

1
00:00:13,030 --> 00:00:11,190
hi my name is bobby braun and i'm the

2
00:00:14,470 --> 00:00:13,040
nasa chief technologist

3
00:00:16,470 --> 00:00:14,480
the president is calling on the

4
00:00:18,630 --> 00:00:16,480
generation of today's students from our

5
00:00:19,990 --> 00:00:18,640
nation's universities to step up and

6
00:00:21,830 --> 00:00:20,000
create the future

7
00:00:25,189 --> 00:00:21,840
he recently talked with students at penn

8
00:00:27,029 --> 00:00:25,199
state we need you to seek breakthroughs

9
00:00:28,470 --> 00:00:27,039
and new technologies that we can't even

10
00:00:30,230 --> 00:00:28,480
imagine yet

11
00:00:32,150 --> 00:00:30,240
we at nasa believe that some of the most

12
00:00:34,150 --> 00:00:32,160
significant innovations in space

13
00:00:36,229 --> 00:00:34,160

exploration will come from the graduate

14

00:00:38,549 --> 00:00:36,239

student researchers who are in school

15

00:00:40,389 --> 00:00:38,559

today and this is why we've created the

16

00:00:42,229 --> 00:00:40,399

nasa space technology graduate

17

00:00:44,069 --> 00:00:42,239

fellowships program

18

00:00:46,549 --> 00:00:44,079

we're seeking the most passionate and

19

00:00:50,150 --> 00:00:46,559

able group of innovators to make up our

20

00:00:52,709 --> 00:00:50,160

inaugural 2011 class of fellows and we

21

00:00:55,910 --> 00:00:52,719

want you to be part of nasa and we want

22

00:00:58,229 --> 00:00:55,920

nasa to help you fulfill your dreams

23

00:01:00,790 --> 00:00:58,239

join us as a space technology fellow and

24

00:01:03,029 --> 00:01:00,800

help develop solutions to nasa's space

25

00:01:05,189 --> 00:01:03,039

technology grand challenges

26

00:01:06,469 --> 00:01:05,199

we need more engineers and scientists in

27

00:01:07,750 --> 00:01:06,479

this country

28

00:01:09,350 --> 00:01:07,760

go to school

29

00:01:12,310 --> 00:01:09,360

invent technology

30

00:01:15,109 --> 00:01:12,320

build the future save the world the

31

00:01:17,030 --> 00:01:15,119

future is ours to create together i hope
