

1
00:00:20,470 --> 00:02:55,700
wandering around

2
00:03:01,160 --> 00:02:59,270
what it's almost workable you just get

3
00:03:18,760 --> 00:03:01,170
that flatter material in the right place

4
00:03:18,770 --> 00:03:46,130
okay you got okay

5
00:04:08,410 --> 00:03:56,820
when you're sitting in Tennessee

6
00:04:08,420 --> 00:12:10,410
okay yeah

7
00:12:10,420 --> 00:12:16,340
the old lion something

8
00:14:46,890 --> 00:12:18,550

18

00:15:43,259 --> 00:15:41,879

cool

19

00:16:05,500 --> 00:15:43,269

you know what that might not be a bad

20

00:16:05,510 --> 00:16:10,380

that mana would

21

00:16:10,390 --> 00:16:48,800

windowsill anything yeah

22

00:16:48,810 --> 00:17:32,399

23

00:17:41,230 --> 00:17:35,139

how's your 4 o'clock and I cook

26

00:18:12,260 --> 00:18:16,150

how you doing

27

00:18:22,900 --> 00:18:19,230

we can we can post employer and that's

28

00:18:28,230 --> 00:18:22,910

Isis is a nice guy

29

00:18:28,240 --> 00:18:34,500

Christian origin

30

00:19:26,630 --> 00:19:14,440

ran

31

00:19:26,640 --> 00:19:31,700

right all right you got my spot again

32

00:19:31,710 --> 00:19:49,750

it's always murder

33

00:19:52,390 --> 00:19:51,250

it's fun to look at the places where our

34

00:20:03,990 --> 00:19:52,400

guests will be like you can see the

35

00:20:04,000 --> 00:20:09,580

at once while ago a long time ago

36

00:20:09,590 --> 00:20:13,860

early days hoping more to come

37

00:20:31,780 --> 00:20:15,550

and revulsion

38

00:20:31,790 --> 00:20:47,100

got me

39

00:20:56,419 --> 00:20:49,030

a fan

40

00:21:02,060 --> 00:20:59,120

pitching party :

41

00:21:08,100 --> 00:21:02,070

take a break

42

00:21:08,110 --> 00:21:26,899

green-apple got here

43

00:21:26,909 --> 00:23:15,620

there

44

00:23:15,630 --> 00:23:33,590

ever seen

45

00:23:38,749 --> 00:23:36,409

it's my rear view mirror

46

00:23:40,399 --> 00:23:38,759

overhead it is the right time on one

47

00:23:44,350 --> 00:23:40,409

time I did I looked up there are the

48

00:23:48,010 --> 00:23:46,390

we have American we're on our feet for

49

00:23:49,180 --> 00:23:48,020

it but it's so big I don't want to pump

50

00:23:50,380 --> 00:23:49,190

with that so I want to be able to stop I

51

00:24:28,510 --> 00:23:50,390

could stay through my task

52

00:24:28,520 --> 00:26:59,530

okay

53

00:26:59,540 --> 00:27:13,200

yeah yeah we get started

54

00:27:13,210 --> 00:27:45,470

this is everything else

55

00:28:31,820 --> 00:27:49,410

what is that like panel gaps spanner

56

00:28:31,830 --> 00:28:55,000

yes

57

00:28:55,010 --> 00:29:58,140

yeah they just transfer bags

58

00:29:58,150 --> 00:30:33,720

you know are you

59

00:30:40,149 --> 00:30:37,600

we'll be added to this bag okay so we've

60

00:30:41,560 --> 00:30:40,159

moose and cargo around probably since

61

00:30:44,230 --> 00:30:41,570

we've been here this week

62

00:30:45,159 --> 00:30:44,240

so right now it looks a little our plan

63

00:30:47,920 --> 00:30:45,169

is that you would have that mass

64

00:30:51,560 --> 00:30:47,930

spectrometer in here and then filled out

65

00:30:55,610 --> 00:30:51,570

so 1/2 1/3 C GB to the mass spec or to

66

00:31:11,990 --> 00:31:09,080

that way to Jason you cannot but

67

00:31:13,490 --> 00:31:12,000

laughter you for people on the ground

68

00:31:17,120 --> 00:31:13,500

right yes

69

00:31:33,130 --> 00:31:17,130

that's a bit clogging so it is an

70

00:31:33,140 --> 00:31:43,230

along

71

00:31:43,240 --> 00:32:35,430

actually Scott I guess

72

00:32:54,320 --> 00:32:37,960

to bring a guy in local sign this and

73

00:32:54,330 --> 00:33:04,720

see that perky

74

00:33:14,360 --> 00:33:06,220

whatever reason they're only putting

75

00:33:14,370 --> 00:33:24,399

on the run

76

00:33:24,409 --> 00:33:59,999

that's probably so

77

00:34:13,390 --> 00:34:01,750

yes

78

00:34:13,400 --> 00:34:20,659

the strudel

79

00:34:45,930 --> 00:34:22,669

yeah we just managed rap on there some

80

00:35:04,420 --> 00:34:48,399

guys are good in all these lockers that

81

00:35:27,710 --> 00:35:04,430

are just raised I'm finding this and

82

00:35:27,720 --> 00:35:51,460

it's their pocket Mike
