3
00:00:16,150 --> 00:00:13,679
you're looking out the window looking at

4
00:00:18,390 --> 00:00:16,160
the cupola the i was the grinch this

5
00:00:22,390 --> 00:00:18,400
year mike you're kind of like a bad

6
00:00:26,390 --> 00:00:24,710
and i am inside the flight control room

7
00:00:29,029 --> 00:00:26,400
and we're getting ready to speak to dan

8
00:00:30,150 --> 00:00:29,039
burbank and don pettit they're in space

9
00:00:33,030 --> 00:00:30,160
and we're going to see what they're up

10
00:00:34,950 --> 00:00:33,040
to hey don and uh dan heady here

11
00:00:36,310 --> 00:00:34,960
hey max we got you loud and clear okay

12
00:00:38,229 --> 00:00:36,320
we got you the same you're up on the big

13
00:00:39,190 --> 00:00:38,239

screen you guys look great happy new

14

00:00:40,549 --> 00:00:39,200

year

15

00:00:42,229 --> 00:00:40,559

and uh that's one thing we wanted to

16

00:00:44,630 --> 00:00:42,239

talk to you about we've got this new new

17

00:00:46,389 --> 00:00:44,640

year here just started you guys are up

18

00:00:48,229 --> 00:00:46,399

uh in space for the holidays what'd you

19

00:00:49,430 --> 00:00:48,239

guys do for the holidays how did you how

20

00:00:50,790 --> 00:00:49,440

did you spend them

21

00:00:53,029 --> 00:00:50,800

well probably like we would have done on

22

00:00:54,229 --> 00:00:53,039

the ground we ate an awful lot and we

23

00:00:55,750 --> 00:00:54,239

spent a lot of time together had a lot

24

00:00:57,670 --> 00:00:55,760

of meals together spent a little bit of

25

00:01:00,150 --> 00:00:57,680

time looking out the window

26

00:01:03,189 --> 00:01:00,160

and worked on some things

27

00:01:04,950 --> 00:01:03,199

yeah we we had a fair amount of little

28

00:01:06,230 --> 00:01:04,960

tasks that showed up on the timeline and

29

00:01:07,750 --> 00:01:06,240

we uh

30

00:01:09,350 --> 00:01:07,760

worked through those as quick as we

31

00:01:11,510 --> 00:01:09,360

could and then we got back to doing a

32

00:01:12,950 --> 00:01:11,520

bit of celebration

33

00:01:15,429 --> 00:01:12,960

how did you handle how did you handle

34

00:01:17,190 --> 00:01:15,439

the holiday shopping i mean you've got

35

00:01:18,550 --> 00:01:17,200

was it all online what did you do did

36

00:01:20,390 --> 00:01:18,560

you have little elves to help you out on

37

00:01:23,510 --> 00:01:20,400

the ground what happened

38

00:01:24,630 --> 00:01:23,520

uh that's easy i was the grinch this

39

00:01:28,390 --> 00:01:24,640

year

40

00:01:31,510 --> 00:01:28,400

uh i be before i blast it off i gave my

41

00:01:34,149 --> 00:01:31,520

wife my credit card so uh i i'm letting

42

00:01:36,230 --> 00:01:34,159

her take care all of that and uh i've

43

00:01:38,870 --> 00:01:36,240

i've just been so involved with getting

44

00:01:40,789 --> 00:01:38,880

ready for this mission that uh the

45

00:01:44,469 --> 00:01:40,799

buying gifts just kind of fell off the

46

00:01:46,550 --> 00:01:44,479

edge of the the the universe

47

00:01:49,190 --> 00:01:46,560

yeah i guess if you have um a good

48

00:01:50,870 --> 00:01:49,200

excuse uh being in space is probably one

49

00:01:53,109 --> 00:01:50,880

of them and i think my wife has my

50

00:01:57,030 --> 00:01:53,119

credit cards all the time so so it was

51
00:02:01,030 --> 00:01:59,030
now one thing that my wife doesn't

52
00:02:02,789 --> 00:02:01,040
realize since i'm gonna be gone for a

53
00:02:04,069 --> 00:02:02,799
while not only does she have the credit

54
00:02:07,590 --> 00:02:04,079
card but she's gonna have to deal with

55
00:02:09,510 --> 00:02:07,600
the bill that comes too

56
00:02:10,469 --> 00:02:09,520
okay all right any santa claus sightings

57
00:02:12,070 --> 00:02:10,479
when you're looking out the window

58
00:02:14,550 --> 00:02:12,080
looking at the cupola

59
00:02:16,309 --> 00:02:14,560
uh none none no santa claus sightings at

60
00:02:19,030 --> 00:02:16,319
all but we know norad was tracking him

61
00:02:21,990 --> 00:02:19,040
and we did keep our eyes out but uh i

62
00:02:24,550 --> 00:02:22,000
think uh i think we he squeaked by

63
00:02:26,470 --> 00:02:24,560

without us seeing him this year

64

00:02:29,830 --> 00:02:26,480

and we've got this new infrared camera

65

00:02:32,229 --> 00:02:29,840

and i was taking pictures of the comet

66

00:02:34,790 --> 00:02:32,239

lovejoy and i noticed this little blip

67

00:02:36,630 --> 00:02:34,800

in the comet tail and i and that only

68

00:02:38,630 --> 00:02:36,640

showed up in an infrared signature and i

69

00:02:40,390 --> 00:02:38,640

think that must have been santa claus's

70

00:02:41,670 --> 00:02:40,400

sled could have been rudolph could have

71

00:02:43,589 --> 00:02:41,680

been rudolph

72

00:02:44,710 --> 00:02:43,599

you know his nose blinks in the infrared

73

00:02:46,390 --> 00:02:44,720

as well

74

00:02:47,750 --> 00:02:46,400

there you have it kids all right guys i

75

00:02:49,830 --> 00:02:47,760

tell you what you know this is kind of

76

00:02:51,350 --> 00:02:49,840

like a holiday show because it's just

77

00:02:53,110 --> 00:02:51,360

after the holidays and just like any

78

00:02:54,790 --> 00:02:53,120

good holiday show that has special

79

00:02:56,710 --> 00:02:54,800

guests we have a special guest for you

80

00:02:58,869 --> 00:02:56,720

81

00:03:00,710 --> 00:02:58,879

84

00:03:05,910 --> 00:03:03,840

mess and you've been doing a lot of

85

00:03:08,470 --> 00:03:05,920

cleanup nice job

86

00:03:10,550 --> 00:03:08,480

we you know mike mike you're kind of

87

00:03:12,869 --> 00:03:10,560

88

00:03:16,229 --> 00:03:12,879

91

00:03:23,190 --> 00:03:20,720

board here and uh i'm sorry once again

93

00:03:26,869 --> 00:03:25,040

we just had a few days worth of handover

94

00:03:29,670 --> 00:03:26,879

with dan there so i'm really sorry about

95

00:03:31,910 --> 00:03:29,680

the the mess we left the place buddy i

96

00:03:33,830 --> 00:03:31,920

know what it was like as uh you uh got

97

00:03:35,350 --> 00:03:33,840

us uh you know packed up and out the

98

00:03:36,470 --> 00:03:35,360

door after just being there four days

99

00:03:38,229 --> 00:03:36,480

yourself

100

00:03:39,830 --> 00:03:38,239

i actually we you know the beauty of the

101

00:03:42,149 --> 00:03:39,840

way we did this is we started our

102

00:03:44,070 --> 00:03:42,159

handover like months before so uh you

103

00:03:46,309 --> 00:03:44,080

were you were training and training me

104

00:03:48,470 --> 00:03:46,319

and handing over to me for uh for many

105

00:03:50,390 --> 00:03:48,480

weeks before i got here and then it was

106

00:03:52,630 --> 00:03:50,400

kind of that whirlwind couple of days

107

00:03:54,710 --> 00:03:52,640

that we had and uh you always been a

108

00:03:56,390 --> 00:03:54,720

phone call away and that's been a huge
