00:00:18,790 --> 00:00:15,599

4
00:00:27,349 --> 00:00:24,550
so

5
00:00:30,470 --> 00:00:27,359
the head of the construction

6
00:00:32,549 --> 00:00:30,480

10
00:00:57,680 --> 00:01:02,229
try not to shake too hard

11
00:01:02,239 --> 00:01:07,350
we don't have seven here

12
00:01:15,990 --> 00:01:08,310
let's

13
00:01:20,390 --> 00:01:16,000

uh get inside

14

00:01:20,400 --> 00:01:37,350

i got on the wrong side

15

00:01:43,590 --> 00:01:41,749

okay let's get it together

16

00:02:19,750 --> 00:01:43,600

all right

17

00:02:24,229 --> 00:02:21,270

okay shall we

18

00:02:34,150 --> 00:02:24,239

have the microphones

19

00:02:34,160 --> 00:02:38,869

please don't be in the way

20

00:02:46,150 --> 00:02:41,110

prime crew families

21

00:02:46,160 --> 00:03:02,070

all right please look at me

22

00:03:02,080 --> 00:03:06,309

too much too much too far

23

00:03:06,319 --> 00:03:09,670

okay please look at me

24

00:03:09,680 --> 00:03:16,949

and once again

25

00:03:21,990 --> 00:03:20,309

should we arrange ourselves somehow no

26

00:03:23,990 --> 00:03:22,000

one crew to the right one crew to the

27

00:03:25,670 --> 00:03:24,000

left

28

00:03:58,070 --> 00:03:25,680

it's photoshopped

29

00:04:01,190 --> 00:03:59,030

thank you

30

00:04:03,270 --> 00:04:01,200

any more questions and as a tv for rick

31

00:04:05,270 --> 00:04:03,280

destruccio how will you be spending your

32

00:04:07,270 --> 00:04:05,280

uh your days down and biking or nothing

33

00:04:09,110 --> 00:04:07,280

less than two weeks to launch

34

00:04:10,869 --> 00:04:09,120

so yeah good question on monday we'll

35

00:04:12,630 --> 00:04:10,879

have a fit check where we'll actually

36

00:04:14,470 --> 00:04:12,640

put on our social suits and climb into

37

00:04:16,229 --> 00:04:14,480

the soyuz vehicle

38

00:04:18,390 --> 00:04:16,239

and strap in just to see what that's all

39
00:04:19,909 --> 00:04:18,400
about we have some uh some training down

40
00:04:21,749 --> 00:04:19,919
there we'll talk a lot about launch

41
00:04:23,830 --> 00:04:21,759
preparations and launch itself and then

42
00:04:26,390 --> 00:04:23,840
of course the big day we'll be ready for

43
00:04:26,400 --> 00:04:41,430
thank you

44
00:04:45,510 --> 00:04:42,550
they

45
00:04:47,350 --> 00:04:46,230
the

46
00:04:50,629 --> 00:04:47,360
olympic

47
00:04:52,550 --> 00:04:50,639
torch is very interesting

48
00:04:54,310 --> 00:04:52,560
thing on the station and it's very

49
00:04:55,510 --> 00:04:54,320
interesting to be a part of it and we'll

50
00:04:59,030 --> 00:04:55,520
do

51
00:05:00,710 --> 00:04:59,040
our best with everything entrusted to us

52
00:05:02,150 --> 00:05:00,720
is it something out of the ordinary of

53
00:05:04,469 --> 00:05:02,160
course

54
00:05:08,070 --> 00:05:04,479
are you going to take pictures with it

55
00:05:12,070 --> 00:05:10,790
well we are not doing a space walk with

56
00:05:28,310 --> 00:05:12,080
it
