

1  
00:00:14,880 --> 00:00:24,630

yes

2  
00:00:24,640 --> 00:00:54,950

is

3  
00:00:54,960 --> 00:01:28,469

foreign

4  
00:01:28,479 --> 00:01:49,910

oh

5  
00:02:00,469 --> 00:01:56,230

is

6  
00:02:02,709 --> 00:02:00,479  
prepared we've been training for

7  
00:02:04,789 --> 00:02:02,719  
over two years for this

8  
00:02:05,510 --> 00:02:04,799  
for both working on the space station

9  
00:02:07,190 --> 00:02:05,520  
and

10  
00:02:18,470 --> 00:02:07,200  
flying in the soyuz

11  
00:02:22,550 --> 00:02:20,470  
aspects of space station training how

12  
00:02:24,070 --> 00:02:22,560  
can you compare your training here in

13  
00:02:25,430 --> 00:02:24,080

star city to

14

00:02:27,030 --> 00:02:25,440

what you've done around the world and

15

00:02:28,710 --> 00:02:27,040

how is your level of preparation for

16

00:02:30,710 --> 00:02:28,720

space flight

17

00:02:32,070 --> 00:02:30,720

i'll answer the second question first i

18

00:02:34,309 --> 00:02:32,080

feel really ready

19

00:02:37,270 --> 00:02:34,319

it's been two and a half years so i'm

20

00:02:39,910 --> 00:02:37,280

certainly eager to get going and to

21

00:02:41,750 --> 00:02:39,920

to actually sit on the rocket and go

22

00:02:44,470 --> 00:02:41,760

as far as comparing that the different

23

00:02:45,910 --> 00:02:44,480

systems and i think i'm lucky because

24

00:02:48,229 --> 00:02:45,920

being european

25

00:02:50,070 --> 00:02:48,239

we uh in a way we sit in the middle

26  
00:02:51,589 --> 00:02:50,080  
between the two systems the american one

27  
00:02:52,550 --> 00:02:51,599  
and the russian one

28  
00:02:54,710 --> 00:02:52,560  
and

29  
00:02:57,430 --> 00:02:54,720  
i've had the opportunity to

30  
00:02:59,589 --> 00:02:57,440  
train in the system that are different i

31  
00:03:01,830 --> 00:02:59,599  
i think in a way the

32  
00:03:05,270 --> 00:03:01,840  
russian system is a little more formal

33  
00:03:08,309 --> 00:03:05,280  
and we do a lot more theory and then we

34  
00:03:10,309 --> 00:03:08,319  
apply it in the practical part the

35  
00:03:12,630 --> 00:03:10,319  
american system to me or the western

36  
00:03:14,869 --> 00:03:12,640  
system is more uh

37  
00:03:18,790 --> 00:03:14,879  
related to actually

38  
00:03:20,949 --> 00:03:18,800

put your put your hands on the on

39

00:03:23,190 --> 00:03:20,959

figure out how to deal with different

40

00:03:24,949 --> 00:03:23,200

emergencies overall it's two different

41

00:03:27,270 --> 00:03:24,959

systems the results are always very good

42

00:03:29,270 --> 00:03:27,280

i i feel very very ready

43

00:04:10,149 --> 00:03:29,280

uh both for the exams and for the actual

44

00:04:10,159 --> 00:04:24,710

foreign

45

00:04:24,720 --> 00:04:33,350

though

46

00:04:33,360 --> 00:04:42,070

um

47

00:05:12,629 --> 00:05:00,230

yes

48

00:05:12,639 --> 00:05:48,950

is

49

00:05:48,960 --> 00:06:26,309

uh

50

00:06:26,319 --> 00:06:44,870

foreign

51

00:06:44,880 --> 00:07:30,710

hot water
