uh

9  
00:03:11,680 --> 00:03:18,949  
look at me please

10  
00:03:35,190 --> 00:03:20,390  
oh at least we

11  
00:03:35,200 --> 00:03:46,309  
jesus

12  
00:03:46,319 --> 00:04:11,110  
oh

13  
00:04:11,120 --> 00:04:16,390

do

14

00:04:16,400 --> 00:04:48,629

look at this

15

00:04:48,639 --> 00:05:14,790

oh

16

00:05:14,800 --> 00:05:24,790

i know

17

00:05:24,800 --> 00:05:40,710

um

18

00:05:40,720 --> 00:05:44,230

alexa

19

00:05:44,240 --> 00:05:53,430

look at me

20

00:05:53,440 --> 00:06:12,070

maximum look at us please

21

00:06:12,080 --> 00:06:29,430

okay

22

00:06:29,440 --> 00:06:39,029

that makes this taste like

23

00:06:49,990 --> 00:06:41,189

okay we're going

24

00:06:54,150 --> 00:06:52,629

i would like to ask the cosmonauts to

25

00:07:06,390 --> 00:06:54,160

raise

26

00:07:06,400 --> 00:07:11,510

please be careful um

27

00:07:11,520 --> 00:07:48,309

please raise the flag

28

00:07:48,319 --> 00:08:10,390

messages

29

00:08:10,400 --> 00:08:21,830

power

30

00:08:21,840 --> 00:08:44,389

emergency system

31

00:08:50,310 --> 00:08:46,550

no this one that goes this way because

32

00:08:50,320 --> 00:09:06,710

oh shall we play

33

00:09:26,790 --> 00:09:08,310

come on alex don't quit like there's no

34

00:09:26,800 --> 00:09:47,030

let's go this way

35

00:09:47,040 --> 00:10:06,310

stop here

36

00:10:06,320 --> 00:10:24,230

okay

37

00:10:43,030 --> 00:10:26,710

let's see max

38

00:10:43,040 --> 00:10:52,389

um

39

00:10:52,399 --> 00:11:03,269

so

40

00:11:03,279 --> 00:11:25,110

okay

41

00:11:25,120 --> 00:11:30,389

just a second

42

00:11:53,430 --> 00:11:33,670

max could you water it on that side

43

00:11:57,590 --> 00:11:54,949

tell me please what do you think about

44

00:11:59,829 --> 00:11:57,600

this traditional it's good

45

00:12:02,069 --> 00:11:59,839

well of course it's good um

46

00:12:04,230 --> 00:12:02,079

just a little personal story

47

00:12:06,230 --> 00:12:04,240

uh every night on our schedule at around

48

00:12:07,430 --> 00:12:06,240

midnight there's uh the russian word

49

00:12:09,590 --> 00:12:07,440

prague

50

00:12:11,910 --> 00:12:09,600

and it's just in english would mean just

51

00:12:13,910 --> 00:12:11,920

a nice summer stroll

52

00:12:16,069 --> 00:12:13,920

and uh it's my favorite event on the

53

00:12:18,150 --> 00:12:16,079

schedule so every night i love just

54

00:12:20,470 --> 00:12:18,160

starting up there walking down and you

55

00:12:21,910 --> 00:12:20,480

start amongst like my childhood heroes

56

00:12:22,949 --> 00:12:21,920

and then when you turn either this way

57

00:12:24,790 --> 00:12:22,959

or

58

00:12:27,829 --> 00:12:24,800

we're back to the left then you're

59

00:12:29,430 --> 00:12:27,839

amongst my colleagues and my friends and

60

00:12:32,310 --> 00:12:29,440

here you know steve swanson one of our

61

00:12:34,150 --> 00:12:32,320

best friends and here i am so

62

00:12:35,670 --> 00:12:34,160

here alex will be in a couple of minutes

63

00:12:37,670 --> 00:12:35,680

so i think it's just it's fantastic to

64

00:12:39,030 --> 00:12:37,680

just walk down here reflect and soon our

65

00:12:40,470 --> 00:12:39,040

families will be here and we can do the

66

00:12:42,790 --> 00:12:40,480

same thing with

67

00:12:45,910 --> 00:12:42,800

with our spouses and it'll be fantastic

68

00:12:47,350 --> 00:12:45,920

into the space are you think about this

69

00:12:50,150 --> 00:12:47,360

tree

70

00:12:51,269 --> 00:12:50,160

of course i'll be back here to visit

71

00:12:53,030 --> 00:12:51,279

this tree

72

00:12:56,870 --> 00:12:53,040

so yeah i'll think about it it's a good

73

00:12:56,880 --> 00:12:59,750

thank you

74

00:12:59,760 --> 00:13:11,269

well let's move on

75

00:13:26,150 --> 00:13:12,710

did they select the trees for their

76

00:13:26,160 --> 00:13:47,350

thank you

77

00:13:51,430 --> 00:13:49,269

many more trees

78

00:13:53,350 --> 00:13:51,440

down this road than the other road with

79

00:13:59,750 --> 00:13:53,360

many more people

80

00:13:59,760 --> 00:14:13,670

take a look at me

81

00:14:13,680 --> 00:14:22,629

hold on

82

00:14:27,590 --> 00:14:25,110

do appreciate the effort of the people

83

00:14:29,670 --> 00:14:27,600

who are trying to maintain this alloy in

84

00:14:31,750 --> 00:14:29,680

a good condition you can try if you wash

85

00:14:34,949 --> 00:14:31,760

it's very difficult they need to be

86

00:14:37,189 --> 00:14:34,959

taken care of they need to be watered

87

00:14:38,550 --> 00:14:37,199

and kazakhstan

88

00:14:40,069 --> 00:14:38,560

soil

89

00:14:45,269 --> 00:14:40,079

if you see

90

00:14:48,550 --> 00:14:45,279

everything is in good condition their

91

00:14:50,790 --> 00:14:48,560

grasses their blossoming tree

92

00:14:53,350 --> 00:14:50,800

i need to say thank you very much to the

93

00:14:56,550 --> 00:14:53,360

employees because they really do take

94

00:14:59,430 --> 00:14:56,560

good care of it they spend a lot of

95

00:15:00,949 --> 00:14:59,440

time and effort on this and certainly to

96

00:15:04,150 --> 00:15:00,959

maintain

97

00:15:25,030 --> 00:15:04,160

um this area in such a good shape

98

00:15:29,030 --> 00:15:27,110

that's my entire life i don't know just

99

00:15:30,870 --> 00:15:29,040

since i was a little kid i pick up a

100

00:15:33,030 --> 00:15:30,880

stone everywhere i go

101  
00:15:35,590 --> 00:15:33,040  
and i wasn't even thinking about it and

102  
00:15:37,749 --> 00:15:35,600  
then when we planted the tree alex

103  
00:15:39,590 --> 00:15:37,759  
pulled this stone out to me that's

104  
00:15:41,910 --> 00:15:39,600  
that's a sign that i got to take this

105  
00:15:45,749 --> 00:15:41,920  
stone and it'll go home and go with

106  
00:15:58,949 --> 00:15:45,759  
all my other stones meteorites lava

107  
00:16:03,030 --> 00:16:00,710  
but somebody needs to provide advice and

108  
00:16:04,949 --> 00:16:03,040  
lead space station the space station

109  
00:16:06,629 --> 00:16:04,959  
does not belong to any specific country

110  
00:16:08,710 --> 00:16:06,639  
it belongs to the whole community which

111  
00:16:11,030 --> 00:16:08,720  
has been developing and building it what

112  
00:16:13,749 --> 00:16:11,040  
do you think about the importance of the

113  
00:16:14,629 --> 00:16:13,759

cooperation international capital within

114

00:16:16,310 --> 00:16:14,639

the

115

00:16:17,509 --> 00:16:16,320

space station program

116

00:16:19,350 --> 00:16:17,519

well it's

117

00:16:20,870 --> 00:16:19,360

i mean just look right here the the

118

00:16:23,030 --> 00:16:20,880

flags that we all wear

119

00:16:25,189 --> 00:16:23,040

it doesn't matter who gets on that soyuz

120

00:16:27,110 --> 00:16:25,199

and who goes up there it's we have a

121

00:16:29,269 --> 00:16:27,120

bunch of different uh countries that are

122

00:16:31,030 --> 00:16:29,279

involved in this and to me the best part

123

00:16:32,949 --> 00:16:31,040

is when you get this

124

00:16:34,710 --> 00:16:32,959

uh science involvement this community

125

00:16:35,910 --> 00:16:34,720

involvement then you bring these

126

00:16:38,230 --> 00:16:35,920

countries together and you build

127

00:16:41,269 --> 00:16:38,240

friendships relationships that uh that

128

00:16:43,030 --> 00:16:41,279

then in turn help out politics and so to

129

00:16:44,710 --> 00:16:43,040

me i really love the international

130

00:16:46,230 --> 00:16:44,720

cooperation that we've got up there and

131

00:16:48,310 --> 00:16:46,240

i love our crew i wouldn't want it any

132

00:16:50,230 --> 00:16:48,320

other way this is perfect for us

133

00:16:51,749 --> 00:16:50,240

if you sit in a in a spacecraft it

134

00:16:53,030 --> 00:16:51,759

really doesn't matter so much which

135

00:16:54,790 --> 00:16:53,040

country you're from it matters that

136

00:16:57,110 --> 00:16:54,800

you're friends

137

00:16:59,030 --> 00:16:57,120

so you've been here for almost a week uh

138

00:17:00,870 --> 00:16:59,040

going through through your final launch

139

00:17:02,870 --> 00:17:00,880

preparations what exactly have you been

140

00:17:05,350 --> 00:17:02,880

busy with here

141

00:17:08,710 --> 00:17:05,360

actually it's been very very very busy

142

00:17:10,870 --> 00:17:08,720

day so uh we're working on uh keeping up

143

00:17:14,390 --> 00:17:10,880

our currency on manual rendezvous with

144

00:17:16,150 --> 00:17:14,400

the space station um we're also doing uh

145

00:17:20,549 --> 00:17:16,160

some light medical treatments before we

146

00:17:25,350 --> 00:17:23,189

vestibular vestibular chair

147

00:17:27,510 --> 00:17:25,360

of course a lot of exercise we've been

148

00:17:28,870 --> 00:17:27,520

going on runs every day

149

00:17:30,230 --> 00:17:28,880

but i think probably one of the most

150

00:17:31,669 --> 00:17:30,240

important for me is

151

00:17:33,909 --> 00:17:31,679

just taking a few minutes at the end of

152

00:17:35,830 --> 00:17:33,919

each day to just walk around sometimes

153

00:17:37,510 --> 00:17:35,840

by yourself sometimes with your crew

154

00:17:39,750 --> 00:17:37,520

look up mars has been beautiful this

155

00:17:40,789 --> 00:17:39,760

whole week in the night sky and i think

156

00:17:41,990 --> 00:17:40,799

for me that's probably the most

157

00:17:45,270 --> 00:17:42,000

important part of this it's just taking

158

00:17:48,789 --> 00:17:46,870

you just participated in the tree

159

00:17:51,029 --> 00:17:48,799

planting tradition um

160

00:17:53,669 --> 00:17:51,039

what do you feel about planting the tree

161

00:17:57,350 --> 00:17:53,679

in the same place where uh the first

162

00:17:59,430 --> 00:17:57,360

human who flew to space planted history

163

00:18:01,510 --> 00:17:59,440

yeah for me it's a it's a great honor to

164

00:18:03,190 --> 00:18:01,520

be in this place and not only to fly

165

00:18:05,270 --> 00:18:03,200

into space from here but actually plant

166

00:18:07,270 --> 00:18:05,280

a tree in the same soil that your

167

00:18:09,909 --> 00:18:07,280

gagarin planted history and it's still

168

00:18:11,909 --> 00:18:09,919

here and all its beauty and to me it

169

00:18:13,990 --> 00:18:11,919

gives a it gives a little chill down my

170

00:18:15,990 --> 00:18:14,000

back to actually see my name on on this

171

00:18:18,390 --> 00:18:16,000

little plaque that's standing in front

172

00:18:20,310 --> 00:18:18,400

of my tree and thinking wow this is this

173

00:18:21,669 --> 00:18:20,320

is me now applying to space from this

174

00:18:23,830 --> 00:18:21,679

from this unique place we're going to

175

00:18:26,470 --> 00:18:23,840

start from the same launch launch pad

176

00:18:28,390 --> 00:18:26,480

then your gagarin it's just unbelievable

177

00:18:29,590 --> 00:18:28,400

sometimes when i think about it and what

178

00:18:31,669 --> 00:18:29,600

about you reid

179

00:18:33,190 --> 00:18:31,679

i can't walking up to that tree seeing

180

00:18:34,870 --> 00:18:33,200

your name there

181

00:18:37,430 --> 00:18:34,880

people always ask does it feel real does

182

00:18:39,270 --> 00:18:37,440

it feel real uh it started to feel

183

00:18:41,350 --> 00:18:39,280

pretty real saying my name there on that

184

00:18:43,110 --> 00:18:41,360

tree up next to steve swanson who's

185

00:18:44,390 --> 00:18:43,120

already up there and waiting for us i

186

00:18:47,350 --> 00:18:44,400

think it's real

187

00:18:49,350 --> 00:18:47,360

and what about you maxine

188

00:18:51,510 --> 00:18:49,360

i don't know i'm honored yeah i'm really

189

00:18:53,350 --> 00:18:51,520

proud that i do have this opportunity

190
