

1
00:00:12,240 --> 00:00:20,950
we are receiving the image

2
00:00:26,630 --> 00:00:22,870
this is mission control houston we have

3
00:00:37,270 --> 00:00:26,640
a physical separation at 8 58 a.m

4
00:00:49,110 --> 00:00:38,470
between the

5
00:00:54,790 --> 00:00:52,630
as the progress 51 backs away undocking

6
00:00:58,229 --> 00:00:54,800
took place

7
00:01:05,910 --> 00:00:58,239
just over southeastern russia at 258

8
00:01:05,920 --> 00:02:32,630
i think it's going nominally

9
00:02:36,949 --> 00:02:34,150
this is mission control houston again

10
00:02:39,430 --> 00:02:36,959
we're getting a live camera views

11
00:02:40,869 --> 00:02:39,440
as the progress 51

12
00:02:42,869 --> 00:02:40,879
continues to back away from the

13
00:02:48,630 --> 00:02:42,879

international space station

14

00:02:57,190 --> 00:02:51,270

had it confirmed physical separation at

15

00:03:03,110 --> 00:03:00,070

as the international space station

16

00:03:06,070 --> 00:03:03,120

flew at an altitude of about 258 statute

17

00:03:06,949 --> 00:03:06,080

miles just over southeastern russia

18

00:03:11,910 --> 00:03:06,959

at the
