

Glory
vs.
the Curse

1
00:00:02,879 --> 00:00:07,510
they're invisible to the naked eye

2
00:00:07,520 --> 00:00:11,910
and take different sinister forms

3
00:00:18,630 --> 00:00:15,589
to be devil scientists everywhere

4
00:00:20,710 --> 00:00:18,640
they are aerosols like black carbon and

5
00:00:22,790 --> 00:00:20,720
sulfates and they've long cursed

6
00:00:24,710 --> 00:00:22,800
atmospheric experts with a scourge of

7
00:00:30,470 --> 00:00:24,720
ignorance from which only knowledge can

8
00:00:34,950 --> 00:00:32,150
but there's a new satellite on the

9
00:00:37,510 --> 00:00:34,960
scientific horizon collecting new data

10
00:00:39,110 --> 00:00:37,520
on particulates monitoring at nine

11
00:00:41,510 --> 00:00:39,120
different wavelengths from the visible

12
00:00:43,750 --> 00:00:41,520
to the shortwave infrared

13
00:00:46,150 --> 00:00:43,760

aiming for aerosols in an epic battle

14

00:00:50,310 --> 00:00:46,160

for invaluable new information about our
