

1
00:00:04,230 --> 00:00:02,070
and this is houston

2
00:00:07,269 --> 00:00:04,240
i have our nasa administrator general

3
00:00:09,430 --> 00:00:07,279
bolden on the line for you

4
00:00:11,990 --> 00:00:09,440
he read you loud clear charlie how are

5
00:00:14,709 --> 00:00:12,000
you doing today

6
00:00:17,029 --> 00:00:14,719
hey don i'm doing great you and andre

7
00:00:19,510 --> 00:00:17,039
and joe and actually if they can hear me

8
00:00:21,189 --> 00:00:19,520
uh folk in the control centers both in

9
00:00:22,630 --> 00:00:21,199
hawthorne and houston

10
00:00:24,630 --> 00:00:22,640
i just want to take a moment to

11
00:00:27,349 --> 00:00:24,640
congratulate all of you on a superb

12
00:00:29,029 --> 00:00:27,359
effort today um i think you know it but

13
00:00:30,710 --> 00:00:29,039

you made history today and it firmly

14

00:00:32,870 --> 00:00:30,720

locked us into place

15

00:00:34,709 --> 00:00:32,880

uh you know and locked the future

16

00:00:36,950 --> 00:00:34,719

direction of american space program in

17

00:00:38,869 --> 00:00:36,960

place the first private spacecraft ever

18

00:00:41,030 --> 00:00:38,879

launched and sent to the space station

19

00:00:42,310 --> 00:00:41,040

is now a visiting vehicle and it it

20

00:00:44,630 --> 00:00:42,320

wouldn't have been possible without

21

00:00:46,310 --> 00:00:44,640

every single one of you on this team

22

00:00:47,990 --> 00:00:46,320

i know how much you train for this

23

00:00:50,150 --> 00:00:48,000

mission and it's clear

24

00:00:51,510 --> 00:00:50,160

from what i saw today that your hard

25

00:00:53,910 --> 00:00:51,520

work paid off

26
00:00:56,310 --> 00:00:53,920
today there was no spacex team nor a

27
00:00:57,910 --> 00:00:56,320
nasa team it was an american team in

28
00:00:59,990 --> 00:00:57,920
collaboration with our international

29
00:01:02,389 --> 00:01:00,000
partners uh you know particularly with

30
00:01:04,630 --> 00:01:02,399
you there andre that gave us truly an

31
00:01:06,710 --> 00:01:04,640
american victory it was an effort that

32
00:01:08,789 --> 00:01:06,720
will revolutionize the way we carry out

33
00:01:10,870 --> 00:01:08,799
space exploration with the private

34
00:01:13,190 --> 00:01:10,880
sector taking over responsibility for

35
00:01:15,109 --> 00:01:13,200
transportation to the iss

36
00:01:17,109 --> 00:01:15,119
this will free nasa up to focus on the

37
00:01:18,870 --> 00:01:17,119
really hard stuff like sending our

38
00:01:20,390 --> 00:01:18,880

astronauts to an asteroid and eventually

39

00:01:22,469 --> 00:01:20,400

on to mars

40

00:01:24,550 --> 00:01:22,479

the president president obama has set us

41

00:01:26,630 --> 00:01:24,560

on an ambitious path forward and

42

00:01:28,789 --> 00:01:26,640

challenged us to take the next even more

43

00:01:31,190 --> 00:01:28,799

difficult steps in exploration

44

00:01:32,950 --> 00:01:31,200

based on what i saw today there's no

45

00:01:34,950 --> 00:01:32,960

doubt in my mind that nasa and this

46

00:01:36,550 --> 00:01:34,960

nation are up to the task

47

00:01:38,390 --> 00:01:36,560

i wish all of you god speed and on

48

00:01:40,710 --> 00:01:38,400

behalf of a grateful nation

49

00:01:41,830 --> 00:01:40,720

thanks again for a job incredibly well

50

00:01:48,789 --> 00:01:41,840

done today

51
00:01:52,789 --> 00:01:50,710
a huge sensation looks like we got us a

52
00:01:55,429 --> 00:01:52,799
dragon by the tail

53
00:01:58,630 --> 00:01:55,439
charlie thanks for those words uh we're

54
00:02:00,709 --> 00:01:58,640
smiling ear to ear and uh we're really

55
00:02:02,870 --> 00:02:00,719
grateful to be given the opportunity to

56
00:02:04,950 --> 00:02:02,880
be part of this day hey don it was

57
00:02:07,590 --> 00:02:04,960
absolutely great night i hope joe's

58
00:02:09,910 --> 00:02:07,600
smiling up there you know uh not a lot

59
00:02:11,510 --> 00:02:09,920
of people remember that that that he's a

60
00:02:14,390 --> 00:02:11,520
school teacher at heart

61
00:02:17,350 --> 00:02:14,400
and uh joe you've got a lot to talk to

62
00:02:20,150 --> 00:02:17,360
the kids about when you get back uh your

63
00:02:22,710 --> 00:02:20,160

important part that you played today in

64

00:02:24,309 --> 00:02:22,720

in this historic event sir it's an honor

65

00:02:25,910 --> 00:02:24,319

to be up here and to work with these two

66

00:02:27,750 --> 00:02:25,920

gentlemen and the rest of the team so

67

00:02:29,350 --> 00:02:27,760

i'm looking forward to the rest of the

68

00:02:30,550 --> 00:02:29,360

mission and getting back and sharing it

69

00:02:33,509 --> 00:02:30,560

with america

70

00:02:36,309 --> 00:02:33,519

yeah well you know i i know holly and

71

00:02:38,229 --> 00:02:36,319

and her mission control team and megan

72

00:02:39,589 --> 00:02:38,239

are already gone but for those that are

73

00:02:42,710 --> 00:02:39,599

sitting there in mission control now

74

00:02:43,910 --> 00:02:42,720

both in houston uh and out at hawthorne

75

00:02:46,150 --> 00:02:43,920

uh you know

76

00:02:47,990 --> 00:02:46,160

you all played a critical role also and

77

00:02:49,750 --> 00:02:48,000

i think for people who who had an

78

00:02:50,790 --> 00:02:49,760

opportunity to watch what was going on

79

00:02:52,790 --> 00:02:50,800

today

80

00:02:55,110 --> 00:02:52,800

you know you had a very very well

81

00:02:57,589 --> 00:02:55,120

thought out plan and then life happened

82

00:02:58,390 --> 00:02:57,599

and that's what makes what we do so much

83

00:02:59,750 --> 00:02:58,400

fun

84

00:03:01,509 --> 00:02:59,760

and it was really

85

00:03:03,830 --> 00:03:01,519

it was a treat for me to see you all

86

00:03:06,229 --> 00:03:03,840

work through the issues that came up uh

87

00:03:09,670 --> 00:03:06,239

and finally end up with uh dragon

88

00:03:11,270 --> 00:03:09,680

successfully birthed uh you know joe don

89

00:03:14,070 --> 00:03:11,280

andre i know it's time for you guys to

90

00:03:15,830 --> 00:03:14,080

hit the rack so i i won't keep you any

91

00:03:18,550 --> 00:03:15,840

longer but again i just wanted to thank

92

00:03:20,550 --> 00:03:18,560

you on behalf of all of us here you made

93

00:03:21,670 --> 00:03:20,560

us incredibly proud and

94

00:03:23,589 --> 00:03:21,680

i think there are a lot of chess

95

00:03:25,430 --> 00:03:23,599

sticking out today all over america

96

00:03:26,789 --> 00:03:25,440

congratulations on a wonderful capture

97

00:03:28,390 --> 00:03:26,799

98

00:03:30,309 --> 00:03:28,400

also a special thanks for uh for our

102

00:03:38,949 --> 00:03:36,319

trainers who made this all possible

103

00:03:43,030 --> 00:03:38,959

and uh without them uh this would not

104

00:03:47,589 --> 00:03:44,949

you're absolutely right andre you and

105

00:03:50,470 --> 00:03:47,599

106

00:03:52,390 --> 00:03:50,480

the trainers and sim soup uh they're

107

00:03:55,190 --> 00:03:52,400

just do you know you

108

00:03:57,670 --> 00:03:55,200

you probably thought sim soup was uh was

109

00:03:59,990 --> 00:03:57,680

was messing with you today when when you

110

00:04:01,429 --> 00:04:00,000

had the back when spacex backed

111

00:04:04,070 --> 00:04:01,439

back dragging out for a little while but

112

00:04:05,589 --> 00:04:04,080

but simsu prepared you well so i'm glad

113

00:04:07,830 --> 00:04:05,599
