

1  
00:00:09,910 --> 00:00:07,430  
from the processing team of discovery to

2  
00:00:11,110 --> 00:00:09,920  
the crew of discovery enjoy the ride

3  
00:00:13,190 --> 00:00:11,120  
thanks for all the work you did getting

4  
00:00:16,550 --> 00:00:13,200  
this ready to go and uh

5  
00:00:18,150 --> 00:00:16,560  
appreciate all your work

6  
00:00:19,750 --> 00:00:18,160  
and for those watching get ready to

7  
00:00:21,590 --> 00:00:19,760  
witness the majesty and the power of

8  
00:00:23,670 --> 00:00:21,600  
discovery as she lifts off one final

9  
00:00:24,630 --> 00:00:23,680  
time

10  
00:00:25,910 --> 00:00:24,640  
two

11  
00:00:28,550 --> 00:00:25,920  
one

12  
00:00:31,509 --> 00:00:28,560  
booster ignition and the final liftoff

13  
00:00:33,590 --> 00:00:31,519

of discovery a tribute to the dedication

14

00:00:49,270 --> 00:00:33,600

hard work and pride of america's space

15

00:00:52,950 --> 00:00:50,630

you know i'm just looking out the window

16

00:00:55,590 --> 00:00:52,960

here going over the earth i'm thinking

17

00:00:57,350 --> 00:00:55,600

about how cool it is to be up here doing

18

00:00:59,830 --> 00:00:57,360

this but what's even

19

00:01:01,510 --> 00:00:59,840

more impressive to me about the whole

20

00:01:04,070 --> 00:01:01,520

spaceflight business is when you have a

21

00:01:06,789 --> 00:01:04,080

large team like we have doing something

22

00:01:07,750 --> 00:01:06,799

incredibly complex and yet we uh we pull

23

00:01:09,510 --> 00:01:07,760

it off

24

00:01:25,350 --> 00:01:09,520

successfully year after year mission

25

00:01:29,270 --> 00:01:27,190

that thing is a lot bigger since the

26  
00:01:32,069 --> 00:01:29,280  
last time i was here

27  
00:01:33,510 --> 00:01:32,079  
discovery station has you loud and clear

28  
00:01:43,190 --> 00:01:33,520  
on the big loop

29  
00:01:47,990 --> 00:01:45,190  
station and houston discovery is

30  
00:01:50,069 --> 00:01:48,000  
initiating final approach

31  
00:01:58,550 --> 00:01:50,079  
station and east and discovery has

32  
00:01:58,560 --> 00:02:08,389  
so

33  
00:02:12,790 --> 00:02:10,229  
i just wanted to thank mike for being

34  
00:02:14,470 --> 00:02:12,800  
the voice of eoc 4 up here today and uh

35  
00:02:17,110 --> 00:02:14,480  
let you guys know how much we appreciate

36  
00:02:19,670 --> 00:02:17,120  
your help and that it was uh really very

37  
00:02:21,350 --> 00:02:19,680  
impressive working from the cupola

38  
00:02:23,350 --> 00:02:21,360

and watching how these arms work

39

00:02:31,350 --> 00:02:23,360

together and getting elc birth to the

40

00:02:35,670 --> 00:02:33,430

well discovery is a really historic

41

00:02:37,589 --> 00:02:35,680

vehicle a lot of ways it took its name

42

00:02:39,270 --> 00:02:37,599

from a lot of ships of exploration over

43

00:02:40,790 --> 00:02:39,280

many centuries and it comes with a

44

00:02:42,390 --> 00:02:40,800

pretty rich heritage and it's really

45

00:02:44,070 --> 00:02:42,400

lived up to that

46

00:02:46,150 --> 00:02:44,080

she just performed magnificently getting

47

00:02:48,630 --> 00:02:46,160

us up here so i think we're all going to

48

00:02:50,229 --> 00:02:48,640

be kind of sad to see it go

49

00:02:51,830 --> 00:02:50,239

and we're going to remember discovery

50

00:02:53,670 --> 00:02:51,840

and all the shuttle fleet i think is the

51  
00:03:01,430 --> 00:02:53,680  
most capable vehicles that have ever

52  
00:03:05,070 --> 00:03:03,509  
so here we have the alvin drew and steve

53  
00:03:07,190 --> 00:03:05,080  
bowen

54  
00:03:08,869 --> 00:03:07,200  
uncharacteristically speechless and our

55  
00:03:10,949 --> 00:03:08,879  
commander has given them all sorts of

56  
00:03:12,470 --> 00:03:10,959  
words of encouragement and also told

57  
00:03:16,149 --> 00:03:12,480  
that if they do a bad job he won't let

58  
00:03:16,159 --> 00:03:21,670  
okay

59  
00:03:26,229 --> 00:03:23,589  
feeling good out there just standing and

60  
00:03:27,990 --> 00:03:26,239  
stretching you're not gonna wake up

61  
00:03:44,789 --> 00:03:28,000  
that coffee gotta be kicking in any time

62  
00:03:55,670 --> 00:03:51,270  
and

63  
00:03:57,910 --> 00:03:55,680

completing a textbook eba

64

00:03:59,670 --> 00:03:57,920

and what are you doing today well today

65

00:04:02,309 --> 00:03:59,680

mike and i are going to remove or remove

66

00:04:03,830 --> 00:04:02,319

the pmm which is the big module that's

67

00:04:04,869 --> 00:04:03,840

currently in the payload bay of

68

00:04:06,470 --> 00:04:04,879

discovery

69

00:04:07,910 --> 00:04:06,480

over to the station and that will

70

00:04:31,830 --> 00:04:07,920

complete

71

00:04:31,840 --> 00:05:04,710

you guys ready

72

00:05:04,720 --> 00:05:16,629

is off the frame in my hand

73

00:05:19,909 --> 00:05:18,070

we're doing really well they've been

74

00:05:21,110 --> 00:05:19,919

following instructions exceptionally

75

00:05:36,469 --> 00:05:21,120

well today

76

00:05:39,510 --> 00:05:38,230

scott it was a pleasure to be up here we

77

00:05:40,790 --> 00:05:39,520

appreciate your hospitality we

78

00:05:43,110 --> 00:05:40,800

appreciate you putting up with us

79

00:05:45,110 --> 00:05:43,120

knocking your stuff off the walls and

80

00:05:47,029 --> 00:05:45,120

generally trashing your station

81

00:05:49,189 --> 00:05:47,039

and we're going to miss you guys and so

82

00:05:51,189 --> 00:05:49,199

thanks thanks for everything

83

00:05:52,390 --> 00:05:51,199

we're going to miss you but

84

00:05:53,749 --> 00:05:52,400

most of all we're going to miss

85

00:05:55,110 --> 00:05:53,759

discovery
