

1  
00:00:05,110 --> 00:00:03,270  
the shuttle program has been successful

2  
00:00:07,590 --> 00:00:05,120  
not only because the vehicle itself is

3  
00:00:09,030 --> 00:00:07,600  
an engineering marvel but also mainly

4  
00:00:11,350 --> 00:00:09,040  
because of the many people have

5  
00:00:13,910 --> 00:00:11,360  
committed so much care and dedication to

6  
00:00:18,710 --> 00:00:13,920  
it the shuttle program truly was a

7  
00:00:23,509 --> 00:00:21,349  
at least 30 of the 50 states contributed

8  
00:00:25,349 --> 00:00:23,519  
to the building of the orbiters

9  
00:00:27,990 --> 00:00:25,359  
during the operational years suppliers

10  
00:00:29,750 --> 00:00:28,000  
across 42 states had some hand in

11  
00:00:33,110 --> 00:00:29,760  
providing parts or labor a part of the

12  
00:00:35,990 --> 00:00:34,470  
over the years we have made shuttle

13  
00:00:37,750 --> 00:00:36,000

launches look easy to the point where

14

00:00:39,590 --> 00:00:37,760

they became a normal part of the fabric

15

00:00:41,670 --> 00:00:39,600

of the life of the united states noted

16

00:00:42,790 --> 00:00:41,680

but expected at regular intervals but we

17

00:00:44,389 --> 00:00:42,800

in the space industry know that

18

00:00:47,270 --> 00:00:44,399

launching people into space is anything

19

00:00:51,670 --> 00:00:49,350

to launch people into space requires the

20

00:00:53,510 --> 00:00:51,680

utmost attention to detail strict

21

00:00:54,630 --> 00:00:53,520

adherence to procedures and constant

22

00:00:56,709 --> 00:00:54,640

vigilance

23

00:00:58,470 --> 00:00:56,719

basically ten thousand people have to do

24

00:01:04,789 --> 00:00:58,480

everything right all of the time

25

00:01:08,789 --> 00:01:06,789

your incredible professionalism and

26

00:01:10,230 --> 00:01:08,799

passion for space flight have allowed

27

00:01:12,710 --> 00:01:10,240

this program to achieve more than we

28

00:01:15,670 --> 00:01:12,720

could have possibly imagined you truly

29

00:01:16,870 --> 00:01:15,680

are the best of the best

30

00:01:19,350 --> 00:01:16,880

from the flight deck of the space

31

00:01:20,870 --> 00:01:19,360

shuttle atlantis in orbit 220 miles over

32

00:01:22,230 --> 00:01:20,880

the earth docked to the international

33

00:01:23,990 --> 00:01:22,240

space station

34

00:01:26,469 --> 00:01:24,000

as the space shuttle program comes to a

35

00:01:28,550 --> 00:01:26,479

successful end we thank you all from the

36

00:01:30,310 --> 00:01:28,560

bottom of our hearts that wherever you

37

00:01:32,550 --> 00:01:30,320

may go you take pride in what you have

38

00:01:34,789 --> 00:01:32,560

accomplished once a member of the nasa

39

00:01:39,350 --> 00:01:34,799

family all always a member of the nasa
