vehicle paolo nespoli important janira

5
00:00:38,270 --> 00:00:34,800
Romola good and flight engineer

6
00:00:41,630 --> 00:00:38,280
Catherine Coleman little shoe department

7
00:00:47,720 --> 00:00:41,640
backup crew somebody to keep order

8
00:00:52,280 --> 00:00:47,730
commander anatoly ivanishin fried

9
00:00:56,720 --> 00:00:52,290
engineer Satoshi Furukawa and if I'd

10
00:01:03,920 --> 00:00:56,730
engineer michael Fossum please go ahead

11
00:01:06,290 --> 00:01:03,930
without questions hello I like to say a

12
00:01:09,080 --> 00:01:06,300
few words about your questions please

13
00:01:10,700 --> 00:01:09,090

ask the one by one okay go ahead you

14

00:01:15,020 --> 00:01:10,710

have any souvenirs and personal items

15

00:01:16,940 --> 00:01:15,030

that will be helpful when you are in

16

00:01:19,340 --> 00:01:16,950

orbit and one more question whether your

17

00:01:21,740 --> 00:01:19,350

families are going to see you off and if

18

00:01:27,820 --> 00:01:21,750

yes so what are they going to make sure

19

00:01:31,820 --> 00:01:27,830

the Baikonur the Holy this man uses a

20

00:01:34,429 --> 00:01:31,830

talisman or mascot in zero gee I don't

21

00:01:36,890 --> 00:01:34,439

think I'm going to take any because we

22

00:01:40,010 --> 00:01:36,900

have so many souvenirs so many talismans

23

00:01:42,770 --> 00:01:40,020

so many superstitions I don't think it's

24

00:01:47,300 --> 00:01:42,780

worth it my parents will send it off at

25

00:01:51,020 --> 00:01:47,310

the Baikonur and i'm going to say bye to

26

00:01:54,139 --> 00:01:51,030

my wife and my kids here in the last

27

00:01:56,030 --> 00:01:54,149

night because a the kid is really small

28

00:01:57,710 --> 00:01:56,040

little bit too much of a trouble to tell

29

00:02:01,490 --> 00:01:57,720

him to down to back and run back to

30

00:02:05,020 --> 00:02:01,500

Russia don't you see

31

00:02:10,490 --> 00:02:05,030

would someone as far as my personal

32

00:02:14,900 --> 00:02:10,500

items so I'm going to take a few photos

33

00:02:17,120 --> 00:02:14,910

in digital form and my wife and I agreed

34

00:02:22,340 --> 00:02:17,130

on using modern means of communication

35

00:02:28,699 --> 00:02:22,350

and she promised to keep sending me each

36

00:02:33,199 --> 00:02:28,709

and every day may be made less often the

37

00:02:36,260 --> 00:02:33,209

photos of our kids of herself and this

38

00:02:38,900 --> 00:02:36,270

is something which can be really done

39

00:02:42,290 --> 00:02:38,910

and which is very feasible and we have

40

00:02:46,160 --> 00:02:42,300

IP phone so we can call each other I'm

41

00:02:48,410 --> 00:02:46,170

gonna call the ground talk risk uh

42

00:02:49,760 --> 00:02:48,420

slings what you thought if I gave you

43

00:02:56,930 --> 00:02:49,770

and this is very good psychological

44

00:02:58,790 --> 00:02:56,940

support as well just naturally some more

45

00:03:07,699 --> 00:02:58,800

questions Kevin hasn't answered the

46

00:03:09,320 --> 00:03:07,709

question yet well I'm not probably going

47

00:03:14,390 --> 00:03:09,330

to manage my talisman but my personal

48

00:03:19,009 --> 00:03:14,400

items I normally have a tiger a small

49

00:03:24,620 --> 00:03:19,019

toy tiger because my friend and my son

50

00:03:29,780 --> 00:03:24,630

is 10 years old and because of my job up

51
00:03:32,060 --> 00:03:29,790
to travel we have had a training here at

52
00:03:35,120 --> 00:03:32,070
just to see you have trainings and

53
00:03:38,600 --> 00:03:35,130
simulations in Germany in the US over

54
00:03:41,979 --> 00:03:38,610
the world and no family with us so i

55
00:03:45,710 --> 00:03:41,989
keep taking the small tiger with me and

56
00:03:48,410 --> 00:03:45,720
I normally take pictures and width of

57
00:03:51,080 --> 00:03:48,420
this tiger and then my son knows what

58
00:03:55,910 --> 00:03:51,090
his mother has done today and this will

59
00:03:59,240 --> 00:03:55,920
be the same for the space our family's

60
00:04:05,210 --> 00:03:59,250
going to say offered beckoner yes my son

61
00:04:10,700 --> 00:04:07,430
so think it will make the pie answer in

62
00:04:14,180 --> 00:04:10,710
English so it would be a little bit more

63
00:04:16,160 --> 00:04:14,190

precise the money started with

64

00:04:19,789 --> 00:04:16,170

installation I also don't have a

65

00:04:24,650 --> 00:04:19,799

talismanic first said but have a little

66

00:04:26,900 --> 00:04:24,660

toy that I asked my wife to send here

67

00:04:30,050 --> 00:04:26,910

it's a little tight for my daughter I

68

00:04:32,540 --> 00:04:30,060

was a year and a half and we'll see

69

00:04:35,350 --> 00:04:32,550

maybe we'll make it to those in zero-g

70

00:04:37,660 --> 00:04:35,360

even sure I would take it as yet but

71

00:04:40,010 --> 00:04:37,670

probably would have it in your

72

00:04:41,570 --> 00:04:40,020

calculation policeman on an Instamatic a

73

00:04:43,180 --> 00:04:41,580

goose but other professionals people do

74

00:04:46,250 --> 00:04:43,190

not be solemn anything goes to me

75

00:04:48,500 --> 00:04:46,260

totally into chichi Tampa smoking 2000

76
00:04:50,480 --> 00:04:48,510
years of ownership for affiliate Roberto

77
00:04:56,380 --> 00:04:50,490
burna boy stuff achievement academy

78
00:04:59,780 --> 00:04:56,390
source and at launch my wife will come

79
00:05:01,940 --> 00:04:59,790
she's Russian she stays in houston with

80
00:05:04,159 --> 00:05:01,950
my daughter she will come very quickly

81
00:05:07,730 --> 00:05:04,169
here for the launch and then go back

82
00:05:10,730 --> 00:05:07,740
again to use them in a stock demers not

83
00:05:13,730 --> 00:05:10,740
even a booster let's just use things

84
00:05:16,310 --> 00:05:13,740
with you he who can muster recovery

85
00:05:19,600 --> 00:05:16,320
lucky it wasn't a central Kentucky music

86
00:05:24,530 --> 00:05:19,610
and I have a lot of course family in

87
00:05:27,800 --> 00:05:24,540
Italy my mother is 77 I have one sister

88
00:05:29,450 --> 00:05:27,810

two brothers about 200 cousins yes

89

00:05:31,580 --> 00:05:29,460

that's what this ayah says because

90

00:05:34,610 --> 00:05:31,590

wherever we meet in the darkness is a

91

00:05:39,279 --> 00:05:34,620

this is my cousin technically this is

92

00:05:41,210 --> 00:05:39,289

the Italian much racing SecDef mama down

93

00:05:43,189 --> 00:05:41,220

Marcus you're straight or perhaps the

94

00:05:47,029 --> 00:05:43,199

book suit why you little brat officious

95

00:05:49,510 --> 00:05:47,039

your pistol sasha Cohen state is what I

96

00:05:52,670 --> 00:05:49,520

this article do it on royal rottenness

97

00:05:55,100 --> 00:05:52,680

and and they've decided to stay all in

98

00:06:00,980 --> 00:05:55,110

my little town organize a a big event

99

00:06:03,140 --> 00:06:00,990

and watch with the real live video the

100

00:06:07,540 --> 00:06:03,150

launch and participate with us with the

101
00:06:13,390 --> 00:06:07,550
whole crew in this way being there there

102
00:06:16,339 --> 00:06:13,400
but they are so with us polygon space

103
00:06:18,320 --> 00:06:16,349
thank you gonna have some time but

104
00:06:29,589 --> 00:06:18,330
catherine catherine has an answer this

105
00:06:44,930 --> 00:06:36,310
possible so we moved Mitchell mission

106
00:06:46,550 --> 00:06:44,940
understand oh no all I could have just

107
00:06:59,450 --> 00:06:46,560
said that will probably won't help any

108
00:07:04,010 --> 00:06:59,460
spare time and I think I'm going to talk

109
00:07:08,149 --> 00:07:04,020
to my family a lot but will say question

110
00:07:10,670 --> 00:07:08,159
to you in what particular instance does

111
00:07:12,840 --> 00:07:10,680
the backup crew step in instead of the

112
00:07:18,190 --> 00:07:12,850
prime crew

113
00:07:23,080 --> 00:07:18,200

this won't probably take place the

114

00:07:25,570 --> 00:07:23,090

backup crew a right step and one at the

115

00:07:32,080 --> 00:07:25,580

baikonur but it's very very unlikely

116

00:07:35,380 --> 00:07:32,090

they're in trouble is anybody of you

117

00:07:37,750 --> 00:07:35,390

going to have an internet blog and to

118

00:07:44,980 --> 00:07:37,760

keep it updated all the time as your

119

00:07:47,740 --> 00:07:44,990

former colleague said well this is a

120

00:07:49,960 --> 00:07:47,750

brief question but it needs a long long

121

00:07:53,200 --> 00:07:49,970

answer yes they're going to keep up this

122

00:07:55,690 --> 00:07:53,210

excellent addition we are going to send

123

00:07:58,780 --> 00:07:55,700

down photos we are going to have a blog

124

00:08:01,180 --> 00:07:58,790

and when our time discussing with design

125

00:08:03,730 --> 00:08:01,190

it's going to help fund will go and take

126

00:08:07,300 --> 00:08:03,740

into account experience which the

127

00:08:09,750 --> 00:08:07,310

previous crew have had so this tradition

128

00:08:15,190 --> 00:08:09,760

will be maintained well kept and

129

00:08:17,080 --> 00:08:15,200

continued so yes we are going to end

130

00:08:19,540 --> 00:08:17,090

with it thank you very much everybody

131

00:08:23,410 --> 00:08:19,550

thank you for questions thank you for

132

00:09:55,520 --> 00:08:23,420

answers have a good flight at a safe

133

00:09:55,530 --> 00:10:14,470

just

134

00:10:20,079 --> 00:10:16,780

didn't it's big room control some

135

00:10:22,870 --> 00:10:20,089

you may just layer them gonna have to

140

00:13:38,720 --> 00:15:13,519
