

Charles Bolden
NASA Administrator

1
00:00:04,390 --> 00:00:03,350
hello i'm nasa administrator charlie

2
00:00:07,269 --> 00:00:04,400
bolden

3
00:00:09,270 --> 00:00:07,279
every day nasa is advancing aeronautics

4
00:00:11,190 --> 00:00:09,280
and space technology development

5
00:00:13,589 --> 00:00:11,200
transforming the ways we get to low

6
00:00:15,350 --> 00:00:13,599
earth orbit and setting our sights on

7
00:00:17,269 --> 00:00:15,360
farther destinations

8
00:00:19,750 --> 00:00:17,279
we're working with small business around

9
00:00:21,990 --> 00:00:19,760
the nation to meet these challenges

10
00:00:23,990 --> 00:00:22,000
during small business week we have an

11
00:00:26,230 --> 00:00:24,000
opportunity to recognize how much this

12
00:00:28,630 --> 00:00:26,240
work means to all of us

13
00:00:30,710 --> 00:00:28,640

i want to recognize our fiscal year 12

14

00:00:31,669 --> 00:00:30,720

agency small business prime contractor

15

00:00:34,229 --> 00:00:31,679

of the year

16

00:00:37,030 --> 00:00:34,239

a2 research and our small business

17

00:00:39,030 --> 00:00:37,040

subcontractor of the year tri-models

18

00:00:41,590 --> 00:00:39,040

their work is helping keep america the

19

00:00:44,950 --> 00:00:41,600

world leader in space exploration

20

00:00:46,549 --> 00:00:44,960

in fiscal year 2014 nasa will continue

21

00:00:48,790 --> 00:00:46,559

its breakthrough work in science

22

00:00:51,029 --> 00:00:48,800

technology and exploration

23

00:00:52,709 --> 00:00:51,039

we'll embrace new challenges such as a

24

00:00:55,350 --> 00:00:52,719

mission to capture and redirect an

25

00:00:56,470 --> 00:00:55,360

asteroid closer to earth so astronauts

26

00:00:58,150 --> 00:00:56,480

can visit it

27

00:00:59,750 --> 00:00:58,160

we'll continue to drive commercial

28

00:01:02,069 --> 00:00:59,760

partnerships to resupply the

29

00:01:04,710 --> 00:01:02,079

international space station with cargo

30

00:01:06,710 --> 00:01:04,720

and eventually to transport crews from

31

00:01:08,390 --> 00:01:06,720

american soil once again

32

00:01:10,310 --> 00:01:08,400

we'll keep developing the space launch

33

00:01:12,390 --> 00:01:10,320

system in the orion multi-purpose crew

34

00:01:15,190 --> 00:01:12,400

vehicle so astronauts can reach an

35

00:01:17,510 --> 00:01:15,200

asteroid and ultimately mars

36

00:01:18,710 --> 00:01:17,520

even as spacecraft speed to jupiter and

37

00:01:20,550 --> 00:01:18,720

pluto

38

00:01:23,109 --> 00:01:20,560

and other destinations in our solar

39

00:01:25,990 --> 00:01:23,119

system will prepare the james webb space

40

00:01:27,910 --> 00:01:26,000

telescope for its 2018 launch as the

41

00:01:31,030 --> 00:01:27,920

successor to hubble

42

00:01:32,149 --> 00:01:31,040

small business is integral to everything

43

00:01:34,789 --> 00:01:32,159

we do

44

00:01:37,030 --> 00:01:34,799

it's involved in every aspect of nasa

45

00:01:38,550 --> 00:01:37,040

and it's helping america lead the world

46

00:01:40,710 --> 00:01:38,560

in exploration

47

00:01:43,270 --> 00:01:40,720

small businesses and entrepreneurs

48

00:01:45,990 --> 00:01:43,280

employ half of america's workers and

49

00:01:47,670 --> 00:01:46,000

create two out of every three jobs

50

00:01:49,190 --> 00:01:47,680

they're an essential part of our

51

00:01:51,510 --> 00:01:49,200

economic engine

52

00:01:55,350 --> 00:01:51,520

i'm pleased to report that for fiscal

53

00:01:58,630 --> 00:01:55,360

year 2013 nasa is exceeding by 2.91

54

00:02:01,590 --> 00:01:58,640

percent its goal that 17.2 percent of

55

00:02:03,910 --> 00:02:01,600

our contracts go to small businesses

56

00:02:05,990 --> 00:02:03,920

we're always trying to do better and our

57

00:02:08,229 --> 00:02:06,000

small business improvement program is

58

00:02:11,430 --> 00:02:08,239

working to develop measurable objectives

59

00:02:13,110 --> 00:02:11,440

that can help us become even stronger

60

00:02:15,589 --> 00:02:13,120

i want to thank the small business

61

00:02:17,510 --> 00:02:15,599

community for your continued hard work

62

00:02:20,869 --> 00:02:17,520

your contributions are one of nasa's

63

00:02:22,470 --> 00:02:20,879

most valuable assets and each day you're

64

00:02:25,030 --> 00:02:22,480

helping us to create the world's

65

00:02:27,110 --> 00:02:25,040

strongest space program for that i

66

00:02:29,430 --> 00:02:27,120

sincerely thank you and the nasa

67

00:02:31,190 --> 00:02:29,440

workforce with which you partner to make

68

00:02:33,509 --> 00:02:31,200

it happen now
