

1
00:00:08,629 --> 00:00:05,829
hey you guys wore coordinating shirts

2
00:00:11,509 --> 00:00:08,639
we didn't we didn't do that that's okay

3
00:00:24,550 --> 00:00:11,519
hello how's it going how are you good

4
00:00:27,910 --> 00:00:26,390
134 crews currently making their way

5
00:00:29,669 --> 00:00:27,920
into the international space station for

6
00:00:31,429 --> 00:00:29,679
the first time this mission hatches

7
00:00:33,670 --> 00:00:31,439
between the two vehicles we're open at 6

8
00:00:35,030 --> 00:00:33,680
38 after the

9
00:00:36,790 --> 00:00:35,040
shuttle dock to the international space

10
00:00:38,630 --> 00:00:36,800
station at 5 14

11
00:00:42,069 --> 00:00:38,640
and here we're getting video back again

12
00:00:43,590 --> 00:00:42,079
looks like the shuttle crew is

13
00:00:44,869 --> 00:00:43,600

all together now on the international

14

00:00:46,950 --> 00:00:44,879

space station they're in the orange

15

00:00:51,830 --> 00:00:46,960

shirt on the edge of the screen

16

00:00:55,990 --> 00:00:54,150

yeah absolutely yeah yeah

17

00:00:58,549 --> 00:00:56,000

worked out great

18

00:01:01,430 --> 00:00:58,559

so it's good to be back

19

00:01:03,510 --> 00:01:01,440

looks looks pretty much the same

20

00:01:05,509 --> 00:01:03,520

yeah yeah so we go over and see cooper

21

00:01:08,390 --> 00:01:05,519

yeah looks bigger together

22

00:01:10,149 --> 00:01:08,400

recall that no three pm i haven't seen

23

00:01:11,510 --> 00:01:10,159

those

24

00:01:15,510 --> 00:01:11,520

so

25

00:01:16,710 --> 00:01:15,520

yeah yeah we gotta knock it out because

26

00:01:18,390 --> 00:01:16,720

we gotta get going in a year and the

27

00:01:20,230 --> 00:01:18,400

window shutters stay closed we suggest

28

00:01:21,830 --> 00:01:20,240

to make two teams

29

00:01:24,469 --> 00:01:21,840

the most experienced on the station and

30

00:01:26,870 --> 00:01:24,479

the last execution station will

31

00:01:28,550 --> 00:01:26,880

follow and myself with how do they do on

32

00:01:30,950 --> 00:01:28,560

the russian segment and their power will

33

00:01:33,749 --> 00:01:30,960

do on the us okay and they'll switch

34

00:01:35,910 --> 00:01:33,759

teams great and we'll stick to safety

35

00:01:37,830 --> 00:01:35,920

pure safety for the first part all right

36

00:01:43,030 --> 00:01:37,840

then the logistics things will come

37

00:01:43,040 --> 00:01:58,789

try to think of our timeline

38

00:02:02,389 --> 00:02:00,310

two commanders they're talking with each

39

00:02:04,310 --> 00:02:02,399
other expedition 27 commander

40

00:02:07,030 --> 00:02:04,320
with uh commander

41

00:02:09,190 --> 00:02:07,040
mark kelly of the sds

42

00:02:13,510 --> 00:02:10,630
okay so we do

43

00:02:16,550 --> 00:02:13,520
so there's uh

44

00:02:18,070 --> 00:02:16,560
what about you you uh test and bike

45

00:02:20,710 --> 00:02:18,080
let's play the experience go in the

46

00:02:22,710 --> 00:02:20,720
right segment okay that's right and 10

47

00:02:23,990 --> 00:02:22,720
or 15 minutes or there will flip around

48

00:02:27,110 --> 00:02:24,000
and i'll take care of the other guys

49

00:02:28,790 --> 00:02:27,120
showing off around here

50

00:02:30,229 --> 00:02:28,800
all right how about more than three so

51
00:02:31,910 --> 00:02:30,239
yeah

52
00:02:47,430 --> 00:02:31,920
okay who should i do

53
00:02:50,869 --> 00:02:49,430
can you change with me sure

54
00:02:53,350 --> 00:02:50,879
all right so we're gonna so means i'm

55
00:02:55,589 --> 00:02:53,360
staying longer yeah we're going home

56
00:02:57,190 --> 00:02:55,599
let's use it russian segment rest of you

57
00:02:59,910 --> 00:02:57,200
guys stay here and then we're gonna

58
00:03:05,830 --> 00:02:59,920
switch yeah okay all right sounds good

59
00:03:05,840 --> 00:03:41,509
uh

60
00:03:45,589 --> 00:03:43,830
the purpose of this briefing here is to

61
00:03:48,630 --> 00:03:45,599
go through

62
00:03:51,110 --> 00:03:48,640
area by area so to start to establish a

63
00:03:53,110 --> 00:03:51,120

little bit of a spatial awareness and

64

00:03:54,229 --> 00:03:53,120

look at the emergency equipment in terms

65

00:03:57,270 --> 00:03:54,239

of uh

66

00:03:59,030 --> 00:03:57,280

uvas tfd so the breathing bottle and the

67

00:04:01,190 --> 00:03:59,040

fire extinguisher

68

00:04:02,149 --> 00:04:01,200

the comb panels
