

1  
00:00:05,749 --> 00:00:03,030  
this replay uh that is being provided by

2  
00:00:06,950 --> 00:00:05,759  
anton shkaplerov shows the uh hatch

3  
00:00:09,350 --> 00:00:06,960  
interface

4  
00:00:12,070 --> 00:00:09,360  
between the the soyuz hatch and the

5  
00:00:14,150 --> 00:00:12,080  
hatch to the rossview module

6  
00:00:16,630 --> 00:00:14,160  
this is a standard operating procedure

7  
00:00:19,510 --> 00:00:16,640  
to take a quick look to make sure that

8  
00:00:22,150 --> 00:00:19,520  
there's no foreign object debris or any

9  
00:00:24,390 --> 00:00:22,160  
uh particles of an untoward nature

10  
00:00:25,830 --> 00:00:24,400  
that could contaminate the seal and

11  
00:00:26,870 --> 00:00:25,840  
prevent a good leak check and an

12  
00:00:28,950 --> 00:00:26,880  
airtight

13  
00:00:30,550 --> 00:00:28,960

pressure drop seal between the two

14

00:00:31,910 --> 00:00:30,560

docking interfaces

15

00:00:33,670 --> 00:00:31,920

and there you see

16

00:00:35,910 --> 00:00:33,680

a video of volkov

17

00:00:38,150 --> 00:00:35,920

in the middle mike fossum on the left

18

00:00:40,150 --> 00:00:38,160

satoshi furukawa on the right

19

00:00:43,190 --> 00:00:40,160

a final thumbs up to their crewmates as

20

00:00:44,389 --> 00:00:43,200

they bid farewell to burbank shkaplerov

21

00:00:46,470 --> 00:00:44,399

and ivanishin
