guys

48

00:06:21,100 --> 00:06:19,300

so you just tell us how you're feeling

49

00:06:23,530 --> 00:06:21,110

out of your home

50

00:06:26,410 --> 00:06:23,540

well feeling great to be back on earth

51
00:06:27,850 --> 00:06:26,420
feeling of course after coming back from

52
00:06:30,580 --> 00:06:27,860
space for a little while you feel a

53
00:06:32,860 --> 00:06:30,590
little woozy I'm a little tired it was a

54
00:06:36,370 --> 00:06:32,870
long day and feeling that my hundred

55
00:06:37,540 --> 00:06:36,380
percent budget of me okay uh let's talk

56
00:06:39,220 --> 00:06:37,550
about what you guys did on the

57
00:06:40,840 --> 00:06:39,230
expedition you had an incredibly busy

58
00:06:42,070 --> 00:06:40,850
time you had a lot of vehicles coming up

59
00:06:44,290 --> 00:06:42,080
there you also had three spacewalks

60
00:06:47,050 --> 00:06:44,300
which were quite memorable talk about

61
00:06:48,780 --> 00:06:47,060
that so yeah it was pretty busy up there

62
00:06:50,800 --> 00:06:48,790
was sort of one thing after another

63
00:06:52,060 --> 00:06:50,810

people asked why you don't know where

64

00:06:54,550 --> 00:06:52,070

you're gonna manage and I think we just

65

00:06:55,150 --> 00:06:54,560

focused on one event and then led to the

66

00:06:57,610 --> 00:06:55,160

next event

67

00:06:59,740 --> 00:06:57,620

Zoey so it was exciting there wasn't a

68

00:07:01,270 --> 00:06:59,750

lot of downtime and whenever we did have

69

00:07:03,010 --> 00:07:01,280

any downtime we got to do a lot of good

70

00:07:05,620 --> 00:07:03,020

science and that's what that Space

71

00:07:07,750 --> 00:07:05,630

Station's now in the utilization face so

72

00:07:09,760 --> 00:07:07,760

that was that was really it was really

73

00:07:11,860 --> 00:07:09,770

rewarding was one thing like I said

74

00:07:13,720 --> 00:07:11,870

after another but it was all a lot of

75

00:07:15,820 --> 00:07:13,730

fun and I can't say enough about the

76
00:07:17,910 --> 00:07:15,830
crew that I was with they were great and

77
00:07:19,900 --> 00:07:17,920
we all had made it a lot of fun together

78
00:07:21,340 --> 00:07:19,910
so what's it whenever you look back at

79
00:07:22,900 --> 00:07:21,350
your expedition what's gonna be the main

80
00:07:24,880 --> 00:07:22,910
thing that you remember about it there's

81
00:07:27,130 --> 00:07:24,890
just too many things too big I decided

82
00:07:30,100 --> 00:07:27,140
to pick out one the spacewalks were of

83
00:07:31,780 --> 00:07:30,110
course incredible uh you know started

84
00:07:34,120 --> 00:07:31,790
off just thinking it was gonna be a bolt

85
00:07:35,980 --> 00:07:34,130
replacement essentially and it it grew

86
00:07:38,330 --> 00:07:35,990
into a couple more after that and

87
00:07:41,270 --> 00:07:38,340
particularly the radiator

88
00:07:43,550 --> 00:07:41,280

a change out was was a little bit of a

89

00:07:45,770 --> 00:07:43,560

challenge just because we had never

90

00:07:47,990 --> 00:07:45,780

practiced that before but it was it went

91

00:07:51,409 --> 00:07:48,000

real well so I guess the spacewalk

92

00:07:53,450 --> 00:07:51,419

surprised the highlight but you know

93

00:07:54,710 --> 00:07:53,460

close close second i think is just

94

00:07:56,510 --> 00:07:54,720

spending time up there with that crew

95

00:08:00,050 --> 00:07:56,520

that was great sorry looking forward get

96

00:08:02,510 --> 00:08:00,060

Mike home and seeing your dog oh yeah I

97

00:08:04,760 --> 00:08:02,520

got pictures of him on his trip to

98

00:08:07,670 --> 00:08:04,770

Houston he was in that airplane with my

99

00:08:10,700 --> 00:08:07,680

sister my dad so I think he had a little

100

00:08:13,280 --> 00:08:10,710

traumatic day getting to us today and

101
00:08:22,510 --> 00:08:13,290
we'll be happy together in our reunion

102
00:08:22,520 --> 00:08:30,730
but

103
00:08:30,740 --> 00:08:40,020
careful watch out

104
00:08:40,030 --> 00:08:55,759
Tchaikovsky Airport

105

expedition and we are happy to greet you

108
