

1  
00:00:06,550 --> 00:00:03,990  
greetings from the international space

2  
00:00:08,470 --> 00:00:06,560  
station and the crew of iss expedition

3  
00:00:11,110 --> 00:00:08,480  
26.

4  
00:00:13,749 --> 00:00:11,120  
currently we're orbiting the earth at 17

5  
00:00:16,150 --> 00:00:13,759  
500 miles an hour over 200 miles above

6  
00:00:19,590 --> 00:00:16,160  
our beautiful planet that we should all

7  
00:00:21,349 --> 00:00:19,600  
be thankful to have as our home

8  
00:00:24,310 --> 00:00:21,359  
i'd like to wish everyone

9  
00:00:28,710 --> 00:00:24,320  
on the planet earth a happy holidays and

10  
00:00:33,110 --> 00:00:31,349  
the holidays are a time that we treasure

11  
00:00:35,750 --> 00:00:33,120  
being with our family and our friends

12  
00:00:37,670 --> 00:00:35,760  
and we think about what we have and and

13  
00:00:38,549 --> 00:00:37,680

how much more we have than than others

14

00:00:40,310 --> 00:00:38,559

do

15

00:00:42,310 --> 00:00:40,320

times are hard all over the world but

16

00:00:44,709 --> 00:00:42,320

this is a time when we can all think

17

00:00:46,549 --> 00:00:44,719

about being together and treasuring our

18

00:00:51,270 --> 00:00:46,559

planet and we have a pretty nice view of

19

00:00:56,229 --> 00:00:54,709

from from up here we see one world

20

00:00:58,630 --> 00:00:56,239

one earth

21

00:01:00,389 --> 00:00:58,640

and all together we should celebrate
