

1  
00:01:02,380 --> 00:00:46,880  
happy to see you hi how are you

2  
00:01:19,219 --> 00:01:18,679  
nothing I wanted to let's go where is

3  
00:01:35,910 --> 00:01:19,229  
she

4  
00:02:33,130 --> 00:01:53,499  
let's go let's go put a table crew such

5  
00:02:40,300 --> 00:02:35,470  
good buzz Alstom you might here

6  
00:02:51,229 --> 00:02:48,110  
once again stop now stop there you mind

7  
00:02:52,250 --> 00:02:51,239  
yeah I have your attention I see what

8  
00:02:56,180 --> 00:02:52,260  
see me thank you

9  
00:03:17,360 --> 00:02:56,190  
now with the family's family members

10  
00:03:19,250 --> 00:03:17,370  
please come here after two and a half

11  
00:03:20,960 --> 00:03:19,260  
years training how are you feeling as

12  
00:03:22,400 --> 00:03:20,970  
you're preparing to leave Star City for

13  
00:03:24,559 --> 00:03:22,410

the final time in preparation for your

14

00:03:27,080 --> 00:03:24,569

play honestly a little sad this is a

15

00:03:28,130 --> 00:03:27,090

beautiful day in Star City but we're

16

00:03:29,660 --> 00:03:28,140

ready we're ready to get down to

17

00:03:31,520 --> 00:03:29,670

Baikonur we should continue on with our

18

00:03:33,110 --> 00:03:31,530

training two and a half years long time

19

00:03:38,539 --> 00:03:33,120

we're absolutely ready let's go to

20

00:03:41,210 --> 00:03:38,549

Baikonur it's time Maxim a question for

21

00:03:45,860 --> 00:03:41,220

you how are you feeling I was feeling

22

00:03:48,530 --> 00:03:45,870

ready yes I would say 99 decimal nine

23

00:03:50,449 --> 00:03:48,540

percent and will become zero decimal one

24

00:03:52,220 --> 00:03:50,459

percent at Baikonur because Berger will

25

00:03:54,740 --> 00:03:52,230

see the continuation of our preparation

26

00:03:56,780 --> 00:03:54,750

I'm fully covered my crew they know

27

00:03:59,360 --> 00:03:56,790

everything they can do everything and I

28

00:04:01,849 --> 00:03:59,370

can rely on them we're just as one body

29

00:04:04,490 --> 00:04:01,859

everything's going to be fine what is

30

00:04:07,629 --> 00:04:04,500

the most difficult in your training the

31

00:04:10,400 --> 00:04:07,639

most difficult most difficult was

32

00:04:13,400 --> 00:04:10,410

probably to wait because it's easy to

33

00:04:14,960 --> 00:04:13,410

work along with them it's a great

34

00:04:17,659 --> 00:04:14,970

working with them I'd say it's probably

35

00:04:23,869 --> 00:04:17,669

wait wait till the time when the fly

36

00:04:28,709 --> 00:04:26,909

yes that's why he made a swim and every

37

00:04:33,899 --> 00:04:28,719

when you have Hospital differences that

38

00:04:35,129 --> 00:04:33,909

we should do the sphere loses kind equal

39

00:04:37,589 --> 00:04:35,139

envy of the Aidan East Indian is

40

00:04:40,230 --> 00:04:37,599

external enemies rapid land yeah

41

00:04:50,730 --> 00:04:40,240

laughing material schedules again I just

42

00:04:53,490 --> 00:04:50,740

look noise Islander 1401

43

00:04:56,659 --> 00:04:53,500

Jared dead skin yet decisive and a

44

00:04:59,610 --> 00:04:56,669

medium stanchion in Houston in currents

45

00:05:02,040 --> 00:04:59,620

starts no mean la langue doomed which

46

00:05:04,709 --> 00:05:02,050

came after mom's own experimental if you

47

00:05:06,510 --> 00:05:04,719

don't have to admit after office man in

48

00:05:12,990 --> 00:05:06,520

Turkish guy to moon that's fine ZZ

49

00:05:18,209 --> 00:05:13,000

experiment on board stop talking in

50

00:05:19,860 --> 00:05:18,219

English and German what are your main

51  
00:05:22,050 --> 00:05:19,870  
concerns you might be having before your

52  
00:05:23,700 --> 00:05:22,060  
mission actually I'm pretty relaxed you

53  
00:05:25,890 --> 00:05:23,710  
know as an astronaut your main concern

54  
00:05:27,269 --> 00:05:25,900  
is always that something slips between

55  
00:05:29,790 --> 00:05:27,279  
you and the lungs and something like

56  
00:05:31,920 --> 00:05:29,800  
hapless to you that you can't launch so

57  
00:05:33,990 --> 00:05:31,930  
that the more time progresses so close

58  
00:05:43,550 --> 00:05:34,000  
to forget to launch the less can slip in

59  
00:05:48,930 --> 00:05:45,629  
well let's see what will happen

60  
00:05:51,059 --> 00:05:48,940  
we'll see actually I going to continue

61  
00:05:53,749 --> 00:05:51,069  
blogging and what I going to Decatur

62  
00:05:58,140 --> 00:05:53,759  
free time - it's going to be a secret

63  
00:06:00,240 --> 00:05:58,150

max one more question you are growing

64

00:06:02,450 --> 00:06:00,250

wheat last time we're going to grow this

65

00:06:11,689 --> 00:06:02,460

time I think I going to grow potatoes

66

00:06:15,649 --> 00:06:13,850

not as examines the Tiffany I thought

67

00:06:18,529 --> 00:06:15,659

women mid-iron movie can feel from soon

68

00:06:20,570 --> 00:06:18,539

Bombardier decides to lasting abstract

69

00:06:23,570 --> 00:06:20,580

their capsule Sutton cap sitting here

70

00:06:25,820 --> 00:06:23,580

before yeah yeah look for loose women

71

00:06:27,830 --> 00:06:25,830

lovely again Moses Palestinian of like

72

00:06:29,659 --> 00:06:27,840

that equals Ian who monocots Brian

73

00:06:36,920 --> 00:06:29,669

assassin exam this emotionally so those

74

00:06:48,309 --> 00:06:36,930

outside thank you very much for you I'd

75

00:06:48,319 --> 00:06:56,680

good luck
