joined by probably a million people

20

00:01:07,999 --> 00:01:06,210

through the web at least music makers of

21

00:01:10,249 --> 00:01:08,009

events that have joined us to school

27

00:01:24,680 --> 00:01:20,640

groups performing as Vancouver's Telus

28

00:01:26,270 --> 00:01:24,690

science world to school group II in way

29

00:01:28,550 --> 00:01:26,280

too vague at the Manitoba Legislature

30

00:01:31,880 --> 00:01:28,560

31

00:01:34,790 --> 00:01:31,890

of Education to son of agent square in

32

00:01:37,249 --> 00:01:34,800

Mississauga to Ottawa city hall and to

33

00:01:39,530 --> 00:01:37,259

music programs across the whole province

34

00:01:52,149 --> 00:01:39,540

of Newfoundland who connected and are

35

00:02:00,050 --> 00:01:56,870

well Holly that's that's wonderful I am

36

00:02:02,600 --> 00:02:00,060

just delighted to have the opportunity

37

00:02:03,980 --> 00:02:02,610

to to be joined by so many people to

38

00:02:06,710 --> 00:02:03,990

everybody who's there at the Ontario

39

00:02:09,699 --> 00:02:06,720

Science Centre the all the musicians and

40

00:02:13,580 --> 00:02:09,709

people thank you for taking the time to

41

00:02:16,490 --> 00:02:13,590

be part of this in person today and to

42

00:02:18,860 --> 00:02:16,500

the people right across Canada this is a

43

00:02:21,740 --> 00:02:18,870

wonderful thing to be part of for me

44

00:02:23,210 --> 00:02:21,750

personally but of course for everybody

45

00:02:25,520 --> 00:02:23,220

it's just great to have a chance to do

46

00:02:26,569 --> 00:02:25,530

this together and as you say Holly for

47

00:02:28,850 --> 00:02:26,579

the people from all around the world

48

00:02:30,770 --> 00:02:28,860

that are tied in through the web the use

49

00:02:34,430 --> 00:02:30,780

of technology to do something marvelous

50

00:02:35,449 --> 00:02:34,440

is is is revelation airy and I'm really

51

00:02:37,160 --> 00:02:35,459

pleased to be part of it

52

00:02:41,770 --> 00:02:37,170

I would really be remiss if I didn't

53

00:02:45,020 --> 00:02:41,780

mention a really good Canadian a

54

00:02:47,130 --> 00:02:45,030

excellent songwriter and musician and a

55

00:02:49,200 --> 00:02:47,140

good friend of mine Edie Robertson

56

00:02:51,510 --> 00:02:49,210

I came to ed with the idea for us to do

57

00:02:54,240 --> 00:02:51,520

a song together gosh it's almost been

58

00:02:59,010 --> 00:02:54,250

two years ago he of course jumped on the

59

00:03:00,120 --> 00:02:59,020

idea and took some of my basic ideas for

60

00:03:03,270 --> 00:03:00,130

a song and turned them into something

61

00:03:06,090 --> 00:03:03,280

really magical it is a good friend and a

62

00:03:09,750 --> 00:03:06,100

real tribute to what's possible

63

00:03:11,760 --> 00:03:09,760

in human invention and capability so

64

00:03:13,410 --> 00:03:11,770

Ed's one of the people who's joining in

65

00:03:15,030 --> 00:03:13,420

this web I think he just spoke by a

66

00:03:16,770 --> 00:03:15,040

video with you folks but from somewhere

67

00:03:18,180 --> 00:03:16,780

else around the world so ed thank you

68

00:03:21,810 --> 00:03:18,190

very much

69

00:03:24,570 --> 00:03:21,820

and I want to remind people this song is

70

00:03:26,030 --> 00:03:24,580

being played simultaneously in all sorts

71

00:03:30,870 --> 00:03:26,040

of different places as Holly mentioned

72

00:03:33,570 --> 00:03:30,880

so take a picture make a sound recording

73

00:03:36,210 --> 00:03:33,580

make a video and send it in send it to

74

00:03:38,190 --> 00:03:36,220

post it on YouTube or send it to me on

75

00:03:42,210 --> 00:03:38,200

Twitter or post it to the Canadian Space

76

00:03:45,780 --> 00:03:42,220

Agency website just like exploration on

77

00:03:48,270 --> 00:03:45,790

a spaceship music is an amazing human

78

00:03:50,130 --> 00:03:48,280

adventure and something that needs to be

79

00:03:53,280 --> 00:03:50,140

shared it shouldn't be kept to yourself

80

00:03:54,660 --> 00:03:53,290

so please share this make music Mondays

81

00:03:58,229 --> 00:03:54,670

something that we're all participating

82

00:03:59,690 --> 00:03:58,239

in and I think this is the very first

83

00:04:02,390 --> 00:03:59,700

canada-wide

84

00:04:04,560 --> 00:04:02,400

simultaneous space to Earth

85

00:04:06,300 --> 00:04:04,570

participatory broadcast like this the

86

00:04:08,009 --> 00:04:06,310

very first time anything like this has

87

00:04:10,289 --> 00:04:08,019

been done right across the whole nation

88

00:04:15,360 --> 00:04:10,299

89

00:04:21,280 --> 00:04:17,640

you can see

119

00:07:29,930 --> 00:07:40,780

00:10:22,939 --> 00:10:21,149  
can see our nation from the

135  
00:10:25,999 --> 00:10:22,949  
international space station like the

136  
00:10:29,780 --> 00:10:26,009  
song says and it's a it's just a

137  
00:10:32,449 --> 00:10:29,790  
wonderful joining of human invention and

138  
00:10:35,720 --> 00:10:32,459

human challenge and creativity all

139

00:10:38,389 --> 00:10:35,730

together to be able to write music

140

00:10:41,179 --> 00:10:38,399

taps right into the very the very soul

141

00:10:43,490 --> 00:10:41,189

of people the some of the oldest relics

142

00:10:45,559 --> 00:10:43,500

we found of human invention way back

143

00:10:47,389 --> 00:10:45,569

when people lived in caves were of

144

00:10:49,970 --> 00:10:47,399

musical instruments its ancient and

145

00:10:52,579 --> 00:10:49,980

necessary to humanity and to be able to

146

00:10:54,889 --> 00:10:52,589

share it here from onboard this

147

00:10:57,139 --> 00:10:54,899

wonderful laboratory in space with

148

00:11:01,009 --> 00:10:57,149

Canadians of all ages right across the

149

00:11:03,439 --> 00:11:01,019

country is just so special to me and

150

00:11:06,319 --> 00:11:03,449

delighted to be able to do that and also

151  
00:11:09,110 --> 00:11:06,329  
when you think about music writing and

152  
00:11:10,790 --> 00:11:09,120  
about the creation process it is

153  
00:11:13,280 --> 00:11:10,800  
something that is challenging and

154  
00:11:15,559 --> 00:11:13,290  
inspiring to everybody everybody can

155  
00:11:17,840 --> 00:11:15,569  
write a song everybody can sing a song

156  
00:11:19,790 --> 00:11:17,850  
you know there's only one best singer in

157  
00:11:22,970 --> 00:11:19,800  
the whole world everyone else is just a

158  
00:11:25,579 --> 00:11:22,980  
singer so be a singer sing a song it's

159  
00:11:27,650 --> 00:11:25,589  
music Monday don't be afraid don't worry

160  
00:11:29,449 --> 00:11:27,660  
about it use the voice that you were

161  
00:11:32,389 --> 00:11:29,459  
given use the talents that you have

162  
00:11:34,369 --> 00:11:32,399  
write music and sing a song and sing it

163  
00:11:36,710 --> 00:11:34,379

with other people and to be able to do

164

00:11:38,780 --> 00:11:36,720

that for me today to have someone of

165

00:11:40,759 --> 00:11:38,790

great talent like Edie to write a song

166

00:11:42,319 --> 00:11:40,769

with and then all the talented people

167

00:11:44,749 --> 00:11:42,329

across the country that I sang with

168

00:11:46,699 --> 00:11:44,759

today it's a wonderful national

169

00:11:49,639 --> 00:11:46,709

international worldwide thing to do and

170

00:11:52,160 --> 00:11:49,649

a real delight for me so thank you very

171

00:11:53,360 --> 00:11:52,170

much and thanks very much especially to

172

00:11:55,610 --> 00:11:53,370

the groups that are there performing

173

00:11:57,230 --> 00:11:55,620

today at the Ontario Science Centre and

174

00:11:59,530 --> 00:11:57,240

the other place is that that Holly

175

00:12:02,749 --> 00:11:59,540

mentioned congratulations to everybody

176

00:12:15,310 --> 00:12:02,759

it's a wonderful and memorable music

177

00:12:19,910 --> 00:12:17,690

okay Chris hopefully you can hear this

178

00:12:21,650 --> 00:12:19,920

mic our first question is coming to you

179

00:12:24,710 --> 00:12:21,660

from the Telus Science World in

180

00:12:26,300 --> 00:12:24,720

electric here so here's the first

183

00:12:33,800 --> 00:12:29,840

question

184

00:12:39,780 --> 00:12:33,810

186

00:12:48,750 --> 00:12:44,680

the Empire or the atmosphere up here is

187

00:12:51,300 --> 00:12:48,760

mostly acoustic um but the impact music

188

00:12:54,090 --> 00:12:51,310

on my life has been enormous you know I

189

00:12:56,819 --> 00:12:54,100

was playing in a band once and I watched

190

00:12:58,259 --> 00:12:56,829

kids that could just barely walk you

191

00:13:01,050 --> 00:12:58,269

know they're just learning to stand up

192

00:13:04,319 --> 00:13:01,060

when music starts to play they just have

193

00:13:06,720 --> 00:13:04,329

to dance it is fundamental to humanity

194

00:13:09,120 --> 00:13:06,730

music it's something primal and basic

195

00:13:10,769 --> 00:13:09,130

and I've loved music my whole life I

196

00:13:13,439 --> 00:13:10,779

bought my first guitar when I was about

197

00:13:16,379 --> 00:13:13,449

9 or 10 music has introduced me to

198

00:13:19,319 --> 00:13:16,389

strangers it has allowed me to learn

199

00:13:23,100 --> 00:13:19,329

history of other cultures it's allowed

200

00:13:25,439 --> 00:13:23,110

me to just grow build self-discipline to

201

00:13:27,710 --> 00:13:25,449

learn how all the different instruments

202

00:13:30,629 --> 00:13:27,720

work and how to play with an orchestra

203

00:13:32,910 --> 00:13:30,639

my first music teachers mr. Taylor and

204

00:13:34,710 --> 00:13:32,920

Miss Sauron the the way they taught me

205

00:13:38,340 --> 00:13:34,720

music it's been something in my whole

206

00:13:40,949 --> 00:13:38,350

life and it's made me laugh and it's

207

00:13:47,230 --> 00:13:40,959

made me cry music is is something really

208

00:13:51,350 --> 00:13:49,250

Chris the next question is coming from

209

00:13:53,570 --> 00:13:51,360

Oak bank Elementary in Oak bank in

210

00:13:55,220 --> 00:13:53,580

Manitoba and a combined question with

211

00:14:00,170 --> 00:13:55,230

Laurel Woods Elementary and amaura

212

00:14:02,240 --> 00:14:00,180

Ontario hi my name is Vinita and my

213

00:14:05,930 --> 00:14:02,250

question is does the way the strings on

214

00:14:11,330 --> 00:14:05,940

your guitar change the vibration change

215

00:14:17,910 --> 00:14:15,240

a tiny bit yeah I mean there's a little

216

00:14:19,590 --> 00:14:17,920

bit of gravitational effect on anything

217

00:14:20,940 --> 00:14:19,600

that that's down on the surface of the

218

00:14:23,790 --> 00:14:20,950

earth here it's just completely

219

00:14:26,430 --> 00:14:23,800

free-floating but way more than that is

220

00:14:29,040 --> 00:14:26,440

when I try and play the guitar it's not

221

00:14:31,530 --> 00:14:29,050

hanging on a strap so as I play the

222

00:14:33,840 --> 00:14:31,540

guitar it's like it's like trying to

223

00:14:35,460 --> 00:14:33,850

play a guitar that's floating by and so

224

00:14:38,490 --> 00:14:35,470

it's really hard if you're playing

225

00:14:39,990 --> 00:14:38,500

around the neck to get accurate fretting

226

00:14:41,370 --> 00:14:40,000

and accurate picking there's a lot of

227

00:14:45,120 --> 00:14:41,380

buzzing and popping what I play guitar

228

00:14:46,890 --> 00:14:45,130

up here but but it's still a magical

229

00:14:54,730 --> 00:14:46,900

place to write music and to play music

230

00:15:00,499 --> 00:14:56,810

246

00:16:05,200 --> 00:16:03,400

Chris now we have a question from

247

00:16:09,640 --> 00:16:05,210

Belle's corners public school in EPN

248

00:16:11,680 --> 00:16:09,650

Ontario hello my name is Kelly why do

249

00:16:17,500 --> 00:16:11,690

you feel that music education is

250

00:16:23,880 --> 00:16:22,030

I think education in general of course

251

00:16:25,810 --> 00:16:23,890

is vital throughout your whole life

252

00:16:26,830 --> 00:16:25,820

everybody should be a student their

253

00:16:28,330 --> 00:16:26,840

whole life if you're not learning

254

00:16:30,940 --> 00:16:28,340

something then you're just in the

255

00:16:33,190 --> 00:16:30,950

process of forgetting things so learning

256

00:16:35,650 --> 00:16:33,200

and studying is important and you can

257

00:16:37,690 --> 00:16:35,660

always learn a new instrument no matter

258

00:16:39,970 --> 00:16:37,700

when or who you were where you are in

259

00:16:41,320 --> 00:16:39,980

life there's all different types of

260

00:16:43,000 --> 00:16:41,330

instruments for all different types of

261

00:16:46,270 --> 00:16:43,010

abilities everybody should be learning

262

00:16:49,060 --> 00:16:46,280

music and as a young Canadian to be able

263

00:16:51,040 --> 00:16:49,070

to learn music it's almost like learning

264

00:16:53,020 --> 00:16:51,050

another language I've had times where I

265

00:16:54,640 --> 00:16:53,030

could tell jokes and communicate with

266

00:16:56,770 --> 00:16:54,650

someone we didn't have one common word

267

00:16:58,270 --> 00:16:56,780

of a spoken language but you could hand

268

00:17:01,120 --> 00:16:58,280

the guitar back and forth to each other

269

00:17:03,370 --> 00:17:01,130

and make each other laugh and and sing

270

00:17:05,890 --> 00:17:03,380

songs together and sing harmony music

271

00:17:08,560 --> 00:17:05,900

opens doors and music stimulates the

272

00:17:10,240 --> 00:17:08,570

brain music helps organize and even wire

273

00:17:12,130 --> 00:17:10,250

your brain when you learn to play music

274

00:17:14,470 --> 00:17:12,140

at a young age so for a lot of different

275

00:17:16,990 --> 00:17:14,480

reasons music education is really

276

00:17:18,790 --> 00:17:17,000

important in life and it's a wonderful

277

00:17:21,010 --> 00:17:18,800

applicable skill that only makes you

278

00:17:27,220 --> 00:17:21,020

more capable human and we should all

279

00:17:35,900 --> 00:17:29,390

Chris a question from the Ontario

280

00:17:37,640 --> 00:17:35,910

Science Centre my name's Lucy and he

281

00:17:43,210 --> 00:17:37,650

said that music makes you a better

282

00:17:48,980 --> 00:17:46,700

Mitsy being an astronaut as Jeremy

283

00:17:51,200 --> 00:17:48,990

Hansen there with you will tell you it

284

00:17:54,820 --> 00:17:51,210

is hard work and there's an awful lot of

285

00:17:57,710 --> 00:17:54,830

things to know and when you get to space

286

00:18:00,409 --> 00:17:57,720

most things don't go like you expect and

287

00:18:01,880 --> 00:18:00,419

so you're constantly have to invent and

288

00:18:05,870 --> 00:18:01,890

think of stuff and come up with new

289

00:18:08,120 --> 00:18:05,880

ideas on the fly and be creative and

290

00:18:10,310 --> 00:18:08,130

look for new ways to do things and look

291

00:18:13,510 --> 00:18:10,320

how things might fit together and all of

292

00:18:16,909 --> 00:18:13,520

that is like a description of music of

293

00:18:19,970 --> 00:18:16,919

creativity of learning to think learning

294

00:18:23,030 --> 00:18:19,980

how things different things like a bass

295

00:18:25,100 --> 00:18:23,040

trombone and a violin and a pair of

296

00:18:28,610 --> 00:18:25,110

cymbals how all that can come together

297

00:18:30,890 --> 00:18:28,620

and create something that's what music

298

00:18:32,690 --> 00:18:30,900

is but it's also trying to create a

299

00:18:34,610 --> 00:18:32,700

symphony out of this incredibly

300

00:18:35,840 --> 00:18:34,620

complicated laboratory that is the

301  
00:18:37,760 --> 00:18:35,850  
International Space Station

302  
00:18:39,409 --> 00:18:37,770  
so I think the type of skills you

303  
00:18:41,330 --> 00:18:39,419  
develop in learning to play an

304  
00:18:43,520 --> 00:18:41,340  
instrument with the discipline learning

305  
00:18:46,310 --> 00:18:43,530  
to play in a group with with the Harmony

306  
00:18:47,900 --> 00:18:46,320  
and then the fundamental skills that

307  
00:18:49,280 --> 00:18:47,910  
come along with handling all those

308  
00:18:51,710 --> 00:18:49,290  
things together they're applicable

309  
00:18:53,060 --> 00:18:51,720  
whether you're an astronaut or really

310  
00:18:55,820 --> 00:18:53,070  
anybody trying to do anything it just

311  
00:18:58,340 --> 00:18:55,830  
gives you better skills and maybe also

312  
00:19:00,890 --> 00:18:58,350  
bring some art to a place that is

313  
00:19:02,360 --> 00:19:00,900

otherwise kind of a serious laboratory

314

00:19:10,520 --> 00:19:02,370

so for a lot of different reasons I

315

00:19:15,900 --> 00:19:13,230

hi Chris I'm Katie from the Wexford

316

00:19:18,000 --> 00:19:15,910

Gleeks and my question is if we ever

317

00:19:20,430 --> 00:19:18,010

encounter advanced life on another

318

00:19:26,750 --> 00:19:20,440

planet what music should we play to

319

00:19:33,210 --> 00:19:30,630

well let's see I think it should be a

320

00:19:36,480 --> 00:19:33,220

song that makes a smile so that we

321

00:19:39,690 --> 00:19:36,490

appear friendly it should be a song that

322

00:19:41,760 --> 00:19:39,700

tells a story about humanity and what

323

00:19:44,700 --> 00:19:41,770

we're doing and and what's important to

324

00:19:46,529 --> 00:19:44,710

us and where we're going it should be a

325

00:19:50,039 --> 00:19:46,539

song that a lot of people know something

326

00:19:52,740 --> 00:19:50,049

that is representative of us so I can

327

00:19:54,720 --> 00:19:52,750

think of a good song about how about the

328

00:19:56,310 --> 00:19:54,730

one we all sang together today it makes

329

00:19:59,070 --> 00:19:56,320

me smile it tells a good story

330

00:20:01,140 --> 00:19:59,080

it's one we all know I think is somebody

331

00:20:09,539 --> 00:20:01,150

singing would be a great first song you

332

00:20:11,010 --> 00:20:09,549

just can't help but join in everybody

333

00:20:12,899 --> 00:20:11,020

seem to agree with that idea Chris

334

00:20:14,669 --> 00:20:12,909

that's great we really really appreciate

335

00:20:16,980 --> 00:20:14,679

you taking the time out today we know

336

00:20:19,620 --> 00:20:16,990

you have a busy schedule we really

337

00:20:21,360 --> 00:20:19,630

enjoyed this this is awesome and if you

338

00:20:24,180 --> 00:20:21,370

could just maybe give us a few more

339

00:20:25,980 --> 00:20:24,190

words from space close out and maybe one

340

00:20:32,120 --> 00:20:25,990

of your astronaut space tricks would be

341

00:20:37,279 --> 00:20:34,490

well to the people at the Canadian Space

342

00:20:41,270 --> 00:20:37,289

Agency you do something right in the

343

00:20:43,789 --> 00:20:41,280

edge of magic allowing Canadians to not

344

00:20:45,620 --> 00:20:43,799

only be here in person in my case or the

345

00:20:47,510 --> 00:20:45,630

other astronauts like Jeremy and the

346

00:20:50,510 --> 00:20:47,520

folks that have been up here before but

347

00:20:51,710 --> 00:20:50,520

for so many people to participate the

348

00:20:53,960 --> 00:20:51,720

people that have been watching and

349

00:20:55,370 --> 00:20:53,970

following the videos and the words and

350

00:20:57,830 --> 00:20:55,380

the images that have been coming down

351  
00:21:02,000 --> 00:20:57,840  
from here and organizing an event like

352  
00:21:04,430 --> 00:21:02,010  
today where where the exploration of the

353  
00:21:05,720 --> 00:21:04,440  
universe around our planet is something

354  
00:21:07,820 --> 00:21:05,730  
that could become part of everybody's

355  
00:21:09,770 --> 00:21:07,830  
life and not just the science the

356  
00:21:12,169 --> 00:21:09,780  
science is important but also the

357  
00:21:14,450 --> 00:21:12,179  
humanity of it the beauty of it the

358  
00:21:16,430 --> 00:21:14,460  
wonder of it the perspective it gives to

359  
00:21:19,789 --> 00:21:16,440  
us and the music that goes along with it

360  
00:21:21,710 --> 00:21:19,799  
those things are what make exploration

361  
00:21:24,980 --> 00:21:21,720  
worthwhile because of what they bring

362  
00:21:27,409 --> 00:21:24,990  
back to us all and so thank you Jeremy

363  
00:21:29,299 --> 00:21:27,419

for being there today of course Holly

364

00:21:31,430 --> 00:21:29,309

and the Coalition for music education

365

00:21:33,200 --> 00:21:31,440

thank you so much for setting this up

366
