

1  
00:00:25,520 --> 00:00:29,230  
really potent

2  
00:00:29,240 --> 00:01:06,500  
skyward

3  
00:01:10,380 --> 00:01:08,550  
hey good morning

4  
00:01:12,750 --> 00:01:10,390  
we're over here for our farewell

5  
00:01:26,100 --> 00:01:12,760  
breakfast in Star City we'll be leaving

6  
00:03:28,539 --> 00:01:26,110  
for Baikonur so it's a traditional to be

7  
00:03:40,309 --> 00:03:35,319  
yeah Ruthy friends family acquaintances

8  
00:03:41,509 --> 00:03:40,319  
everybody please come on in okay so the

9  
00:06:01,720 --> 00:03:41,519  
crew goes in first

10  
00:06:07,870 --> 00:06:04,520  
but Daniel is another one

11  
00:06:07,880 --> 00:06:34,890  
and they

12  
00:06:34,900 --> 00:07:12,890  
you know you

13  
00:07:16,890 --> 00:07:15,540

so you're flying as a commander correct

14

00:07:21,000 --> 00:07:16,900

so how are you feeling

15

00:07:22,530 --> 00:07:21,010

the usual it's all safe and reliable the

16

00:07:24,000 --> 00:07:22,540

vehicle is the same the station is

17

00:07:26,760 --> 00:07:24,010

bigger than last time the crew is

18

00:07:31,860 --> 00:07:26,770

different but this is a reliable

19

00:07:33,780 --> 00:07:31,870

dependable crew so I feel very good in

20

00:07:35,700 --> 00:07:33,790

your opinion what is more important your

21

00:07:37,560 --> 00:07:35,710

personality or your professional quality

22

00:07:39,840 --> 00:07:37,570

so I think your personality because the

23

00:07:42,180 --> 00:07:39,850

most difficult thing in spaceflight is

24

00:07:44,940 --> 00:07:42,190

the compatibility of the Quran being the

25

00:07:50,220 --> 00:07:44,950

emotional atmosphere and I feel that we

26  
00:07:51,960 --> 00:07:50,230  
are a very good unit here you are flying

27  
00:07:53,490 --> 00:07:51,970  
for the first time how are you feeling

28  
00:07:55,080 --> 00:07:53,500  
what are you thinking about at this

29  
00:07:57,390 --> 00:07:55,090  
point - the only thing I'm thinking

30  
00:07:59,640 --> 00:07:57,400  
about is that this is the final

31  
00:08:01,350 --> 00:07:59,650  
preparation stage for us and I want to

32  
00:08:04,350 --> 00:08:01,360  
make sure that I go through it without

33  
00:08:06,720 --> 00:08:04,360  
any issues again just preparing

34  
00:08:09,990 --> 00:08:06,730  
preparing preparing and I'm sure I'll

35  
00:08:11,580 --> 00:08:10,000  
get excited a little later when we're

36  
00:08:16,879 --> 00:08:11,590  
sitting on the launch pad but at this

37  
00:08:21,210 --> 00:08:19,740  
my question is I've seen the Soyuz

38  
00:08:22,890 --> 00:08:21,220

launch I wonder what the crew is

39

00:08:25,320 --> 00:08:22,900

thinking when they're sitting on top of

40

00:08:27,360 --> 00:08:25,330

this huge rocket well the crew is busy

41

00:08:31,320 --> 00:08:27,370

working we're looking at the parameters

42

00:08:33,449 --> 00:08:31,330

we are doing certain things for flight

43

00:08:36,029 --> 00:08:33,459

and of course we do feel the movement

44

00:08:36,990 --> 00:08:36,039

and the g-loads but in general we're too

45

00:08:40,740 --> 00:08:37,000

busy working

46

00:08:43,949 --> 00:08:40,750

what is the work program that you're

47

00:08:45,569 --> 00:08:43,959

expecting to accomplish our schedule

48

00:08:47,430 --> 00:08:45,579

will be very busy because we'll have

49

00:08:50,340 --> 00:08:47,440

several progress and Soyuz flights while

50

00:08:53,160 --> 00:08:50,350

we're there as well as an ATV flight and

51  
00:08:55,230 --> 00:08:53,170  
the HTV flight will have the extra

52  
00:09:06,389 --> 00:08:55,240  
vehicle activity so we are going to be

53  
00:09:07,769 --> 00:09:06,399  
very busy well I feel great it's an

54  
00:09:09,120 --> 00:09:07,779  
honor to be here today as part of this

55  
00:09:11,519 --> 00:09:09,130  
crew and part of this wonderful

56  
00:09:13,500 --> 00:09:11,529  
tradition it's the culmination of two

57  
00:09:14,850 --> 00:09:13,510  
years of training now we've been going

58  
00:09:16,949 --> 00:09:14,860  
to Baikonur what is the final

59  
00:09:18,449 --> 00:09:16,959  
preparations make sure our vehicle our

60  
00:09:20,610 --> 00:09:18,459  
suits and everything that we need to get

61  
00:09:22,199 --> 00:09:20,620  
us to orbit we're all prepared and we're

62  
00:09:28,980 --> 00:09:22,209  
ready to get our missions in order that

63  
00:09:30,930 --> 00:09:28,990

for a long period of time st. George's

64

00:09:33,000 --> 00:09:30,940

ribbons are you bringing them with you

65

00:09:35,760 --> 00:09:33,010

yes we are planning to bring them with

66

00:09:39,690 --> 00:09:35,770

us Victory Day is a very important day

67

00:09:42,090 --> 00:09:39,700

of very important victory in our history

68

00:09:43,680 --> 00:09:42,100

and we are very grateful to our World

69

00:09:46,079 --> 00:09:43,690

War two veterans and without them

70

00:09:47,220 --> 00:09:46,089

without their accomplishments I don't

71

00:09:48,720 --> 00:09:47,230

think what would be standing here in

72

00:09:50,760 --> 00:09:48,730

front of you thank you very much I would

73

00:10:14,020 --> 00:09:50,770

like to invite everybody to participate
