

1  
00:00:28,710 --> 00:00:27,109  
what's going on here guys

2  
00:00:31,189 --> 00:00:28,720  
you ready what are you doing what are

3  
00:00:32,389 --> 00:00:31,199  
you guys doing we're just watching

4  
00:00:33,830 --> 00:00:32,399  
everybody else dressed up so you guys

5  
00:00:38,470 --> 00:00:33,840  
are gonna get these guys dressed for uh

6  
00:00:45,350 --> 00:00:40,310  
sorry i asked the wrong guy

7  
00:00:47,670 --> 00:00:46,549  
did you guys just do this a couple

8  
00:00:49,029 --> 00:00:47,680  
months ago

9  
00:00:52,310 --> 00:00:49,039  
well actually a couple of weeks ago a

10  
00:00:53,910 --> 00:00:52,320  
couple weeks ago all right okay

11  
00:00:55,750 --> 00:00:53,920  
all right we have a new guest crew

12  
00:00:57,670 --> 00:00:55,760  
member all right we're gonna go practice

13  
00:00:59,029 --> 00:00:57,680

it again all right and this time you

14

00:01:01,189 --> 00:00:59,039

guys are serious about watching you

15

00:01:03,750 --> 00:01:01,199

think steve or what the what's the story

16

00:01:06,310 --> 00:01:03,760

well you know we were serious last night

17

00:01:10,149 --> 00:01:06,320

but uh it came really close really close

18

00:01:11,429 --> 00:01:10,159

we got within a single day of doing it

19

00:01:12,710 --> 00:01:11,439

but

20

00:01:16,070 --> 00:01:12,720

so now we're going to try to keep that

21

00:01:20,870 --> 00:01:17,270

with the voice that comes from the

22

00:01:26,310 --> 00:01:24,469

sounds like a lot of anger coming out

23

00:01:28,390 --> 00:01:26,320

so nicole was just a couple hours here

24

00:01:29,670 --> 00:01:28,400

last time right how close were you yeah

25

00:01:31,830 --> 00:01:29,680

i mean literally we got up in the

26

00:01:33,510 --> 00:01:31,840

morning i think i uh

27

00:01:34,870 --> 00:01:33,520

it was all excited that i've got it you

28

00:01:37,590 --> 00:01:34,880

know got in the shower by the time i got

29

00:01:39,109 --> 00:01:37,600

out of the shower and there were people

30

00:01:40,710 --> 00:01:39,119

sorry and

31

00:01:43,030 --> 00:01:40,720

drop the camera

32

00:01:44,870 --> 00:01:43,040

sorry about that phone calls

33

00:01:46,950 --> 00:01:44,880

were scrubbed so you were getting ready

34

00:01:49,109 --> 00:01:46,960

to you thought you woke up that morning

35

00:01:50,950 --> 00:01:49,119

to launch in space we're going

36

00:01:52,389 --> 00:01:50,960

yeah did you have breakfast did you get

37

00:02:00,469 --> 00:01:52,399

out of the room yet no it was like you

38

00:02:03,670 --> 00:02:01,749

and little did you know it would take a

39

00:02:05,990 --> 00:02:03,680

few more months

40

00:02:07,990 --> 00:02:06,000

it's okay when it's ready we'll go yeah

41

00:02:09,510 --> 00:02:08,000

you don't want to rush these things you

42

00:02:11,110 --> 00:02:09,520

know he's fun

43

00:02:12,790 --> 00:02:11,120

what's up the training's fun too yeah

44

00:02:14,070 --> 00:02:12,800

training's fun and space will still be

45

00:02:15,750 --> 00:02:14,080

there

46

00:02:19,670 --> 00:02:15,760

so steve i was thinking you were on your

47

00:02:20,790 --> 00:02:19,680

pre you're in west cs 132 now ses 133

48

00:02:23,350 --> 00:02:20,800

this is the first time we've had a guy

49

00:02:25,350 --> 00:02:23,360

in like two flights consecutively

50

00:02:27,190 --> 00:02:25,360

i think it is

51  
00:02:28,470 --> 00:02:27,200  
you don't know what the point that

52  
00:02:29,910 --> 00:02:28,480  
repeats

53  
00:02:32,390 --> 00:02:29,920  
well she was consecutive

54  
00:02:36,070 --> 00:02:32,400  
consecutive numbers who is that

55  
00:02:37,350 --> 00:02:36,080  
is she doing reverse order 121 120 yeah

56  
00:02:38,550 --> 00:02:37,360  
who did that

57  
00:02:39,750 --> 00:02:38,560  
okay but it wasn't two consecutive

58  
00:02:42,630 --> 00:02:39,760  
flights right

59  
00:02:45,509 --> 00:02:43,990  
this got to be the first time don't you

60  
00:02:48,229 --> 00:02:45,519  
think

61  
00:02:53,110 --> 00:02:50,949  
yeah no it wasn't two in a row for puck

62  
00:02:54,790 --> 00:02:53,120  
no it was like one between eight

63  
00:03:02,470 --> 00:02:54,800

yeah

64

00:03:04,309 --> 00:03:02,480

we are so that's gonna be

65

00:03:06,390 --> 00:03:04,319

so has there been any hazing of steve

66

00:03:07,509 --> 00:03:06,400

being part of the crew now yeah no you

67

00:03:10,790 --> 00:03:07,519

haven't done anything to him are you

68

00:03:15,110 --> 00:03:12,070

is there is there any traditions you've

69

00:03:31,110 --> 00:03:15,120

had to get used to with this crew

70

00:03:33,750 --> 00:03:32,229

you're not in the same office with him

71

00:03:34,869 --> 00:03:33,760

yet

72

00:03:36,309 --> 00:03:34,879

because the kids with the internet they

73

00:03:37,830 --> 00:03:36,319

can't move anything unless we're trying

74

00:03:39,110 --> 00:03:37,840

to move him in but he doesn't want to

75

00:03:42,470 --> 00:03:39,120

start

76

00:03:45,030 --> 00:03:42,480

i think his protection is optional

77

00:03:46,229 --> 00:03:45,040

he doesn't want to commit

78

00:03:47,670 --> 00:03:46,239

you give me your own harness steve you

79

00:03:49,830 --> 00:03:47,680

got to fit into

80

00:03:51,750 --> 00:03:49,840

to tim's you got to think about it

81

00:03:53,509 --> 00:03:51,760

hand-me-downs or you're able to get able

82

00:03:56,390 --> 00:03:53,519

to get your own clothes i get my own

83

00:03:57,670 --> 00:03:56,400

clothes fortunately that's good

84

00:03:59,429 --> 00:03:57,680

you get to pick out your own menu you

85

00:04:01,910 --> 00:03:59,439

got to eat his food i'm eating his food

86

00:04:03,830 --> 00:04:01,920

really he didn't care that was fine

87

00:04:05,670 --> 00:04:03,840

that's food all right all sorts of

88

00:04:07,190 --> 00:04:05,680

things

89

00:04:09,350 --> 00:04:07,200

i'm not gonna start there

90

00:04:11,750 --> 00:04:09,360

but steve you gotta you must be pretty

91

00:04:13,509 --> 00:04:11,760

excited about getting to go again

92

00:04:15,110 --> 00:04:13,519

yeah i'm also pretty busy about it also

93

00:04:16,870 --> 00:04:15,120

pretty busy

94

00:04:18,150 --> 00:04:16,880

because you got so it's really rushed

95

00:04:19,270 --> 00:04:18,160

because you got to catch up with

96

00:04:20,550 --> 00:04:19,280

everything

97

00:04:22,390 --> 00:04:20,560

yeah

98

00:04:23,830 --> 00:04:22,400

get the head back in their games

99

00:04:25,670 --> 00:04:23,840

right it's good it's not all just fun

100

00:04:27,430 --> 00:04:25,680

and games you guys got how many space

101  
00:04:29,510 --> 00:04:27,440  
walks just two

102  
00:04:31,590 --> 00:04:29,520  
two space walks

103  
00:04:33,350 --> 00:04:31,600  
and it's you and alvin yeah

104  
00:04:35,510 --> 00:04:33,360  
all right and where are you for launch

105  
00:04:37,270 --> 00:04:35,520  
are you on the med deck are you upstairs

106  
00:04:38,629 --> 00:04:37,280  
okay

107  
00:04:40,150 --> 00:04:38,639  
so did any of that stuff change for you

108  
00:04:42,870 --> 00:04:40,160  
guys so who was sitting where or is it

109  
00:04:44,469 --> 00:04:42,880  
oh that was a huge for these guys

110  
00:04:46,629 --> 00:04:44,479  
that's why he's now going to get oh kim

111  
00:04:48,150 --> 00:04:46,639  
was ms2 right huh yeah

112  
00:04:50,790 --> 00:04:48,160  
so you guys are splitting that up no

113  
00:04:52,469 --> 00:04:50,800

he's these two

114

00:04:53,990 --> 00:04:52,479

al picked him up

115

00:04:55,030 --> 00:04:54,000

that's what i mean

116

00:04:56,550 --> 00:04:55,040

so now they're both staying on the

117

00:04:58,629 --> 00:04:56,560

flight deck which is why he's got to get

118

00:05:00,870 --> 00:04:58,639

his head in that part of the game

119

00:05:02,870 --> 00:05:00,880

so he's alleviating from the eva part of

120

00:05:04,390 --> 00:05:02,880

the head so

121

00:05:05,909 --> 00:05:04,400

realize so it's a big so it's a big

122

00:05:08,230 --> 00:05:05,919

switch for everybody it's been a

123

00:05:09,990 --> 00:05:08,240

business okay so tim

124

00:05:12,070 --> 00:05:10,000

tim was an eva guy yeah and you're going

125

00:05:13,430 --> 00:05:12,080

to do that yeah

126  
00:05:15,749 --> 00:05:13,440  
he was also your msu your flight

127  
00:05:17,029 --> 00:05:15,759  
engineer okay for

128  
00:05:18,950 --> 00:05:17,039  
launch and landing primary flight

129  
00:05:20,950 --> 00:05:18,960  
engineer and now who's picking you're

130  
00:05:23,670 --> 00:05:20,960  
picking up for asset i'm i'll be in this

131  
00:05:25,110 --> 00:05:23,680  
to the right reflection for entry nicole

132  
00:05:27,990 --> 00:05:25,120  
will be the primary flight engineer

133  
00:05:29,029 --> 00:05:28,000  
because we are both sitting in this one

134  
00:05:30,550 --> 00:05:29,039  
okay

135  
00:05:32,550 --> 00:05:30,560  
so you're just going to swap

136  
00:05:34,950 --> 00:05:32,560  
both move to the left to the left for

137  
00:05:36,070 --> 00:05:34,960  
that for that part of the flight and

138  
00:05:37,990 --> 00:05:36,080

then the other person is going to move

139

00:05:38,950 --> 00:05:38,000

from upstairs yeah from downstairs

140

00:05:41,029 --> 00:05:38,960

upstairs

141

00:05:42,870 --> 00:05:41,039

okay what else do you have anything you

142

00:05:44,230 --> 00:05:42,880

guys got to go go you're right yeah

143

00:05:45,830 --> 00:05:44,240

what else what else is what else is

144

00:05:47,830 --> 00:05:45,840

swapped around your robotics work just

145

00:05:49,510 --> 00:05:47,840

working the the station arm okay you

146

00:05:51,749 --> 00:05:49,520

know how to do that yes now they took me

147

00:05:53,189 --> 00:05:51,759

off of that second

148

00:05:54,710 --> 00:05:53,199

katie coleman will take up a lot of that

149

00:05:55,830 --> 00:05:54,720

as well so katie who's up there now she

150

00:05:57,510 --> 00:05:55,840

knows how to work that thing so that's

151

00:05:58,790 --> 00:05:57,520

good if she could reel in an hdv she's

152

00:06:00,870 --> 00:05:58,800

be able to handle everything

153

00:06:02,550 --> 00:06:00,880

okay that's funny yeah is she gonna be

154

00:06:03,749 --> 00:06:02,560

for your evas as well moving you around

155

00:06:07,270 --> 00:06:03,759

or so you're not using your arm for your

156

00:06:09,430 --> 00:06:08,309

okay

157

00:06:10,950 --> 00:06:09,440

all right so

158

00:06:12,390 --> 00:06:10,960

it affects everybody it's not just

159

00:06:14,550 --> 00:06:12,400

everybody gets done you're not you're

160

00:06:17,510 --> 00:06:14,560

just replacing it it's reshuffling the

161

00:06:18,550 --> 00:06:17,520

duties so that you can get yeah

162

00:06:20,870 --> 00:06:18,560

right

163

00:06:22,070 --> 00:06:20,880

yeah interesting

164

00:06:23,270 --> 00:06:22,080

did you tell your family about this

165

00:06:24,309 --> 00:06:23,280

steve do they know you're going to space

166

00:06:25,909 --> 00:06:24,319

again

167

00:06:27,510 --> 00:06:25,919

they have never found out what's your

168

00:06:28,710 --> 00:06:27,520

name

169

00:06:30,790 --> 00:06:28,720

what you're all going to be in post

170

00:06:32,790 --> 00:06:30,800

insertion you're just going to be uh so

171

00:06:38,710 --> 00:06:32,800

who's downstairs now you and mike mike

172

00:06:42,870 --> 00:06:40,230

the toilet again

173

00:06:44,390 --> 00:06:42,880

so which may be you know my greatest

174

00:06:45,189 --> 00:06:44,400

thing to fame is that video made last

175

00:06:47,270 --> 00:06:45,199

time

176

00:06:49,749 --> 00:06:47,280

yes with the toilet video yeah actually

177

00:06:51,270 --> 00:06:49,759

that's little kids know that you're the

178

00:06:53,670 --> 00:06:51,280

toilet man yeah so but you're gonna get

179

00:06:55,189 --> 00:06:53,680

the to turn on this toilet again yes yes

180

00:06:57,270 --> 00:06:55,199

all right very important all right okay

181

00:06:59,270 --> 00:06:57,280

she'll do that and lots of other things

182

00:07:00,550 --> 00:06:59,280

to get the spaceship going how about the

183

00:07:03,670 --> 00:07:00,560

evas

184

00:07:06,550 --> 00:07:03,680

before is just like a whole new uh it's

185

00:07:09,589 --> 00:07:06,560

all new it's all uh

186

00:07:11,990 --> 00:07:09,599

you know as you know it's all skills or

187

00:07:13,830 --> 00:07:12,000

skills so i think that

188

00:07:15,990 --> 00:07:13,840

being freshly

189

00:07:18,950 --> 00:07:16,000

updated all those skills right working

190

00:07:20,790 --> 00:07:18,960

in eva since i got back it was uh

191

00:07:22,150 --> 00:07:20,800

that aspect of it allowed me to pick it

192

00:07:24,070 --> 00:07:22,160

up because i i've actually reviewed

193

00:07:25,589 --> 00:07:24,080

their procedures a bit yeah you were at

194

00:07:27,350 --> 00:07:25,599

eba you should say you're an eva branch

195

00:07:28,790 --> 00:07:27,360

team because you're a head space walker

196

00:07:30,309 --> 00:07:28,800

yeah you're like the head space walker

197

00:07:31,510 --> 00:07:30,319

when you came back ironic when you look

198

00:07:33,430 --> 00:07:31,520

around the office and look at all the

199

00:07:35,189 --> 00:07:33,440

experience in the office

200

00:07:36,790 --> 00:07:35,199

that's that well i don't know you're the

201

00:07:40,150 --> 00:07:36,800

right guy for the job

202

00:07:41,589 --> 00:07:40,160

and uh so

203

00:07:44,309 --> 00:07:41,599

i was at least familiar with what they

204

00:07:45,350 --> 00:07:44,319

were doing and yeah

205

00:07:48,070 --> 00:07:45,360

then

206

00:07:49,670 --> 00:07:48,080

running through it in the vr lab

207

00:07:51,110 --> 00:07:49,680

steve doesn't want to push a lot of mvl

208

00:07:52,950 --> 00:07:51,120

runs because you know it's tough on your

209

00:07:54,230 --> 00:07:52,960

body yeah getting it out you don't over

210

00:07:55,909 --> 00:07:54,240

do it right you don't want to overdo

211

00:07:57,270 --> 00:07:55,919

that you use the vr lab which helped a

212

00:07:59,350 --> 00:07:57,280

lot

213

00:08:01,029 --> 00:07:59,360

so friday tomorrow that's tomorrow's

214

00:08:03,270 --> 00:08:01,039

friday i think no day of the week is

215

00:08:05,589 --> 00:08:03,280

anymore tomorrow we start our first nbl

216

00:08:08,150 --> 00:08:05,599

run on ebay one we'll run through that i

217

00:08:08,950 --> 00:08:08,160

think that will help me on eba one and

218

00:08:11,350 --> 00:08:08,960

two

219

00:08:12,869 --> 00:08:11,360

because i'll get the calm down with mike

220

00:08:14,950 --> 00:08:12,879

we'll get the tasking

221

00:08:17,350 --> 00:08:14,960

sort of laid out i understand how

222

00:08:18,390 --> 00:08:17,360

you know al talks

223

00:08:21,909 --> 00:08:18,400

and

224

00:08:23,990 --> 00:08:21,919

then we'll see how next week we do ebay

225

00:08:24,950 --> 00:08:24,000

too have you had an nbl run yet with

226

00:08:26,309 --> 00:08:24,960

these guys

227

00:08:27,990 --> 00:08:26,319

so this will be how many you're going to

228

00:08:29,589 --> 00:08:28,000

get uh four

229

00:08:31,589 --> 00:08:29,599

so two on each

230

00:08:32,709 --> 00:08:31,599

so you'll get two two and two

231

00:08:33,990 --> 00:08:32,719

okay

232

00:08:35,670 --> 00:08:34,000

you and I both

233

00:08:37,430 --> 00:08:35,680

it's one it's just one team right yeah

234

00:08:39,430 --> 00:08:37,440

one team which helps in the airlock a

235

00:08:40,709 --> 00:08:39,440

lot not a juggling a lot of in between

236

00:08:42,709 --> 00:08:40,719

right

237

00:08:44,470 --> 00:08:42,719

now it would be good tim tim and al had

238

00:08:46,470 --> 00:08:44,480

a great plan laid out i'm not changing a

239

00:08:47,590 --> 00:08:46,480

word right they're just going to change

240

00:08:49,430 --> 00:08:47,600

the name at the top and we're going to

241

00:08:51,190 --> 00:08:49,440

go right okay

242

00:08:54,630 --> 00:08:51,200

that makes sense yeah they do all the

243

00:08:56,710 --> 00:08:54,640

hard work i get to go have all the fun

244

00:08:58,630 --> 00:08:56,720

yeah you'll be working too i mean it's

245

00:08:59,990 --> 00:08:58,640

fun yeah but it's a different sort of

246

00:09:01,350 --> 00:09:00,000

work yeah

247

00:09:02,630 --> 00:09:01,360

actually grinding grinding through the

248

00:09:04,710 --> 00:09:02,640

procedures

249

00:09:06,310 --> 00:09:04,720

that's that's hard work you ready all
