

1
00:00:49,520 --> 00:01:04,390
again

2
00:01:04,400 --> 00:01:28,789
okay

3
00:01:28,799 --> 00:01:59,429
good morning

4
00:01:59,439 --> 00:02:04,550
so did you drink everything

5
00:02:04,560 --> 00:02:18,550
everything

6
00:02:18,560 --> 00:02:22,790
good morning how are you

7
00:02:22,800 --> 00:02:41,110
good sounds great

8
00:02:41,120 --> 00:03:02,869
good morning

9
00:03:02,879 --> 00:03:11,430
everybody

10
00:03:11,440 --> 00:03:32,869
so let's pass through

11
00:03:32,879 --> 00:03:46,070
come in

12
00:03:46,080 --> 00:04:06,390
hmm

13
00:04:06,400 --> 00:04:51,030

foreign

14

00:04:51,040 --> 00:05:00,550

players

15

00:05:00,560 --> 00:05:27,350

come on

16

00:05:27,360 --> 00:06:06,230

so

17

00:06:06,240 --> 00:06:44,550

foreign

18

00:06:44,560 --> 00:07:15,189

so now with the families players

19

00:07:27,990 --> 00:07:17,189

and a bit closer to each other

20

00:07:28,000 --> 00:07:53,189

and now with the managers

21

00:07:53,199 --> 00:07:58,710

yes

22

00:08:04,869 --> 00:08:01,589

good morning good morning

23

00:08:06,869 --> 00:08:04,879

have a question on the fast profile

24

00:08:09,270 --> 00:08:06,879

approach and rendezvous

25

00:08:11,350 --> 00:08:09,280

does it have uh any differences did you

26

00:08:12,869 --> 00:08:11,360

have to retrain

27

00:08:15,909 --> 00:08:12,879

no not really

28

00:08:18,629 --> 00:08:15,919

the vehicle is the same

29

00:08:19,670 --> 00:08:18,639

but some operations

30

00:08:22,309 --> 00:08:19,680

are done

31

00:08:23,589 --> 00:08:22,319

in the shorter time frames for example

32

00:08:29,029 --> 00:08:23,599

leak checks

33

00:08:33,190 --> 00:08:30,629

so there are certain

34

00:08:34,550 --> 00:08:33,200

small differences but the vehicle

35

00:08:36,149 --> 00:08:34,560

the service vehicle is still the same

36

00:08:38,870 --> 00:08:36,159

the propulsion system is still there is

37

00:08:40,790 --> 00:08:38,880

the same the attitude is the same

38

00:08:43,029 --> 00:08:40,800

it's just that we well not we the

39

00:08:46,630 --> 00:08:43,039

designers they tried to fit all the

40

00:08:48,630 --> 00:08:46,640

operations from the 40 48 hour profile

41

00:08:50,230 --> 00:08:48,640

into 24 hour profile

42

00:08:52,389 --> 00:08:50,240

is it true that you dream to fly like

43

00:08:54,870 --> 00:08:52,399

this yes because at the beginning when

44

00:08:57,350 --> 00:08:54,880

the decision was being taken

45

00:08:59,430 --> 00:08:57,360

the thought was that the first flight

46

00:09:01,829 --> 00:08:59,440

was a test flight

47

00:09:03,670 --> 00:09:01,839

in which pilot vinogradov participated

48

00:09:06,550 --> 00:09:03,680

and i took part in all those discussions

49

00:09:09,190 --> 00:09:06,560

as well back when i was uh

50

00:09:10,550 --> 00:09:09,200

part of rsc and their gail was also

51
00:09:12,630 --> 00:09:10,560
working on this and they said that

52
00:09:14,710 --> 00:09:12,640
probably the second flight will go back

53
00:09:17,590 --> 00:09:14,720
to the old profile and we'll go back to

54
00:09:19,750 --> 00:09:17,600
the new profile we'll have to redo so

55
00:09:23,350 --> 00:09:19,760
what i did is i talked to my crew

56
00:09:28,070 --> 00:09:23,360
members and i explained all the

57
00:09:31,030 --> 00:09:28,080
popularities of both profiles and

58
00:09:31,910 --> 00:09:31,040
all of us agreed to go ahead and to try

59
00:09:33,990 --> 00:09:31,920
to

60
00:09:35,670 --> 00:09:34,000
fly with the fast profilers my main

61
00:09:37,750 --> 00:09:35,680
thing that this is no decision of the

62
00:09:38,870 --> 00:09:37,760
command this decision of the entire crew

63
00:09:41,829 --> 00:09:38,880

and

64

00:09:42,630 --> 00:09:41,839

i started to work on this

65

00:09:45,030 --> 00:09:42,640

and

66

00:09:47,350 --> 00:09:45,040

my crew members helped me

67

00:09:48,150 --> 00:09:47,360

for example karen as a flight engineer

68

00:09:51,190 --> 00:09:48,160

too

69

00:09:53,430 --> 00:09:51,200

she had to perform certain

70

00:09:56,150 --> 00:09:53,440

activities which were not for a fat

71

00:09:56,870 --> 00:09:56,160

engineer to do but she was uh great at

72

00:09:58,790 --> 00:09:56,880

it

73

00:10:01,110 --> 00:09:58,800

and luca you know his knowledge of

74

00:10:02,389 --> 00:10:01,120

russian and his uh great operator

75

00:10:05,910 --> 00:10:02,399

abilities

76
00:10:09,030 --> 00:10:08,069
and we do hope that our dream will come

77
00:10:11,190 --> 00:10:09,040
true

78
00:10:13,990 --> 00:10:11,200
and by the way the patch of our

79
00:10:20,870 --> 00:10:14,000
expedition it has just four orbits it

80
00:10:24,630 --> 00:10:22,550
the next two weeks in baikonur will be a

81
00:10:26,470 --> 00:10:24,640
lot of resting for us to stay healthy

82
00:10:28,870 --> 00:10:26,480
and be well rested for the flight we'll

83
00:10:30,790 --> 00:10:28,880
also have a few ceremonial events that

84
00:10:32,870 --> 00:10:30,800
we will take part in and one of the most

85
00:10:34,630 --> 00:10:32,880
important things is uh what they call

86
00:10:36,710 --> 00:10:34,640
fit checks in the vehicle itself where

87
00:10:38,230 --> 00:10:36,720
we'll be able to get suited up and go in

88
00:10:40,630 --> 00:10:38,240

and make sure we

89

00:10:42,630 --> 00:10:40,640

know where everything is packed and

90

00:10:43,990 --> 00:10:42,640

make sure everything is fit for us

91

00:10:54,069 --> 00:10:44,000

properly

92

00:10:57,670 --> 00:10:55,750

could you say something about the time

93

00:10:59,590 --> 00:10:57,680

that you've spent together

94

00:11:02,630 --> 00:10:59,600

as a crew

95

00:11:04,630 --> 00:11:02,640

can one say that you've become a real

96

00:11:06,710 --> 00:11:04,640

close family

97

00:11:09,030 --> 00:11:06,720

it's not up for discussion no

98

00:11:11,509 --> 00:11:09,040

because uh sure at the very first stage

99

00:11:12,389 --> 00:11:11,519

were totally different strangers to each

100

00:11:15,670 --> 00:11:12,399

other

101
00:11:16,790 --> 00:11:15,680
understand this

102
00:11:19,829 --> 00:11:16,800
but uh

103
00:11:22,310 --> 00:11:19,839
there is one thing which unifies all of

104
00:11:24,790 --> 00:11:22,320
us where professionals where astronauts

105
00:11:25,990 --> 00:11:24,800
where cousins want to fly

106
00:11:28,389 --> 00:11:26,000
take karen

107
00:11:30,870 --> 00:11:28,399
her family is a professional astronaut

108
00:11:33,509 --> 00:11:30,880
family husband as an astronaut

109
00:11:36,230 --> 00:11:33,519
luka is a professional test pilot

110
00:11:38,870 --> 00:11:36,240
who has dreamt

111
00:11:41,670 --> 00:11:38,880
to go to space and i've seen how he

112
00:11:44,150 --> 00:11:41,680
trained so this dream is something that

113
00:11:47,110 --> 00:11:44,160

unifies all of us so you can say that we

114

00:11:48,550 --> 00:11:47,120

have to but i say that we are forced to

115

00:11:50,389 --> 00:11:48,560

we're compelled

116

00:11:53,190 --> 00:11:50,399

to stay together because this is our

117

00:11:55,670 --> 00:11:53,200

life our life

118

00:11:57,190 --> 00:11:55,680

joint life in common

119

00:12:00,150 --> 00:11:57,200

it all depends on

120

00:12:02,550 --> 00:12:00,160

the actions of each of us and we have

121

00:12:07,110 --> 00:12:02,560

trust and confidence in each other we do

122

00:12:12,949 --> 00:12:10,310

family peoples we have

123

00:12:16,310 --> 00:12:12,959

families each of us and uh

124

00:12:18,389 --> 00:12:16,320

so if you take uh at this level

125

00:12:20,310 --> 00:12:18,399

each of us has a big family and all of

126

00:12:31,990 --> 00:12:20,320

us who are one big family i'll use this

127

00:12:36,710 --> 00:12:34,629

it's a mixed feeling it's a bittersweet

128

00:12:39,030 --> 00:12:36,720

sensation because

129

00:12:41,269 --> 00:12:39,040

even though i'm really excited and

130

00:12:43,750 --> 00:12:41,279

you know i'm happy that this final step

131

00:12:44,629 --> 00:12:43,760

is starting now uh the preparation to

132

00:12:46,710 --> 00:12:44,639

launch

133

00:12:48,629 --> 00:12:46,720

it's also if it feels a little bit like

134

00:12:50,629 --> 00:12:48,639

leaving a very comfortable place where

135

00:12:52,389 --> 00:12:50,639

i've been living for for the past three

136

00:12:53,829 --> 00:12:52,399

years so

137

00:12:55,430 --> 00:12:53,839

there is a little bit of

138

00:13:04,870 --> 00:12:55,440

melancholy

139

00:13:04,880 --> 00:13:21,590

the

140

00:13:21,600 --> 00:13:44,629

elbow

141

00:13:51,750 --> 00:13:46,870

it was

142

00:13:51,760 --> 00:14:09,750

i'll be back

143

00:14:09,760 --> 00:14:17,509

please let the cosmos true

144

00:14:24,710 --> 00:14:20,230

so who's going to fly to space please
