and uh on starting the final activities

13
00:02:26,800 --> 00:02:47,750

foreign

14

00:02:47,760 --> 00:03:05,990

thank you

15

00:03:14,470 --> 00:03:07,589

good morning

16

00:03:17,990 --> 00:03:15,750

well we all understand that the

17

00:03:20,229 --> 00:03:18,000

frankfurter and the backup crew both

18

00:03:22,790 --> 00:03:20,239

will be wearing the suits

19

00:03:25,670 --> 00:03:22,800

the vehicle is all ready so please

20

00:03:38,309 --> 00:03:25,680

take care and be very cautious regarding

21

00:03:38,319 --> 00:03:46,309

foreign

22

00:03:46,319 --> 00:04:09,670

oh

23

00:04:09,680 --> 00:04:20,710

thank you very much

24

00:04:20,720 --> 00:04:34,070

um

25

00:04:34,080 --> 00:04:47,670

is it all

26
00:04:47,680 --> 00:04:59,350
i'm here

27
00:04:59,360 --> 00:05:11,430
uh

28
00:05:11,440 --> 00:06:02,629
okay

29
00:06:02,639 --> 00:06:06,150
everything is done

30
00:06:40,309 --> 00:06:08,230
another thing that's left is some velcro

31
00:06:40,319 --> 00:06:53,189
um

32
00:06:53,199 --> 00:07:01,990
they look great

33
00:07:45,270 --> 00:07:03,830
remember when he was a backup had some

34
00:07:45,280 --> 00:08:12,869
um

35
00:08:18,070 --> 00:08:16,070
do you see my elbows are wrong

36
00:08:52,710 --> 00:08:18,080
it should be the other side we'll turn

37
00:08:52,720 --> 00:09:27,910
video

38
00:10:11,590 --> 00:09:41,990

okay

39

00:10:11,600 --> 00:10:20,069

foreign

40

00:10:20,079 --> 00:10:48,150

uh

41

00:10:48,160 --> 00:11:10,710

foreign

42

00:11:53,430 --> 00:11:16,790

is

43

00:11:53,440 --> 00:12:22,150

so

44

00:12:22,160 --> 00:12:26,870

is

45

00:12:26,880 --> 00:12:50,710

54 27 and 54.

46

00:12:50,720 --> 00:13:03,350

attention

47

00:13:31,670 --> 00:13:04,870

thank you

48

00:13:31,680 --> 00:13:41,030

once again

49

00:13:41,040 --> 00:13:59,110

just excellent

50

00:13:59,120 --> 00:14:12,949

great

51
00:14:18,389 --> 00:14:14,629
careful not to scratch everything around

52
00:14:18,399 --> 00:14:31,189
play this time

53
00:14:31,199 --> 00:14:56,069
god

54
00:14:56,079 --> 00:15:22,150
shall we

55
00:15:22,160 --> 00:15:39,670
me

56
00:15:39,680 --> 00:15:58,550
yes

57
00:15:58,560 --> 00:16:17,990
future

58
00:16:18,000 --> 00:16:33,189
thank you

59
00:16:33,199 --> 00:16:39,749
he promised to change the lamps

60
00:16:43,430 --> 00:16:40,550
the

61
00:16:45,670 --> 00:16:43,440
long-term lamps because it's

62
00:16:47,269 --> 00:16:45,680
very

63
00:16:54,629 --> 00:16:47,279

and knowing that they haven't yet been

64

00:18:40,830 --> 00:16:56,870

everything is good it's all nominal no

65

00:18:40,840 --> 00:19:09,830

foreign foreign

66

00:19:09,840 --> 00:19:30,789

you

67

00:19:30,799 --> 00:20:07,110

so

68

00:20:07,120 --> 00:20:23,909

oh

69

00:20:23,919 --> 00:21:36,789

so

70

00:21:36,799 --> 00:21:50,789

see

71

00:21:50,799 --> 00:22:03,990

so

72

00:22:04,000 --> 00:22:13,029

bye

73

00:22:46,149 --> 00:22:14,710

let's remember those who died in the

74

00:22:48,470 --> 00:22:47,350

a happy

75

00:22:51,029 --> 00:22:48,480

great

76

00:22:52,230 --> 00:22:51,039

holiday of may 9th end of the second

77

00:22:54,950 --> 00:22:52,240

world war

78

00:22:57,590 --> 00:22:54,960

and to wish all the best to our space to

79

00:23:47,350 --> 00:22:57,600

our programs to our cities and to our

80

00:23:47,360 --> 00:24:02,630

i would like to

81

00:24:08,870 --> 00:24:05,750

our people our countries work very hard

82

00:24:16,230 --> 00:24:08,880

for several days for several years

83

00:24:20,789 --> 00:24:19,029

dear friends lecture passed the floor to

84

00:24:21,990 --> 00:24:20,799

the priest of

85

00:24:23,350 --> 00:24:22,000

the

86

00:24:39,990 --> 00:24:23,360

church

87

00:24:40,000 --> 00:25:03,830

huh

88

00:25:39,430 --> 00:25:25,350

yes

89

00:25:39,440 --> 00:25:55,110

foreign

90

00:25:58,789 --> 00:25:56,630

logic there are lots of interesting

91

00:26:01,830 --> 00:25:58,799

experiments including ecological

92

00:26:22,710 --> 00:26:04,549

disaster areas and pollution polluted

93

00:26:22,720 --> 00:26:31,190

ship

94

00:26:34,870 --> 00:26:32,950

everything's going well

95

00:26:43,029 --> 00:26:34,880

and we're just counting down the days

96

00:26:43,039 --> 00:26:54,149

is

97

00:26:54,159 --> 00:27:31,830

once again please

98

00:27:31,840 --> 00:27:46,470

let's do it again

99

00:27:46,480 --> 00:28:00,830

can't miss that

100

00:28:08,870 --> 00:28:04,789

geology it came down to me

101
00:28:13,750 --> 00:28:09,990
there's a

102
00:28:15,750 --> 00:28:13,760
the ecology because it gives us an

103
00:28:17,750 --> 00:28:15,760
opportunity to see the earth from

104
00:28:19,990 --> 00:28:17,760
further away and to see more of a big

105
00:28:21,830 --> 00:28:20,000
picture of what is happening on earth so

106
00:28:39,909 --> 00:28:21,840
it's a great opportunity to study earth

107
00:29:10,389 --> 00:28:42,070
this tree was planted by

108
00:29:10,399 --> 00:29:24,549
cool

109
00:29:24,559 --> 00:29:36,630
support

110
00:29:50,710 --> 00:29:38,470
only the elders

111
00:29:56,470 --> 00:29:52,230
and

112
00:30:06,710 --> 00:29:56,480
we'll have a motto on this poster yes we

113
00:30:06,720 --> 00:30:11,350

so

114

00:30:18,549 --> 00:30:13,269

do you know exactly what specific trees

115

00:30:33,669 --> 00:30:20,630

the more the better

116

00:30:44,950 --> 00:30:37,510

30 years more they have a beautiful

117

00:30:44,960 --> 00:31:14,950

yeah i spelled like a weapon in my hands

118

00:31:19,029 --> 00:31:16,830

yeah it's great to be part of this

119

00:31:21,509 --> 00:31:19,039

tradition and when you walk amongst the

120

00:31:23,509 --> 00:31:21,519

trees that are here it reminds us of all

121

00:31:26,389 --> 00:31:23,519

the history the hard work and the

122

00:31:29,029 --> 00:31:26,399

sacrifices that were made before us

123

00:31:31,110 --> 00:31:29,039

and this tree planting represents our

124

00:31:33,190 --> 00:31:31,120

contribution today and for the future of

125

00:32:06,149 --> 00:31:33,200

the space program it's a wonderful day

126
00:32:09,029 --> 00:32:07,909
and now this is the iss with our

127
00:32:10,950 --> 00:32:09,039
partners

128
00:32:12,870 --> 00:32:10,960
lots of trips

129
00:32:17,350 --> 00:32:12,880
because

130
00:32:19,990 --> 00:32:19,029
vehicle as compared to the russian

131
00:32:22,549 --> 00:32:20,000
vehicle

132
00:32:24,310 --> 00:32:22,559
it involves a lot of travel

133
00:32:26,549 --> 00:32:24,320
of course the uh there's the language

134
00:32:28,070 --> 00:32:26,559
that makes things more difficult can use

135
00:32:30,149 --> 00:32:28,080
the problem

136
00:32:31,830 --> 00:32:30,159
but i'm very fortunate to be flying with

137
00:32:34,230 --> 00:32:31,840
of course gennady a very experiencing

138
00:32:36,470 --> 00:32:34,240

crew member and with sergey who's done a

139

00:32:37,830 --> 00:32:36,480

fantastic job so it's been a wonderful

140

00:32:50,230 --> 00:32:37,840

experience and we are ready for the

141

00:32:53,190 --> 00:32:51,990

well on the one hand yes but on the

142

00:32:54,549 --> 00:32:53,200

other

143

00:33:03,430 --> 00:32:54,559

i'm more

144

00:33:09,269 --> 00:33:06,630

and our preparation is constant teamwork
