

1  
00:00:10,470 --> 00:00:08,710  
the hatches between space shuttle

2  
00:00:13,190 --> 00:00:10,480  
discovery and the international space

3  
00:00:16,150 --> 00:00:13,200  
station were closed on sunday after

4  
00:00:18,790 --> 00:00:16,160  
nearly eight full days of joint docked

5  
00:00:21,189 --> 00:00:18,800  
operations between the two crews the

6  
00:00:23,429 --> 00:00:21,199  
last of the transfers were moved across

7  
00:00:25,990 --> 00:00:23,439  
the hatches earlier in the day

8  
00:00:28,390 --> 00:00:26,000  
most important ones late in the day with

9  
00:00:30,230 --> 00:00:28,400  
the transfer of medical experiment

10  
00:00:32,709 --> 00:00:30,240  
samples that need to be kept

11  
00:00:34,310 --> 00:00:32,719  
refrigerated before they were moved on

12  
00:00:37,270 --> 00:00:34,320  
to the shuttle they were wrapped in

13  
00:00:39,990 --> 00:00:37,280

double cold bags and moved on to the

14

00:00:42,389 --> 00:00:40,000

shuttle's portable refrigerators so they

15

00:00:45,590 --> 00:00:42,399

can be kept at temperature until

16

00:00:47,750 --> 00:00:45,600

discovery lands and be provided to the

17

00:00:49,830 --> 00:00:47,760

scientists to be analyzed for their

18

00:00:52,150 --> 00:00:49,840

experiments the crew members of the

19

00:00:54,229 --> 00:00:52,160

shuttle had a little off-duty time to

20

00:00:55,670 --> 00:00:54,239

end their day and then they gathered

21

00:00:57,750 --> 00:00:55,680

together with all of their station

22

00:00:59,590 --> 00:00:57,760

crewmates in the destiny laboratory for

23

00:01:02,150 --> 00:00:59,600

a farewell ceremony all right well

24

00:01:04,310 --> 00:01:02,160

welcome aboard the space station um

25

00:01:06,149 --> 00:01:04,320

we've spent how many days here

26

00:01:07,670 --> 00:01:06,159

i don't know seven days eight days

27

00:01:09,990 --> 00:01:07,680

something like that

28

00:01:11,830 --> 00:01:10,000

we delivered the last pressurized module

29

00:01:13,830 --> 00:01:11,840

we delivered the elc-4 we did a whole

30

00:01:15,590 --> 00:01:13,840

bunch of transfer and we uh outfitted

31

00:01:17,190 --> 00:01:15,600

the pmm as best we could with the time

32

00:01:18,870 --> 00:01:17,200

available and uh

33

00:01:20,230 --> 00:01:18,880

scott it was a pleasure to be up here we

34

00:01:21,510 --> 00:01:20,240

appreciate your hospitality we

35

00:01:23,749 --> 00:01:21,520

appreciate you putting up with us

36

00:01:26,550 --> 00:01:23,759

knocking your stuff off the walls and

37

00:01:29,030 --> 00:01:26,560

generally trashing your station doubling

38

00:01:30,870 --> 00:01:29,040

doubling the number of people and

39

00:01:32,149 --> 00:01:30,880

we appreciate you guys letting us float

40

00:01:34,710 --> 00:01:32,159

down to the service module and get in

41

00:01:36,390 --> 00:01:34,720

your way as well and

42

00:01:39,190 --> 00:01:36,400

on behalf of the crew we had a great

43

00:01:41,270 --> 00:01:39,200

time we appreciate the hospitality and

44

00:01:43,030 --> 00:01:41,280

enjoyed the crew meals together and and

45

00:01:47,109 --> 00:01:43,040

we're going to miss you guys and so

46

00:01:51,429 --> 00:01:49,350

i'd like to say that

47

00:01:53,109 --> 00:01:51,439

it was a very successful

48

00:01:56,149 --> 00:01:53,119

time on board with you guys we really

49

00:01:57,990 --> 00:01:56,159

enjoyed having guests this is the first

50

00:02:01,670 --> 00:01:58,000

group of guests i've had in

51  
00:02:04,469 --> 00:02:01,680  
about 150 days since i've been up here

52  
00:02:06,709 --> 00:02:04,479  
and uh we're gonna miss you but

53  
00:02:09,749 --> 00:02:06,719  
most of all we're gonna miss discovery

54  
00:02:11,670 --> 00:02:09,759  
and discovery has been a great ship

55  
00:02:14,390 --> 00:02:11,680  
and has really supported the

56  
00:02:15,750 --> 00:02:14,400  
international space station more so than

57  
00:02:18,390 --> 00:02:15,760  
i think any other

58  
00:02:19,750 --> 00:02:18,400  
any other space shuttle and uh

59  
00:02:23,510 --> 00:02:19,760  
we wish her

60  
00:02:25,990 --> 00:02:23,520  
fair winds and following seas thank you

61  
00:02:29,110 --> 00:02:26,000  
the hatches were closed between the two

62  
00:02:32,710 --> 00:02:29,120  
vehicles after being open for 7 days 23

63  
00:02:35,270 --> 00:02:32,720

hours and 55 minutes the two crews

64

00:02:37,030 --> 00:02:35,280

moving forward to flight day 12 on orbit

65

00:02:38,710 --> 00:02:37,040

which will feature the undocking of

66

00:02:41,030 --> 00:02:38,720

discovery from the international space
