

1
00:00:10,850 --> 00:00:03,770
okay Lucas on this is Houston are you

2
00:00:16,580 --> 00:00:10,860
ready for the event no it's done I am

3
00:00:19,550 --> 00:00:16,590
ready for the event scuba Space Center

4
00:00:27,730 --> 00:00:19,560
this is Houston please call station for

5
00:00:27,740 --> 00:00:34,870
this is percenter how do you hear me I

6
00:00:47,569 --> 00:00:37,940
read you loud and clear yo cooks go

7
00:00:52,729 --> 00:00:47,579
Emma's I can hear you very well Oh dr.

8
00:00:56,060 --> 00:00:52,739
Kawa I'm so glad to be with you oscoda

9
00:00:58,700 --> 00:00:56,070
guys mass we have communication dive

10
00:01:00,680 --> 00:00:58,710
communication with the Miyagi Prefecture

11
00:01:03,590 --> 00:01:00,690
there are a lot of people gathering who

12
00:01:05,299 --> 00:01:03,600
had been also impacted by the disaster

13
00:01:09,800 --> 00:01:05,309

would you like to send some message to

14

00:01:13,580 --> 00:01:09,810

them hi a sizer taka taka Tony Cocker

15

00:01:15,320 --> 00:01:13,590

Oreo be Barbosa hemas minocin Lloyd otay

16

00:01:17,510 --> 00:01:15,330

he knocked all the people who had been

17

00:01:20,780 --> 00:01:17,520

impacted by the disaster I would like to

18

00:01:22,429 --> 00:01:20,790

send my sincere condolence there must be

19

00:01:26,030 --> 00:01:22,439

a lot of difficulties i'm not in

20

00:01:27,800 --> 00:01:26,040

position to say something big as well

21

00:01:30,740 --> 00:01:27,810

but i think it's very important to do

22

00:01:32,390 --> 00:01:30,750

what you can do today and with that the

23

00:01:36,109 --> 00:01:32,400

accumulation tomorrow would be better

24

00:01:41,510 --> 00:01:36,119

than today so let's keep on working

25

00:01:43,850 --> 00:01:41,520

together thank you very much for very

26

00:01:45,920 --> 00:01:43,860

strong message I believe that that has

27

00:01:50,569 --> 00:01:45,930

to encourage a lot of people thank you

28

00:01:54,740 --> 00:01:50,579

so much we have communication with

29

00:01:58,510 --> 00:01:54,750

Tohoku mr. Tanaka a doctor who Carla I

30

00:02:01,850 --> 00:01:58,520

am Tanaka of Coco Rico hasta la casa

31

00:02:05,179 --> 00:02:01,860

some time lag would you like to keep on

32

00:02:08,029 --> 00:02:05,189

speaking hello nice to meet you mr.

33

00:02:11,510 --> 00:02:08,039

Tanaka thank you very much for the

34

00:02:12,780 --> 00:02:11,520

wonderful message like to say a few

35

00:02:18,119 --> 00:02:12,790

words it is

36

00:02:23,390 --> 00:02:18,129

Ahana how did you I'm hirahara buckeyes

37

00:02:28,020 --> 00:02:23,400

oh thank you mr on behalf of the venue

38

00:02:33,300 --> 00:02:28,030

my hero Kim Yuna on behalf oh god I'm

39

00:02:35,099 --> 00:02:33,310

mahir okamura and Marty Durbin tsunami

40

00:02:36,830 --> 00:02:35,109

had taken numerous species lives of

41

00:02:39,390 --> 00:02:36,840

people and teachers of Oak Island

42

00:02:42,809 --> 00:02:39,400

elementary school and got to local

43

00:02:45,720 --> 00:02:42,819

people and school buildings was also

44

00:02:48,479 --> 00:02:45,730

damaged so we are using in ogawa died

45

00:02:51,440 --> 00:02:48,489

elementary school for school lessons but

46

00:02:54,149 --> 00:02:51,450

we're very proud that various jolly and

47

00:02:57,720 --> 00:02:54,159

energetic and in the farewell event we

48

00:03:01,740 --> 00:02:57,730

held for 80 everyone was united an event

49

00:03:04,890 --> 00:03:01,750

became very loved lively event our motto

50

00:03:07,819 --> 00:03:04,900

is always big smile and we have united

51
00:03:10,619 --> 00:03:07,829
with great team spirit so our question

52
00:03:15,649 --> 00:03:10,629
how do you separate day and night in

53
00:03:19,979 --> 00:03:15,659
space it's a low niconico bigger we have

54
00:03:23,129 --> 00:03:19,989
a wet that's wait for a top at each

55
00:03:27,539 --> 00:03:23,139
other oh you have wonderful motto always

56
00:03:31,469 --> 00:03:27,549
big smile was this all day it's you know

57
00:03:34,409 --> 00:03:31,479
Mario the space stations runs a 1 kilo

58
00:03:37,439 --> 00:03:34,419
per eight seconds so that means that we

59
00:03:40,680 --> 00:03:37,449
go around the earth in 90 minutes so we

60
00:03:43,559 --> 00:03:40,690
have about 55 minutes of daylight and 35

61
00:03:46,589 --> 00:03:43,569
minutes of nighttime so we can't live in

62
00:03:52,289 --> 00:03:46,599
that cycle so in the space station we

63
00:03:55,649 --> 00:03:52,299

use set time to live so we come to the

64

00:03:57,960 --> 00:03:55,659

time when we did in 80 days time we put

65

00:04:00,839 --> 00:03:57,970

the light on and during the other time

66

00:04:04,619 --> 00:04:00,849

we put off the light so it does not give

67

00:04:08,009 --> 00:04:04,629

us really daytime and nighttime but we

68

00:04:09,869 --> 00:04:08,019

can feel it a body feels the data in

69

00:04:11,879 --> 00:04:09,879

nighttime so thank you very much for

70

00:04:14,479 --> 00:04:11,889

your wonderful questions thank you very

71

00:04:18,420 --> 00:04:14,489

much doctor who do co-op so the next

72

00:04:22,950 --> 00:04:18,430

person who is going to ask question no

73

00:04:24,779 --> 00:04:22,960

yoga kokanee order sku this project i

74

00:04:26,450 --> 00:04:24,789

know all those are keen to stay high

75

00:04:30,770 --> 00:04:26,460

Cougars are you up for

76
00:04:33,680 --> 00:04:30,780
soon nanami and Mizuki Conda who made

77
00:04:35,689 --> 00:04:33,690
haiku and paintings respectively are

78
00:04:39,890 --> 00:04:35,699
being hit by the great char Japan

79
00:04:42,890 --> 00:04:39,900
disaster and their works were collected

80
00:04:46,850 --> 00:04:42,900
and also sent to i assessed by Atlanta

81
00:04:48,800 --> 00:04:46,860
so you have already seen those works mr.

82
00:04:56,480 --> 00:04:48,810
hirakawa what does the total area look

83
00:04:59,270 --> 00:04:56,490
like from ISS hi ed metaxia ed you to

84
00:05:01,279 --> 00:04:59,280
Karachi Amita Noah died since I autónoma

85
00:05:04,189 --> 00:05:01,289
nan desu kedo voy haciendo Sachin Tokra

86
00:05:08,810 --> 00:05:04,199
burrito kaigan seunga's cosita I only

87
00:05:12,350 --> 00:05:08,820
saw the ground only after the faster

88
00:05:14,270 --> 00:05:12,360

when I compared seeing at the picture it

89

00:05:17,170 --> 00:05:14,280

seems like the confined is a little bit

90

00:05:22,249 --> 00:05:17,180

different so during the daytime the

91

00:05:25,309 --> 00:05:22,259

ground looks very bright beautiful with

92

00:05:27,820 --> 00:05:25,319

green and beautiful hope diversey and

93

00:05:31,189 --> 00:05:27,830

also during the night time I see the

94

00:05:34,159 --> 00:05:31,199

lights it's not so bright but I'm sure

95

00:05:37,999 --> 00:05:34,169

that it is going to recover strongly and

96

00:05:40,210 --> 00:05:38,009

by the way I have received your DVD did

97

00:05:43,610 --> 00:05:40,220

anyone i'm so glad to see that it

98

00:05:45,770 --> 00:05:43,620

arrived to you so it's been sent from

99

00:05:49,850 --> 00:05:45,780

japan so the next question please I'm

100

00:05:52,760 --> 00:05:49,860

say taro Saito do school to another

101
00:05:55,640 --> 00:05:52,770
email okkiyam what made you so

102
00:06:01,430 --> 00:05:55,650
determined to become an astronaut what

103
00:06:07,370 --> 00:06:01,440
was your motivation to be enough I then

104
00:06:09,260 --> 00:06:07,380
he go yeah Mady Cara tied to you na dito

105
00:06:13,010 --> 00:06:09,270
edit I to you at zero you can watch it

106
00:06:14,770 --> 00:06:13,020
at Obama's the Marikana still give it a

107
00:06:17,120 --> 00:06:14,780
long will that I want to do something

108
00:06:19,279 --> 00:06:17,130
see all this Lo de and in order to

109
00:06:23,930 --> 00:06:19,289
accomplish something that's because it

110
00:06:27,320 --> 00:06:23,940
requires effort and time we need to do

111
00:06:31,610 --> 00:06:27,330
what you can on that day go by bus and

112
00:06:33,529 --> 00:06:31,620
also very important to believe in live

113
00:06:36,110 --> 00:06:33,539

in yourself so that you'll be able to

114

00:06:39,350 --> 00:06:36,120

accomplish it some Sunday thank you very

115

00:06:40,040 --> 00:06:39,360

much for your good question I'm shoko

116

00:06:42,619 --> 00:06:40,050

nakagawa

117

00:06:45,730 --> 00:06:42,629

from Tsukuba so I'm going to ask here

118

00:06:49,939 --> 00:06:45,740

from we are going to ask question from

119

00:06:52,159 --> 00:06:49,949

the goober I am gaku coaster get high

120

00:06:55,040 --> 00:06:52,169

school when someone can't eat finish

121

00:06:58,129 --> 00:06:55,050

their own school meal others we eat the

122

00:07:03,800 --> 00:06:58,139

rest for them have infiltrated foods and

123

00:07:07,879 --> 00:07:03,810

drinks with us tomorrow coca y de tener

124

00:07:10,939 --> 00:07:07,889

para ver Moche Monsieur kanazawa 80 ms

125

00:07:14,270 --> 00:07:10,949

trading foods very good we also do that

126
00:07:17,990 --> 00:07:14,280
here after ogino you geniuses America I

127
00:07:20,899 --> 00:07:18,000
re rocks career to go home and also

128
00:07:24,320 --> 00:07:20,909
American colleague eight Russian food

129
00:07:29,529 --> 00:07:24,330
and then they also had japanese food so

130
00:07:32,959 --> 00:07:29,539
yes we do biggin is not a good question

131
00:07:37,119 --> 00:07:32,969
goodness a not so jolly I did only have

132
00:07:40,070 --> 00:07:37,129
one student time Eddie would you wanna

133
00:07:44,629 --> 00:07:40,080
any advantage for doctors to perform an

134
00:07:49,249 --> 00:07:44,639
operation in zero gravity you have taken

135
00:07:52,519 --> 00:07:49,259
a small area talk it thank you for

136
00:07:54,890 --> 00:07:52,529
medical questions yoku nita dishes or

137
00:07:57,529 --> 00:07:54,900
co2 cylinder schedule if it is a normal

138
00:08:02,059 --> 00:07:57,539

operation we usually stand right next to

139

00:08:05,870 --> 00:08:02,069

their patients but in gravity you may be

140

00:08:08,360 --> 00:08:05,880

able to take a go right in front of the

141

00:08:11,110 --> 00:08:08,370

patient so the relationship between

142

00:08:16,010 --> 00:08:11,120

yourself sedation maybe more fear than

143

00:08:19,189 --> 00:08:16,020

grant and the sagamu judo no joke i

144

00:08:24,439 --> 00:08:19,199

taught assistant and for the operation

145

00:08:27,290 --> 00:08:24,449

and the legs can be very heavy so as in

146

00:08:30,019 --> 00:08:27,300

their gravity gravity the legs are not

147

00:08:31,459 --> 00:08:30,029

so heavy and not heavy at all so we may

148

00:08:34,909 --> 00:08:31,469

be able to establish completely

149

00:08:36,860 --> 00:08:34,919

different procedure in space thank you

150

00:08:41,839 --> 00:08:36,870

for the good question next question

151
00:08:45,250 --> 00:08:41,849
please you know I Mohammad meet Kimmy de

152
00:08:50,900 --> 00:08:45,260
Ohama keep me dirty yeah what are they

153
00:08:54,700 --> 00:08:50,910
Jenny Khan Academy 34 kiddo demands go

154
00:09:03,590 --> 00:08:54,710
into space and satellite

155
00:09:09,790 --> 00:09:03,600
other machines yes it is expensive I'm

156
00:09:17,330 --> 00:09:09,800
gonna a danger come here the one this ha

157
00:09:20,480 --> 00:09:17,340
ha hi totemo code or the horn stick in

158
00:09:23,480 --> 00:09:20,490
high school arigato I know yo dona kanga

159
00:09:26,290 --> 00:09:23,490
thank you very much that's very secluded

160
00:09:28,220 --> 00:09:26,300
obama's if it got very essential

161
00:09:31,270 --> 00:09:28,230
question and there are a lot of

162
00:09:35,240 --> 00:09:31,280
discussion regarding that would you like

163
00:09:37,820 --> 00:09:35,250

horn or dairy cheese inc that the arena

164

00:09:42,380 --> 00:09:37,830

of activity to be expanded from ground

165

00:09:47,840 --> 00:09:42,390

to the space is but human beings are and

166

00:09:51,800 --> 00:09:47,850

it's natural just as fish went from the

167

00:09:55,040 --> 00:09:51,810

ocean to the ground and evolved into

168

00:09:56,210 --> 00:09:55,050

this form so it's the same thing thank

169

00:10:00,830 --> 00:09:56,220

you very much for very essential

170

00:10:06,980 --> 00:10:00,840

question conan naoko yamazaki gift

171

00:10:16,430 --> 00:10:06,990

greater yoshiyuki kageyama eyes of a

172

00:10:20,870 --> 00:10:16,440

room in ISS a meter hi Toby bukas

173

00:10:22,910 --> 00:10:20,880

marriott o de la chicho thank you for

174

00:10:24,860 --> 00:10:22,920

interesting question Oh me towards

175

00:10:30,290 --> 00:10:24,870

countess kodomo would you do it actually

176

00:10:33,010 --> 00:10:30,300

when you measure imago room area you

177

00:10:35,960 --> 00:10:33,020

measured by square meters of floor space

178

00:10:38,360 --> 00:10:35,970

but you have to do differently in space

179

00:10:41,630 --> 00:10:38,370

because you don't think that this is

180

00:10:45,079 --> 00:10:41,640

sailing so that it suddenly becomes 4 in

181

00:10:47,900 --> 00:10:45,089

space if you rotate we have to think

182

00:10:51,350 --> 00:10:47,910

you've got it can be dimensional way

183

00:10:54,050 --> 00:10:51,360

it's although we use cubic meter rather

184

00:10:57,800 --> 00:10:54,060

than square meter each ekika right tango

185

00:11:01,720 --> 00:10:57,810

keeping dry no heroes saga arima ho ISS

186

00:11:03,810 --> 00:11:01,730

water on a base is about the size of 1.5

187

00:11:09,170 --> 00:11:03,820

jumbo jet

188

00:11:12,270 --> 00:11:09,180

and is pretty good big and individual

189

00:11:15,000 --> 00:11:12,280

area is about two cubic meter one meter

190

00:11:18,480 --> 00:11:15,010

one meter by two meters and six people

191

00:11:25,950 --> 00:11:18,490

are using this broad face thank you very

192

00:11:31,020 --> 00:11:25,960

much for good question AXA beautiful and

193

00:11:33,120 --> 00:11:31,030

she wrote Oh remove color maserati

194

00:11:35,610 --> 00:11:33,130

Moscow if you tried to make pancake and

195

00:11:38,610 --> 00:11:35,620

s is it possible to mix all the

196

00:11:41,430 --> 00:11:38,620

ingredients hi Lu Chu the mix out Scout

197

00:11:45,230 --> 00:11:41,440

Oh mixer Coveney hanya Garrity's our

198

00:11:49,620 --> 00:11:45,240

yoga if you use a blender in base

199

00:11:54,630 --> 00:11:49,630

ingredient chetanas your note Masuka

200

00:11:57,810 --> 00:11:54,640

moscas terracotta banana it bounces

201

00:12:00,840 --> 00:11:57,820

Akshay was in the ceiling or the wall it

202

00:12:04,380 --> 00:12:00,850

may combusken it may blend like on the

203

00:12:06,900 --> 00:12:04,390

ground but if it sticks to the roll

204

00:12:09,270 --> 00:12:06,910

probably would not be blended so it's

205

00:12:13,230 --> 00:12:09,280

very good question the questioning

206

00:12:21,120 --> 00:12:13,240

things is very essential for integration

207

00:12:22,830 --> 00:12:21,130

in science thank you very much would you

208

00:12:31,640 --> 00:12:22,840

dare hang up your coat that Achilles

209

00:12:39,150 --> 00:12:35,220

see matsumoto tourniquet on the mochi

210

00:12:42,990 --> 00:12:39,160

donna guys you muscle you repeat the

211

00:12:45,240 --> 00:12:43,000

question I couldn't hear oh good another

212

00:12:56,440 --> 00:12:45,250

little desert possible to set off

213

00:13:03,860 --> 00:13:01,190

hi hanabi Deseret 80 you to know Cano so

214

00:13:07,069 --> 00:13:03,870

tohoshinki nano day I work let's get out

215

00:13:10,160 --> 00:13:07,079

to bail yes a doctor he got outside the

216

00:13:14,629 --> 00:13:10,170

space station ricotta dia de keema said

217

00:13:19,550 --> 00:13:14,639

there's no air oxygen so you cannot set

218

00:13:22,490 --> 00:13:19,560

off fireworks in normal way that we did

219

00:13:25,639 --> 00:13:22,500

they apply air holes which known around

220

00:13:28,730 --> 00:13:25,649

the line that's the gamma squad a fire

221

00:13:33,590 --> 00:13:28,740

and if you use a remote control switch

222

00:13:36,079 --> 00:13:33,600

then try to set off fireworks a possible

223

00:13:40,610 --> 00:13:36,089

and it might be interesting so probably

224

00:13:45,199 --> 00:13:40,620

you should try it in the long future the

225

00:13:49,460 --> 00:13:45,209

future it some are Christian it was

226

00:13:53,410 --> 00:13:49,470

shimazaki 5th grade up the process to

227

00:13:56,329 --> 00:13:53,420

purify urine into drinkable water in ISS

228

00:13:59,420 --> 00:13:56,339

hike automatic Arctic in estevan desnair

229

00:14:01,639 --> 00:13:59,430

it komaki imenno falutin oh thank you

230

00:14:04,509 --> 00:14:01,649

very much folks answer the question casa

231

00:14:07,699 --> 00:14:04,519

das study do you filter very fine

232

00:14:10,189 --> 00:14:07,709

kakakakakakaka tequila so delta ammonia

233

00:14:14,420 --> 00:14:10,199

pocus kumari telugu fair trade we also

234

00:14:19,819 --> 00:14:14,430

do chemical process to boob ammonia

235

00:14:22,900 --> 00:14:19,829

another brilliantly thank you very much

236

00:14:27,410 --> 00:14:22,910

for very they can lick my burger

237

00:14:30,680 --> 00:14:27,420

question no luck in okay yes and I'm ket

238

00:14:33,230 --> 00:14:30,690

Marquinho sixth-grader you're trying to

239

00:14:35,360 --> 00:14:33,240

save electricity in Japan right now can

240

00:14:41,569 --> 00:14:35,370

you actually see my changes from space

241

00:14:45,170 --> 00:14:41,579

it wat ashigaru chakara shikigami tanoa

242

00:14:47,870 --> 00:14:45,180

died since I rato de que de Sade yesh

243

00:14:50,689 --> 00:14:47,880

caca Dookie bazinga is it's only after

244

00:14:53,509 --> 00:14:50,699

the disaster that I looked down on the

245

00:14:56,629 --> 00:14:53,519

ground so I cannot directly compare but

246

00:14:59,829 --> 00:14:56,639

when I come with the pictures so

247

00:15:03,680 --> 00:14:59,839

therefore it seems like the pretty

248

00:15:05,930 --> 00:15:03,690

darker competitive before and of course

249

00:15:08,000 --> 00:15:05,940

it's important to save energy but you

250

00:15:12,710 --> 00:15:08,010

have also have to be careful

251
00:15:18,050 --> 00:15:12,720
after damage you know God a cure to this

252
00:15:22,580 --> 00:15:18,060
I am Kyoto kawada fourth grader I have

253
00:15:27,170 --> 00:15:22,590
two questions yo katamari not good I've

254
00:15:32,570 --> 00:15:27,180
seen what floating in a lump under zero

255
00:15:35,720 --> 00:15:32,580
gravity and how does God boat and flow

256
00:15:39,950 --> 00:15:35,730
in the state of zero gravity and I hear

257
00:15:42,320 --> 00:15:39,960
that you adopt new medicine in space

258
00:15:44,990 --> 00:15:42,330
what are the kind of medicine that you

259
00:15:49,340 --> 00:15:45,000
might develop in space i cocked iquitos

260
00:15:52,280 --> 00:15:49,350
loreto puzzle a Missoula and K very much

261
00:15:56,870 --> 00:15:52,290
for scientific question Tokomaru

262
00:15:59,420 --> 00:15:56,880
festival water ducky Domo nice in itself

263
00:16:05,660 --> 00:15:59,430

becomes like a ball cause you know God

264

00:16:11,930 --> 00:16:05,670

when it touched something red on there

265

00:16:14,300 --> 00:16:11,940

it's called interface the tension aku

266

00:16:17,720 --> 00:16:14,310

could take you another careful so the

267

00:16:19,630 --> 00:16:17,730

kurakin blood vessel it so just like on

268

00:16:24,470 --> 00:16:19,640

the grounds logic came in regarding

269

00:16:29,270 --> 00:16:24,480

medicines sorry ba you to know machine I

270

00:16:32,960 --> 00:16:29,280

can't be saying related dementias then

271

00:16:36,520 --> 00:16:32,970

Eric gravity Paris you can make better

272

00:16:39,890 --> 00:16:36,530

yo she was type of protein utilizing

273

00:16:42,560 --> 00:16:39,900

that exudes good Tomas gonna know

274

00:16:46,400 --> 00:16:42,570

develop we trying to your title okay

275

00:16:48,290 --> 00:16:46,410

defense perfectly equal Silvio de so

276

00:16:50,330 --> 00:16:48,300

then don't a cancer drug was so much

277

00:16:52,970 --> 00:16:50,340

even you to blood cancer you have

278

00:16:55,850 --> 00:16:52,980

angiogenesis and we are trying to

279

00:17:00,580 --> 00:16:55,860

develop the medicine that brush it may

280

00:17:05,030 --> 00:17:00,590

be youth useful for because one tie

281

00:17:06,949 --> 00:17:05,040

answer fickes e so thank you very much

282

00:17:10,850 --> 00:17:06,959

for very good question we are conducting

283

00:17:16,159 --> 00:17:10,860

that experiment right next to time Stan

284

00:17:22,429 --> 00:17:16,169

sitting next question I'm saya Yamato

285

00:17:23,929 --> 00:17:22,439

landesk up and fifth grader and what are

286

00:17:25,759 --> 00:17:23,939

the things that you're looking forward

287

00:17:28,820 --> 00:17:25,769

to discovering in space of the doctor

288

00:17:31,220 --> 00:17:28,830

thought I'd esto honea ki nikal gaya

289

00:17:33,970 --> 00:17:31,230

walking up to smell his net this in zero

290

00:17:37,669 --> 00:17:33,980

gravity the cigar so then you our

291

00:17:39,229 --> 00:17:37,679

bombers flew at loss and also muscles

292

00:17:43,549 --> 00:17:39,239

maybe he's got a long did you and you

293

00:17:46,820 --> 00:17:43,559

know they prevented exercise but at the

294

00:17:50,029 --> 00:17:46,830

same time we take medicine to prevent

295

00:17:52,729 --> 00:17:50,039

that process so we ourselves like

296

00:17:55,070 --> 00:17:52,739

subject for those experiment and through

297

00:17:57,470 --> 00:17:55,080

those experiments we are trying to

298

00:17:59,359 --> 00:17:57,480

prepare for the time when everyone can

299

00:18:04,220 --> 00:17:59,369

go into space someday thank you very

300

00:18:06,859 --> 00:18:04,230

much for your question and you look at

301
00:18:08,539 --> 00:18:06,869
that like oh gosh son you know the black

302
00:18:10,970 --> 00:18:08,549
person to ask question I'm shoko

303
00:18:14,060 --> 00:18:10,980
nakagawa I love space and I would like

304
00:18:17,299 --> 00:18:14,070
to go to space some time and I'm looking

305
00:18:22,159 --> 00:18:17,309
forward to beautiful picture taken from

306
00:18:24,229 --> 00:18:22,169
the space so I was how much it is thank

307
00:18:27,739 --> 00:18:24,239
you very much looking forward to it

308
00:18:29,450 --> 00:18:27,749
myself they were Venus an investor the

309
00:18:36,649 --> 00:18:29,460
only guy decimas electric reverse

310
00:18:38,960 --> 00:18:36,659
message hi ms agia meet sorry mas esto

311
00:18:41,299 --> 00:18:38,970
SE mira y lo unico Tony qo Miyamoto I

312
00:18:45,259 --> 00:18:41,309
have three messages this is the message

313
00:18:48,080 --> 00:18:45,269

one is to take interest in very serious

314

00:18:51,739 --> 00:18:48,090

what to restore its only a study but

315

00:18:54,680 --> 00:18:51,749

exercise of paintings becca they help

316

00:18:58,399 --> 00:18:54,690

people who are in difficulties take

317

00:19:01,700 --> 00:18:58,409

interest how curiosity in various areas

318

00:19:03,289 --> 00:19:01,710

and that process i'm sure that you so

319

00:19:05,830 --> 00:19:03,299

like find something that you're very

320

00:19:09,529 --> 00:19:05,840

good at and the second is have a dream

321

00:19:11,269 --> 00:19:09,539

host it it's really want to be this kind

322

00:19:13,460 --> 00:19:11,279

of person you want to do something in

323

00:19:17,029 --> 00:19:13,470

the future that's having a dream and the

324

00:19:21,109 --> 00:19:17,039

third message is to make effort towards

325

00:19:23,859 --> 00:19:21,119

those dream email wow you can go closer

326

00:19:26,950 --> 00:19:23,869

to the dream and take little first step

327

00:19:29,900 --> 00:19:26,960

maintain the dream and at the same time

328

00:19:31,880 --> 00:19:29,910

continue the effort

329

00:19:33,800 --> 00:19:31,890

if you do that if you continue to do

330

00:19:38,180 --> 00:19:33,810

that most of the dreams will come true

331

00:19:42,200 --> 00:19:38,190

and I'm supporting you if that your

332

00:19:44,030 --> 00:19:42,210

dreams will come true cool examiner

333

00:19:46,640 --> 00:19:44,040

guinea to Peter documentable and you had

334

00:19:50,840 --> 00:19:46,650

taken the beautiful scene only for the

335

00:19:54,970 --> 00:19:50,850

toba toba descargar cookin TV program so

336

00:20:01,120 --> 00:19:54,980

everyone let's say thank you to dr. Kawa

337

00:20:07,700 --> 00:20:04,370

arigato gozaimasu taco Davao genki over

338

00:20:11,750 --> 00:20:07,710

I mosta dome arigato thank you very much

339

00:20:15,950 --> 00:20:11,760

I was given a lot of energy and talking

340

00:20:21,530 --> 00:20:15,960

to you thank you so much it could

341

00:20:27,530 --> 00:20:21,540

communicate is rotating corrigan Musyoka

342

00:20:32,300 --> 00:20:27,540

this is your gravity this is so fun very

343

00:20:34,610 --> 00:20:32,310

lovely kind conversation we couldn't do

344

00:20:37,520 --> 00:20:34,620

all the questions that we could hear a

345

00:20:39,710 --> 00:20:37,530

lot from Doctor Who color that was

346

00:20:44,120 --> 00:20:39,720

really impatient this is Houston ACR

347

00:20:47,270 --> 00:20:44,130

that concludes the event thank you thank

348

00:20:49,700 --> 00:20:47,280

you Cuba sentado santa ana sonya thomas
