00:00:30,950 --> 00:00:28,080
this is my first space journey and it's

11
00:00:33,830 --> 00:00:30,960
going to be my first new year in space

12
00:00:36,389 --> 00:00:33,840
and i must say is just amazing to see

13
00:00:38,950 --> 00:00:36,399

our beautiful planet from space

14

00:00:40,869 --> 00:00:38,960

and i would like to wish everybody on

15

00:00:41,990 --> 00:00:40,879

this beautiful planet

16

00:00:51,110 --> 00:00:42,000

new year

17

00:00:56,830 --> 00:00:52,950

31

00:02:01,910 --> 00:02:00,079

doctor and worked in the space business

32

00:02:03,270 --> 00:02:01,920

for a long time and i'm very pleased to

33

00:02:05,510 --> 00:02:03,280

be here for the second time in the

34

00:02:07,510 --> 00:02:05,520

international space station and to work

35

00:02:09,749 --> 00:02:07,520

with this international team

36

00:02:12,790 --> 00:02:09,759

and in my own language

37

00:02:18,070 --> 00:02:12,800

igvent idrain and fantastic

38

00:02:23,110 --> 00:02:19,750

i'm don pettit

39

00:02:26,550 --> 00:02:23,120

an engineer by schooling a scientist by

40

00:02:29,830 --> 00:02:26,560

profession and an explorer at heart

41

00:02:32,790 --> 00:02:29,840

and i wish everybody a new year

42

00:02:34,869 --> 00:02:32,800

and this is a good time to reflect upon

43

00:02:39,750 --> 00:02:34,879

where we have all been

44

00:02:43,990 --> 00:02:41,670

and again dan burbank i didn't think i

45

00:02:46,470 --> 00:02:44,000

told you but from connecticut formerly a

46

00:02:48,150 --> 00:02:46,480

coast guard helicopter pilot and from

47

00:02:49,910 --> 00:02:48,160

aboard the international space station a

48

00:02:52,150 --> 00:02:49,920

truly international space station built

49

00:02:54,630 --> 00:02:52,160

by countries all over the world from a
