

1  
00:00:05,110 --> 00:00:02,710  
oleg kotov's will be designated with a

2  
00:00:07,829 --> 00:00:05,120  
number 17 and again he's wearing a suit

3  
00:00:10,950 --> 00:00:07,839  
marked with red stripes

4  
00:00:14,070 --> 00:00:10,960  
and sergey rozanski's camera view will

5  
00:00:16,150 --> 00:00:14,080  
be embossed with the number 18 and he

6  
00:00:17,510 --> 00:00:16,160  
today is wearing the spacesuit with the

7  
00:00:19,670 --> 00:00:17,520  
blue stripes

8  
00:00:22,150 --> 00:00:19,680  
please move it down

9  
00:00:27,990 --> 00:00:22,160  
okay you have a go to do the handover

10  
00:00:31,589 --> 00:00:29,669  
all right

11  
00:00:32,549 --> 00:00:31,599  
so shall we start

12  
00:00:34,389 --> 00:00:32,559  
taking

13  
00:00:36,389 --> 00:00:34,399

this symbol of partnership and

14

00:00:50,150 --> 00:00:36,399

friendship and

15

00:00:54,869 --> 00:00:52,630

holding the olympic torch now making his

16

00:00:56,790 --> 00:00:54,879

way out of the piers docking compartment

17

00:00:59,990 --> 00:00:56,800

taking it out of the international space

18

00:01:01,110 --> 00:01:00,000

station for the first time don't forget

19

00:01:02,709 --> 00:01:01,120

too

20

00:01:04,869 --> 00:01:02,719

this is not the first time that a that

21

00:01:06,390 --> 00:01:04,879

an olympic torch has been to space it

22

00:01:09,510 --> 00:01:06,400

one was brought up on board a space

23

00:01:11,670 --> 00:01:09,520

shuttle atlantis in 1996

24

00:01:13,510 --> 00:01:11,680

but this is the first time that one has

25

00:01:16,950 --> 00:01:13,520

been included on a space walk and

26

00:01:18,390 --> 00:01:16,960

exposed to the vacuum of space

27

00:01:20,789 --> 00:01:18,400

that's excellent

28

00:01:23,429 --> 00:01:20,799

view here from

29

00:01:25,350 --> 00:01:23,439

sergey ryazanskiy's camera of oleg kotov

30

00:01:28,149 --> 00:01:25,360

holding the olympic torch outside the

31

00:01:30,469 --> 00:01:28,159

piers blocking department

32

00:01:33,830 --> 00:01:30,479

all right and we can see you from the

33

00:01:36,149 --> 00:01:33,840

ground and the view is breathtaking

34

00:01:37,429 --> 00:01:36,159

and we tried we did our best

35

00:01:38,550 --> 00:01:37,439

can you see us

36

00:01:48,389 --> 00:01:38,560

yes

37

00:01:54,389 --> 00:01:51,109

that probably is holding the

38

00:01:56,709 --> 00:01:54,399

karma box the pressurized box it seems

39

00:01:59,270 --> 00:01:56,719

to be stretched out just make sure that

40

00:02:05,270 --> 00:01:59,280

it doesn't tangle against anything

41

00:02:05,280 --> 00:02:14,470

okay this is excellent perfect

42

00:02:18,229 --> 00:02:15,990

antoine

43

00:02:20,470 --> 00:02:18,239

anton can you hear us

44

00:02:22,790 --> 00:02:20,480

yes we can see you

45

00:02:23,910 --> 00:02:22,800

okay a few centimeters from the right

46

00:02:46,630 --> 00:02:23,920

shoulder

47

00:02:46,640 --> 00:02:58,630

do you see the image

48

00:03:05,270 --> 00:03:01,430

we can see the image from your camera

49

00:03:08,869 --> 00:03:07,509

now i'm turning around with the earth on

50

00:03:11,830 --> 00:03:08,879

the background

51  
00:03:14,790 --> 00:03:11,840  
you hear from olin kotom's helmet camera

52  
00:03:16,790 --> 00:03:14,800  
and uh now seeing from sergey

53  
00:03:19,990 --> 00:03:16,800  
or actually now oleg kotov's that first

54  
00:03:20,000 --> 00:03:23,910  
move the camera a little bit

55  
00:03:34,869 --> 00:03:26,550  
and i would like to take some more

56  
00:03:39,190 --> 00:03:36,710  
now this is a position perfect for

57  
00:03:40,630 --> 00:03:39,200  
handing over the uh

58  
00:03:59,750 --> 00:03:40,640  
torch

59  
00:04:04,949 --> 00:04:02,070  
waving for the cameras as uh

60  
00:04:06,789 --> 00:04:04,959  
sergey ryazanskiy holds onto the torch

61  
00:04:10,710 --> 00:04:06,799  
after it was passed off to him from

62  
00:04:15,910 --> 00:04:13,750  
call the torch a symbol a partnership

63  
00:04:18,229 --> 00:04:15,920

friendship and competition

64

00:04:21,030 --> 00:04:18,239

you're right about the trust camera

65

00:04:22,550 --> 00:04:21,040

sergey can you move right next to him

66

00:04:24,550 --> 00:04:22,560

and this again is the first time that

67

00:04:26,550 --> 00:04:24,560

it's been exposed to the vacuum of space

68

00:04:28,550 --> 00:04:26,560

in a spacewalk

69

00:04:30,950 --> 00:04:28,560

yes i'm looking at you all like and the

70

00:04:32,790 --> 00:04:30,960

view is just excellent

71

00:04:36,390 --> 00:04:32,800

great

72

00:05:04,310 --> 00:04:36,400

prepared

73

00:05:04,320 --> 00:05:18,390

okay here hold it

74

00:05:23,510 --> 00:05:21,110

and on your readiness

75

00:05:25,670 --> 00:05:23,520

i would suggest to move to the next

76

00:05:29,430 --> 00:05:25,680

activity

77

00:05:50,150 --> 00:05:29,440

okay let us do another handover

78

00:05:55,110 --> 00:05:52,469

we are extremely happy beautiful image

79

00:05:56,870 --> 00:05:55,120

great angle we recorded the uh torch

80

00:05:59,189 --> 00:05:56,880

handover

81

00:06:02,550 --> 00:05:59,199

okay guys let's go

82

00:06:04,469 --> 00:06:02,560

to the next activity we have 22 minutes
