

1
00:00:05,590 --> 00:00:03,350
please be careful during rotation

2
00:00:08,310 --> 00:00:05,600
outside the international space station

3
00:00:11,270 --> 00:00:08,320
expedition 25 flight engineers fjord

4
00:00:14,150 --> 00:00:11,280
yurchikhin and oleg skripochka conducted

5
00:00:15,749 --> 00:00:14,160
a six-hour 27-minute spacewalk from the

6
00:00:18,950 --> 00:00:15,759
russian pierce docking compartment

7
00:00:21,990 --> 00:00:18,960
airlock november 15 2010.

8
00:00:23,429 --> 00:00:22,000
the space walk was the 151st in support

9
00:00:25,589 --> 00:00:23,439
of space station assembly and

10
00:00:31,990 --> 00:00:25,599
maintenance the fifth in murtikin's

11
00:00:55,029 --> 00:00:35,030
okay the battery is in motion

12
00:00:55,039 --> 00:00:59,910
okay let's give me this

13
00:01:05,109 --> 00:01:02,150

take it to the small

14

00:01:07,109 --> 00:01:05,119

diameter oh no no no need to do it now

15

00:01:08,310 --> 00:01:07,119

my might

16

00:01:12,070 --> 00:01:08,320

need it

17

00:01:14,390 --> 00:01:12,080

while working here okay you're right

18

00:01:16,390 --> 00:01:14,400

poach goes out of view on the other side

19

00:01:19,270 --> 00:01:16,400

of the piers module that's still working

20

00:01:20,469 --> 00:01:19,280

to install those tethers or gap spanners

21

00:01:50,149 --> 00:01:20,479

look to the

22

00:01:50,159 --> 00:02:04,149

spherical shell

23

00:02:04,159 --> 00:02:20,630

okay

24

00:02:24,390 --> 00:02:22,229

this is mission control houston three

25

00:02:26,150 --> 00:02:24,400

hours and 32 minutes into today's

26

00:02:28,309 --> 00:02:26,160

spacewalk we can see

27

00:02:30,309 --> 00:02:28,319

cosmonaut oleg scree pochko working

28

00:02:33,750 --> 00:02:30,319

outside the station in his spacesuit

29

00:02:36,390 --> 00:02:35,750

cosmonaut fyodor your chicken is out of
