

1
00:00:26,870 --> 00:00:24,070
since we've seen it the last two nights

2
00:00:29,029 --> 00:00:26,880
the uh the eye is not yet discernible to

3
00:00:31,589 --> 00:00:29,039
tell if it's really an open eye but

4
00:00:33,590 --> 00:00:31,599
there's definitely a central eye formed

5
00:00:34,950 --> 00:00:33,600
there's a difference

6
00:00:38,790 --> 00:00:34,960
kind of right in the center of the video

7
00:00:47,190 --> 00:00:41,830
and mike we see that it's just uh

8
00:00:51,270 --> 00:00:49,910
it is big i'll zoom back out you can get

9
00:00:52,709 --> 00:00:51,280
an idea

10
00:00:58,709 --> 00:00:52,719
we're actually flying over some of the

11
00:02:29,190 --> 00:01:00,950
that's an absolutely great picture thank

12
00:02:33,830 --> 00:02:31,430
okay shannon we've got a good book

13
00:02:35,589 --> 00:02:33,840

down into the eye from here and the the

14

00:02:38,869 --> 00:02:35,599

eye the central eye is definitely

15

00:02:42,150 --> 00:02:40,630

and mike we can see that thanks so much

16

00:03:17,830 --> 00:02:42,160

for getting that

17

00:03:22,630 --> 00:03:20,309

okay we've got uh we're just passing off

18

00:03:24,550 --> 00:03:22,640

the side of irene right now we're

19

00:03:28,789 --> 00:03:24,560

directly off our

20

00:03:32,550 --> 00:03:30,390

and mike we copy that and for your

21

00:03:34,550 --> 00:03:32,560

information i've just been told it's uh

22

00:03:36,710 --> 00:03:34,560

the wind's in there 120 miles per hour

23

00:03:37,990 --> 00:03:36,720

at this point it's a cat 3 and they

24

00:03:44,390 --> 00:03:38,000

expect it to

25

00:03:47,670 --> 00:03:46,630

copy that it does look like

26

00:03:48,949 --> 00:03:47,680

actually

27

00:03:51,589 --> 00:03:48,959

covering

28

00:03:58,229 --> 00:03:51,599

less surface area today than it did the

29

00:04:03,030 --> 00:04:00,630

but the the central part's very uniform

30

00:06:57,430 --> 00:04:03,040

very dense

31

00:07:02,230 --> 00:06:59,510

okay shannon we're

32

00:07:03,029 --> 00:07:02,240

irene's passing over the horizon from us

33

00:07:05,749 --> 00:07:03,039

now

34

00:07:07,510 --> 00:07:05,759

that she's definitely a big storm and

35

00:07:10,150 --> 00:07:07,520

people in her way that are betting down

36

00:07:14,469 --> 00:07:12,710

and mike we concur with you those just

37

00:07:16,390 --> 00:07:14,479

awesome views thank you so much and we

38

00:07:24,230 --> 00:07:16,400

all voted down here to make you the

39

00:07:27,510 --> 00:07:25,749

uh ronnie's with me here he's getting

40

00:07:28,950 --> 00:07:27,520

the photographs and

41

00:07:31,430 --> 00:07:28,960

yeah we don't we don't want to observe

42

00:07:33,990 --> 00:07:31,440

too many of these things
