

1
00:00:20,150 --> 00:00:14,789
good morning everybody

2
00:00:25,109 --> 00:00:22,630
so i see you're in good mood

3
00:00:26,150 --> 00:00:25,119
that's good

4
00:00:28,630 --> 00:00:26,160
so

5
00:00:31,750 --> 00:00:28,640
our program is just regular have two

6
00:00:34,950 --> 00:00:31,760
hours to look everywhere

7
00:00:36,709 --> 00:00:34,960
to try everything there are pictures

8
00:00:38,389 --> 00:00:36,719
what to say

9
00:00:40,310 --> 00:00:38,399
and as far as i understand you had no

10
00:00:41,990 --> 00:00:40,320
comments regarding your first fit choke

11
00:00:43,670 --> 00:00:42,000
so there is nothing to

12
00:00:45,830 --> 00:00:43,680
eliminate or to

13
00:00:48,630 --> 00:00:45,840

change

14

00:00:53,430 --> 00:00:48,640

so same thing today everything is

15

00:00:59,910 --> 00:00:56,869

so please go ahead and wish you

16

00:01:02,470 --> 00:00:59,920

a good job and we'll contact you in a

17

00:01:04,310 --> 00:01:02,480

couple of hours

18

00:01:43,749 --> 00:01:04,320

so have no questions

19

00:01:43,759 --> 00:02:15,430

everybody come on

20

00:02:32,070 --> 00:02:17,589

should i go up the stairs no it's fine

21

00:02:39,110 --> 00:02:33,990

i'm here

22

00:02:50,630 --> 00:02:40,309

thank you

23

00:03:06,149 --> 00:02:52,470

here we go last trip into the vehicle

24

00:03:06,159 --> 00:03:49,430

because

25

00:03:49,440 --> 00:04:12,470

is

26

00:04:18,550 --> 00:04:15,030

but not uh too many philosophy no

27

00:04:22,790 --> 00:04:21,189

so how did the second feature go

28

00:04:26,790 --> 00:04:22,800

no comment to take a look at the

29

00:04:32,950 --> 00:04:29,670

it's all good

30

00:04:35,430 --> 00:04:32,960

no comment no remarks

31

00:04:37,510 --> 00:04:35,440

and uh the rocket is uh under the

32

00:04:39,670 --> 00:04:37,520

fairing everything is fine and i'm

33

00:04:43,830 --> 00:04:39,680

really grateful to everybody who did an

34

00:04:54,710 --> 00:04:45,909

so what do you feel well i mentioned

35

00:04:58,310 --> 00:04:57,030

well again it's a huge size difference

36

00:05:00,629 --> 00:04:58,320

this is going to be much tighter

37

00:05:02,790 --> 00:05:00,639

quarters and if i have to spend two days

38

00:05:04,310 --> 00:05:02,800

in space in a small vehicle i couldn't

39

00:05:05,990 --> 00:05:04,320

have picked two better people to do it

40

00:05:07,749 --> 00:05:06,000

it's gonna be great

41

00:05:11,110 --> 00:05:07,759

okay a philosophical question what

42

00:05:12,629 --> 00:05:11,120

quality should a cosmonaut have

43

00:05:14,230 --> 00:05:12,639

well i'm only getting ready for my

44

00:05:17,909 --> 00:05:14,240

flight

45

00:05:20,390 --> 00:05:17,919

and uh i can say a few words probably

46

00:05:22,710 --> 00:05:20,400

but judging by my comrades

47

00:05:29,029 --> 00:05:22,720

first of all integrity

48

00:05:33,749 --> 00:05:31,510

professionalism and sense of humor these

49

00:05:34,870 --> 00:05:33,759

are the two main qualities no more

50

00:05:49,270 --> 00:05:34,880

needed

51
00:05:49,280 --> 00:05:58,950
attention

52
00:05:58,960 --> 00:06:47,830
it's excellent

53
00:06:47,840 --> 00:07:13,270
did you do that

54
00:07:13,280 --> 00:07:17,350
ears

55
00:07:17,360 --> 00:07:24,629
so we did our examination

56
00:07:24,639 --> 00:07:29,670
it all seems to be good

57
00:07:29,680 --> 00:07:33,110
everything went well

58
00:07:33,120 --> 00:07:38,070
have no major comments or remarks

59
00:07:42,309 --> 00:07:40,950
we have no suggestions as far as the

60
00:07:46,390 --> 00:07:42,319
valuation goes

61
00:07:48,950 --> 00:07:46,400
everything seems to be very very good

62
00:07:50,710 --> 00:07:48,960
okay thank you sergey

63
00:08:00,950 --> 00:07:50,720

no comment

64

00:08:03,990 --> 00:08:02,550

and there are lots of people around you

65

00:08:05,029 --> 00:08:04,000

as you can see

66

00:08:07,189 --> 00:08:05,039

in case

67

00:08:13,189 --> 00:08:07,199

you have any questions they are ready to

68

00:08:18,629 --> 00:08:14,950

so if you need to have something

69

00:08:37,190 --> 00:08:18,639

notified or updated please talk to them

70

00:08:37,200 --> 00:08:51,350

oh

71

00:08:51,360 --> 00:09:06,470

foreign

72

00:09:06,480 --> 00:10:11,350

how many times

73

00:10:11,360 --> 00:10:30,550

oh easily

74

00:10:30,560 --> 00:10:59,910

is

75

00:10:59,920 --> 00:11:32,630

yep

76

00:11:32,640 --> 00:11:50,870

look at me please

77

00:11:50,880 --> 00:12:04,470

foreign

78

00:12:04,480 --> 00:12:12,069

is

79

00:12:57,670 --> 00:12:31,030

foreign

80

00:12:57,680 --> 00:13:23,030

yes

81

00:13:27,670 --> 00:13:25,190

we are always excited when you visit our

82

00:13:29,670 --> 00:13:27,680

museum and we are really happy that we

83

00:13:32,230 --> 00:13:29,680

have this tradition like to maintain it

84

00:13:34,230 --> 00:13:32,240

throughout the years to come

85

00:13:36,069 --> 00:13:34,240

we are very happy to see gennady

86

00:13:38,150 --> 00:13:36,079

ivanovic because he has been here a few

87

00:13:41,110 --> 00:13:38,160

times but every time we try to find

88

00:13:42,310 --> 00:13:41,120

something new just place some new items

89

00:13:44,710 --> 00:13:42,320

and uh

90

00:13:46,870 --> 00:13:44,720

to make them happy also try to make

91

00:13:48,710 --> 00:13:46,880

happy the veterans that

92

00:13:51,030 --> 00:13:48,720

do come here that even though this

93

00:13:54,470 --> 00:13:51,040

museum is very far away in kazakhstan

94

00:13:56,230 --> 00:13:54,480

people do come and do visit it

95

00:13:59,189 --> 00:13:56,240

and they try to maintain these

96

00:14:02,949 --> 00:13:59,199

traditions as well

97

00:14:04,949 --> 00:14:02,959

and we do have this museum also because

98

00:14:06,870 --> 00:14:04,959

you are here because you work and

99

00:14:08,470 --> 00:14:06,880

they're very proud of you and of your

100

00:14:09,829 --> 00:14:08,480

work and they're always worried about

101
00:14:10,550 --> 00:14:09,839

you

102
00:14:27,910 --> 00:14:10,560

so

103
00:14:31,430 --> 00:14:29,910

as we know that they're always standing

104
00:14:34,389 --> 00:14:31,440

by

105
00:14:39,590 --> 00:14:34,399

always ready

106
00:14:45,189 --> 00:14:43,750

and aliona our designer designed this

107
00:14:59,750 --> 00:14:45,199

pictures

108
00:15:03,829 --> 00:15:02,150

and we would like to

109
00:15:05,670 --> 00:15:03,839

give you the

110
00:15:08,629 --> 00:15:05,680

emblems of

111
00:15:22,470 --> 00:15:08,639

us and our vehicle

112
00:15:52,310 --> 00:15:25,030
let's move all together close and

113
00:15:52,320 --> 00:16:04,470

this is a serious

114

00:16:04,480 --> 00:16:10,790

do you think so you're having a job

115

00:16:14,150 --> 00:16:12,470

you've been to the museum as the backup

116

00:16:15,910 --> 00:16:14,160

crew member and now you're here as the

117

00:16:17,509 --> 00:16:15,920

prime crew member so is there any

118

00:16:19,189 --> 00:16:17,519

difference well of course there's a

119

00:16:21,030 --> 00:16:19,199

difference because now it's our turn to

120

00:16:23,350 --> 00:16:21,040

get on the rocket so it's great to come

121

00:16:25,269 --> 00:16:23,360

back and again this is one step closer

122

00:16:26,550 --> 00:16:25,279

to uh to our launch coming up next week
