

1
00:00:30,150 --> 00:00:28,710
at the end of our five and a half month

2
00:00:31,589 --> 00:00:30,160
mission it was really a bittersweet

3
00:00:34,229 --> 00:00:31,599
moment as we say goodbye to our friends

4
00:00:36,790 --> 00:00:34,239
we say goodbye to our home the iss

5
00:00:38,470 --> 00:00:36,800
but we were very eager to return back to

6
00:00:40,470 --> 00:00:38,480
our our beautiful earth and we were

7
00:00:41,430 --> 00:00:40,480
going to savor the last moments in space

8
00:00:43,590 --> 00:00:41,440
and

9
00:00:45,590 --> 00:00:43,600
savor that as we did a couple of laps

10
00:00:57,590 --> 00:00:45,600
around the earth before heading back to

11
00:00:57,600 --> 00:01:24,070
thank home

12
00:01:29,910 --> 00:01:27,670
did you think that your feet had been

13
00:01:33,030 --> 00:01:29,920

bound

14

00:01:36,390 --> 00:01:33,040

by what gravity brings

15

00:01:42,069 --> 00:01:39,109

did you feel you were tricked

16

00:01:48,469 --> 00:01:42,079

by the future you picked

17

00:01:54,469 --> 00:01:51,270

all these rules don't apply

18

00:01:57,670 --> 00:01:54,479

when you're high in the sky

19

00:02:00,149 --> 00:01:57,680

so coming down

20

00:02:03,670 --> 00:02:00,159

come on down

21

00:02:05,590 --> 00:02:03,680

we're coming down to the ground

22

00:02:15,750 --> 00:02:05,600

there's no better place

23

00:02:15,760 --> 00:02:32,710

we hear the birds

24

00:02:32,720 --> 00:02:38,949

did you think he'd escaped from routine

25

00:02:45,190 --> 00:02:41,670

by changing the script

26
00:02:50,869 --> 00:02:49,509
despite all you made of it you're always

27
00:02:56,869 --> 00:02:50,879
afraid

28
00:03:12,390 --> 00:03:00,309
you've got a lot on your chest well you

29
00:03:12,400 --> 00:03:19,830
there's no better place to go

30
00:03:44,830 --> 00:03:37,830
is

31
00:03:49,750 --> 00:03:44,840
we felt at home in the

32
00:03:53,830 --> 00:03:49,760
sea learned to live off the good land

33
00:04:01,990 --> 00:03:58,149
then we got up on two legs

34
00:04:09,350 --> 00:04:06,070
and when we messed up our homeland

35
00:04:12,869 --> 00:04:09,360
we set sail for the sky

36
00:04:39,830 --> 00:04:12,879
we're coming down to the ground

37
00:04:39,840 --> 00:04:58,150
like babies of birth

38
00:04:58,160 --> 00:05:05,150

we're coming down to the

39

00:05:05,160 --> 00:05:19,909

ground up

40

00:05:39,909 --> 00:05:33,430

is

41

00:05:39,919 --> 00:06:11,029

in the trees

42

00:06:11,039 --> 00:06:43,029

so
