,350 --> 00:14:05,760

was it kind of what you expected or was

190

00:14:09,829 --> 00:14:07,360

a little bit different or what

191

00:14:12,550 --> 00:14:09,839

you know so many of my uh friends who

192

00:14:15,910 --> 00:14:12,560

have gone before me have described both

193

00:14:17,750 --> 00:14:15,920

events to me launch and landing and um

194

00:14:19,829 --> 00:14:17,760

so i went through those with a little

195

00:14:20,710 --> 00:14:19,839

anticipation

196

00:14:22,150 --> 00:14:20,720

and

197

00:14:27,269 --> 00:14:22,160

the actual

198

00:14:28,230 --> 00:14:27,279

was it was an e-ticket and

199

00:14:30,150 --> 00:14:28,240

it was

200

00:14:32,629 --> 00:14:30,160

i wouldn't say as much what i expected

201  
00:14:35,269 --> 00:14:32,639  
it was it was more than i anticipated

202  
00:14:36,790 --> 00:14:35,279  
but it was a it was a fun ride

203  
00:14:38,949 --> 00:14:36,800  
it seems that the station really didn't

204  
00:14:39,750 --> 00:14:38,959  
want to let go of your soyuz yesterday

205  
00:14:40,870 --> 00:14:39,760  
so

206  
00:14:43,430 --> 00:14:40,880  
talk a little bit about what happened

207  
00:14:45,110 --> 00:14:43,440  
yesterday and how you guys reacted to it

208  
00:14:46,710 --> 00:14:45,120  
well i'll have to say that i don't think

209  
00:14:51,189 --> 00:14:46,720  
any of us were really ready to let go of

210  
00:14:53,430 --> 00:14:51,199  
the station it's a the isis is a is a

211  
00:14:54,550 --> 00:14:53,440  
wonderful place to be and quite a

212  
00:14:55,750 --> 00:14:54,560  
privilege

213  
00:14:58,790 --> 00:14:55,760

so

214

00:15:01,030 --> 00:14:58,800

i think it was pretty uh

215

00:15:01,990 --> 00:15:01,040

i don't know par for the course that we

216

00:15:03,590 --> 00:15:02,000

weren't

217

00:15:04,470 --> 00:15:03,600

being let go by it

218

00:15:06,069 --> 00:15:04,480

but

219

00:15:08,389 --> 00:15:06,079

yeah yesterday was a it was a great

220

00:15:10,310 --> 00:15:08,399

dress rehearsal i think we were

221

00:15:12,230 --> 00:15:10,320

we got a chance to get in our suits and

222

00:15:14,870 --> 00:15:12,240

and feel the pressure of the timeline

223

00:15:17,670 --> 00:15:14,880

and get into our seats the the waiting

224

00:15:20,550 --> 00:15:17,680

uh rev or two was uh was i think the

225

00:15:21,910 --> 00:15:20,560

hardest part as we were so much looking

226

00:15:24,069 --> 00:15:21,920

forward to going home but having the

227

00:15:25,430 --> 00:15:24,079

mixed feelings of wanting to stay

228

00:15:28,710 --> 00:15:25,440

and

229

00:15:30,790 --> 00:15:28,720

then uh the uh waiting to find out if we

230

00:15:32,629 --> 00:15:30,800

were really gonna do it so it was a it

231

00:15:33,910 --> 00:15:32,639

was an odd day but then to open the

232

00:15:36,230 --> 00:15:33,920

hatch and come back and see our

233

00:15:37,189 --> 00:15:36,240

crewmates and try to find our stuff that

234

00:15:41,189 --> 00:15:37,199

we'd

235

00:15:42,949 --> 00:15:41,199

put away in in bags for for trash uh was

236

00:15:43,910 --> 00:15:42,959

uh an experience i never thought i was

237

00:15:46,150 --> 00:15:43,920

gonna

238

00:15:47,509 --> 00:15:46,160

have so it was a good day though so

239

00:15:48,870 --> 00:15:47,519

whenever you look back over the entire

240

00:15:50,230 --> 00:15:48,880

expedition you guys had a lot of stuff

241

00:15:51,590 --> 00:15:50,240

that uh that happened onboard the

242

00:15:53,350 --> 00:15:51,600

station including the ammonia pump and

243

00:15:54,389 --> 00:15:53,360

the spacewalk and and all that talk a

244

00:15:55,509 --> 00:15:54,399

little bit about

245

00:15:56,949 --> 00:15:55,519

you know what you'll remember whenever

246

00:15:59,269 --> 00:15:56,959

you look back on it

247

00:16:00,470 --> 00:15:59,279

oh wow you know it overwhelms me when i

248

00:16:01,829 --> 00:16:00,480

think about all the things i want to

249

00:16:05,749 --> 00:16:01,839

remember from

250

00:16:07,590 --> 00:16:05,759

uh just the the moment of launch to to

251  
00:16:10,310 --> 00:16:07,600  
coming out of the soyuz for a couple

252  
00:16:12,949 --> 00:16:10,320  
days and entering the what i felt like

253  
00:16:15,350 --> 00:16:12,959  
was a spa resort of the iss

254  
00:16:18,230 --> 00:16:15,360  
and then just the day-to-day living and

255  
00:16:20,949 --> 00:16:18,240  
the unexpected pump failure and all the

256  
00:16:23,350 --> 00:16:20,959  
events that surrounded us preparing for

257  
00:16:25,829 --> 00:16:23,360  
a space walk but not that one and then

258  
00:16:27,350 --> 00:16:25,839  
everything that unfolded from that point

259  
00:16:30,150 --> 00:16:27,360  
to

260  
00:16:31,350 --> 00:16:30,160  
just every day looking out the window

261  
00:16:33,189 --> 00:16:31,360  
that

262  
00:16:36,230 --> 00:16:33,199  
you can get quite emotional looking out

263  
00:16:36,949 --> 00:16:36,240

there because no no picture you take no

264

00:16:39,350 --> 00:16:36,959

no

265

00:16:41,430 --> 00:16:39,360

picture you draw can ever really capture

266

00:16:43,430 --> 00:16:41,440

what you're seeing and the magnitude of

267

00:16:44,710 --> 00:16:43,440

it and we were so blessed to be there

268

00:16:47,269 --> 00:16:44,720

when we were

269

00:16:49,509 --> 00:16:47,279

that the cupola arrived before us just

270

00:16:52,949 --> 00:16:49,519

shortly before us so we're one of the

271

00:16:55,749 --> 00:16:52,959

first crews to to get to enjoy that

272

00:16:56,870 --> 00:16:55,759

miraculous view on a daily basis of

273

00:16:58,790 --> 00:16:56,880

course when we weren't closing the

274

00:17:01,509 --> 00:16:58,800

shutters for you know

275

00:17:03,430 --> 00:17:01,519

thruster firings or anything but um

276

00:17:05,429 --> 00:17:03,440

i i remember

277

00:17:07,350 --> 00:17:05,439

what i remember the most and what i hope

278

00:17:09,829 --> 00:17:07,360

i'll always remember the most are those

279

00:17:12,069 --> 00:17:09,839

views because i asked god

280

00:17:13,829 --> 00:17:12,079

help me remember this because

281

00:17:14,870 --> 00:17:13,839

i have to be able to describe this to

282

00:17:16,230 --> 00:17:14,880

everybody

283

00:17:17,510 --> 00:17:16,240

because we're all not going to be able

284

00:17:19,829 --> 00:17:17,520

to go up and

285

00:17:22,949 --> 00:17:19,839

enjoy that and soak it in

286

00:17:23,909 --> 00:17:22,959

i hope i hope i am able to do it

287

00:17:25,429 --> 00:17:23,919

so what's going to be the first thing

288

00:17:26,630 --> 00:17:25,439

you do whenever you bike to get back

289

00:17:28,470 --> 00:17:26,640

home to houston

290

00:17:30,310 --> 00:17:28,480

he's my best going to be hug my mom

291

00:17:31,510 --> 00:17:30,320

because she's going to be right there

292

00:17:33,029 --> 00:17:31,520

but

293

00:17:35,110 --> 00:17:33,039

i'm looking forward to seeing all my

294

00:17:37,909 --> 00:17:35,120

friends and my family and hopefully my

295

00:17:39,750 --> 00:17:37,919

husband when when he gets off the ship

296

00:17:48,870 --> 00:17:39,760

well good job and welcome back thanks

297

00:17:48,880 --> 00:18:04,070

oh

298

00:18:24,789 --> 00:18:06,390

representatives of this state commission

299

00:18:24,799 --> 00:18:31,830

let me hug you

300

00:18:38,070 --> 00:18:33,270

well done

301

00:18:38,080 --> 00:18:47,110

what's up

302

00:18:47,120 --> 00:19:07,590

i'm a little bit shaky

303

00:19:07,600 --> 00:19:11,990

foreign
