that they need to stay up to date to ensure

One of my greatest memories here at JPL is  
in 2004 when the MER, the two rovers landed

on Mars how exciting that is to be a part  
of history, to be a part of all the Mars missions.

8

00:01:04,790 --> 00:01:09,780

Being an African-American woman in the twenty-first  
century have opened so many doors for me.

that other women did not have.
