for aviation and rocketry achievements

11
00:01:47,990 --> 00:01:46,000
today

12
00:01:50,230 --> 00:01:48,000
for the first time

they have been given

00:01:57,510 --> 00:01:54,320
for achievements in space flight

15

00:02:00,230 --> 00:01:57,520
in an appropriate coincidence

16

00:02:01,749 --> 00:02:00,240
apollo 11's mission emblem and crew

17

00:02:05,270 --> 00:02:01,759
patch

18

00:02:08,389 --> 00:02:05,280
also featured an american bald eagle

19

00:02:11,270 --> 00:02:08,399
carrying an olive branch

20

00:02:12,630 --> 00:02:11,280
the apollo 11 crew is

21

00:02:15,270 --> 00:02:12,640
honored

22

00:02:16,790 --> 00:02:15,280
to receive the congressional gold medal

23

00:02:18,070 --> 00:02:16,800
and accept

24

00:02:20,830 --> 00:02:18,080
on behalf

25

00:02:23,670 --> 00:02:20,840
of our fellow apollo

26

00:02:25,830 --> 00:02:23,680

teammates all those who played a role in

27

00:02:28,070 --> 00:02:25,840

expanding the human presence

28

00:02:30,550 --> 00:02:28,080

outward from earth

29

00:02:32,309 --> 00:02:30,560

and all those who played a role

30

00:02:34,150 --> 00:02:32,319

in expanding human knowledge of the

31

00:02:34,830 --> 00:02:34,160

solar system

32

00:02:38,470 --> 00:02:34,840

and

33

00:02:45,030 --> 00:02:38,480

beyond we thank the congress

34

00:02:49,190 --> 00:02:46,949

now we must consider ourselves among the

35

00:02:51,190 --> 00:02:49,200

most fortunate of all generations for we

36

00:02:54,869 --> 00:02:51,200

have lived at a time

37

00:02:56,790 --> 00:02:54,879

when the dream became a reality

38

00:02:59,190 --> 00:02:56,800

when we finally could travel above the

39

00:03:01,270 --> 00:02:59,200

atmosphere around the earth

40

00:03:02,630 --> 00:03:01,280

where we could establish laboratories in

41

00:03:04,949 --> 00:03:02,640

space

42

00:03:08,309 --> 00:03:04,959

and do research

43

00:03:11,670 --> 00:03:08,319

and for the very first time in history

44

00:03:13,830 --> 00:03:11,680

leave human footprints on some place

45

00:03:16,790 --> 00:03:13,840

other than earth

46

00:03:19,670 --> 00:03:16,800

as neil and buzz and mike made their

47

00:03:21,270 --> 00:03:19,680

epic journey

48

00:03:22,869 --> 00:03:21,280

the message they left on the lunar

49

00:03:24,949 --> 00:03:22,879

surface

50

00:03:27,350 --> 00:03:24,959

could be said of all our manned space

51
00:03:34,470 --> 00:03:27,360
travels

52
00:03:40,710 --> 00:03:38,149
these dreams were brought to life

53
00:03:43,030 --> 00:03:40,720
by one of the most dedicated and capable

54
00:03:46,390 --> 00:03:43,040
teams ever put together workers

55
00:03:48,949 --> 00:03:46,400
technicians engineers scientists

56
00:03:51,430 --> 00:03:48,959
honored as we are today

57
00:03:55,190 --> 00:03:51,440
we certainly share this recognition with

58
00:04:00,149 --> 00:03:56,949
we now call on a new generation of

59
00:04:01,509 --> 00:04:00,159
explorers to go where we have never gone

60
00:04:03,670 --> 00:04:01,519
before

61
00:04:05,509 --> 00:04:03,680
as we honor these heroes

62
00:04:08,070 --> 00:04:05,519
i want to recognize the hundreds and

63
00:04:10,710 --> 00:04:08,080

thousands of dedicated nasa employees

64

00:04:12,390 --> 00:04:10,720

and industry partners who contributed to

65

00:04:14,309 --> 00:04:12,400

the incredible success

66

00:04:16,150 --> 00:04:14,319

of the mercury gemini and apollo

67

00:04:18,629 --> 00:04:16,160

programs and all
