1
00:00:00,160 --> 00:00:20,310
uh

2
00:00:20,320 --> 00:03:16,229
foreign

3
00:03:37,509 --> 00:03:19,110
please

4
00:03:37,519 --> 00:03:57,990
um

5
00:03:58,000 --> 00:05:17,430
okay

6
00:05:17,440 --> 00:05:36,150
foreign

7
00:05:36,160 --> 00:05:59,189
side

8
00:05:59,199 --> 00:08:00,950
is

9
00:08:00,960 --> 00:08:20,309
foreign

10
00:08:20,319 --> 00:08:57,670
wow

11
00:08:57,680 --> 00:09:22,230
foreign

12
00:09:22,240 --> 00:10:24,630
um

13
00:10:24,640 --> 00:10:44,710

oh

14

00:10:44,720 --> 00:11:27,750

yes

15

00:12:32,790 --> 00:12:08,829

okay

16

00:12:32,800 --> 00:12:41,750

thank you

17

00:13:03,030 --> 00:12:43,430

don't take it off

18

00:13:03,040 --> 00:13:22,870

two two three

19

00:13:22,880 --> 00:13:57,110

you know

20

00:14:01,509 --> 00:13:59,350

so how far does your tree planting

21

00:14:03,110 --> 00:14:01,519

experience go

22

00:14:04,949 --> 00:14:03,120

i've been planting trees for many years

23

00:14:06,710 --> 00:14:04,959

but i'd say this has to be by far the

24

00:14:08,470 --> 00:14:06,720

most special tree i've ever planted and

25

00:14:11,350 --> 00:14:08,480

i'm honored to have the opportunity to

26
00:14:12,710 --> 00:14:11,360
plant my tree next to elena's and maybe

27
00:14:14,710 --> 00:14:12,720
have the chance over the years to come

28
00:14:15,829 --> 00:14:14,720
back and watch them grow together i'm

29
00:14:48,150 --> 00:14:15,839
i'm thrilled with the opportunity and

30
00:14:48,160 --> 00:15:11,829
see

31
00:15:16,949 --> 00:15:14,550
you've been here for about a week right

32
00:15:18,790 --> 00:15:16,959
what have you been busy with

33
00:15:21,189 --> 00:15:18,800
uh there's quite a bit of trainings you

34
00:15:22,870 --> 00:15:21,199
know follow-on kind of um getting ready

35
00:15:24,710 --> 00:15:22,880
to go training reviewing a lot of things

36
00:15:26,550 --> 00:15:24,720
we've done that and there's transferring

37
00:15:27,910 --> 00:15:26,560
notes i've got several notes in my books

38
00:15:29,670 --> 00:15:27,920

my flight data file that i've

39

00:15:31,269 --> 00:15:29,680

transferred notes over into my my new

40

00:15:32,470 --> 00:15:31,279

books those type of things there's a lot

41

00:15:34,870 --> 00:15:32,480

of pictures that we signed so there's a

42

00:15:36,629 --> 00:15:34,880

lot of that as well and rest just

43

00:15:37,829 --> 00:15:36,639

getting some rest because it's going to

44

00:15:39,509 --> 00:15:37,839

be fast and furious when we get to

45

00:15:40,870 --> 00:15:39,519

station got a lot of work to do spacex

46

00:15:43,269 --> 00:15:40,880

should should arrive right before we get

47

00:15:44,710 --> 00:15:43,279

there bring up a lot of science a lot of

48

00:15:46,389 --> 00:15:44,720

payloads and things that we'll be busy

49

00:15:47,749 --> 00:15:46,399

with so it's going to be off and running

50

00:15:50,150 --> 00:15:47,759

when we arrive so have a little time to

51
00:15:53,110 --> 00:15:50,160
rest now is nice yeah so we are also

52
00:15:54,790 --> 00:15:53,120
wondering how the feeling differ

53
00:15:56,550 --> 00:15:54,800
being the backup crew member and being

54
00:15:58,629 --> 00:15:56,560
the prime here yeah you get a little bit

55
00:16:00,629 --> 00:15:58,639
more focus as the prime remember that's

56
00:16:02,389 --> 00:16:00,639
the biggest difference uh you know the

57
00:16:04,069 --> 00:16:02,399
backup as far as the day-to-day was

58
00:16:05,829 --> 00:16:04,079
about the same same preparation because

59
00:16:07,509 --> 00:16:05,839
you need to be ready to go so in that

60
00:16:09,189 --> 00:16:07,519
light it's not much different but prime

61
00:16:10,389 --> 00:16:09,199
you know you're going and it just

62
00:16:11,829 --> 00:16:10,399
mentally it gives you a little different

63
00:16:13,509 --> 00:16:11,839

twist on it which is yeah that's

64

00:16:14,790 --> 00:16:13,519

definitely different

65

00:16:16,790 --> 00:16:14,800

all that

66

00:16:19,509 --> 00:16:16,800

in about half a year you plan to come

67

00:16:21,590 --> 00:16:19,519

back here and take a long journey on

68

00:16:22,629 --> 00:16:21,600

board the iss which will last about a

69

00:16:26,389 --> 00:16:22,639

year

70

00:16:27,189 --> 00:16:26,399

uh i wonder what is your feeling now as

71

00:16:47,829 --> 00:16:27,199

a

72

00:16:48,790 --> 00:16:47,839

so

73

00:16:50,550 --> 00:16:48,800

you know i

74

00:16:52,150 --> 00:16:50,560

see that my training's gonna pick up be

75

00:16:54,150 --> 00:16:52,160

a lot more busy a lot more traveling

76

00:16:56,949 --> 00:16:54,160

than i've been doing and then

77

00:16:59,590 --> 00:16:56,959

you know ending with uh the flight uh

78

00:17:01,590 --> 00:16:59,600

from here in march um

79

00:17:03,749 --> 00:17:01,600

i look forward to it i think it's a real

80

00:17:05,669 --> 00:17:03,759

privilege to be the first american to be

81

00:17:07,829 --> 00:17:05,679

able to do this i look forward to the uh

82

00:17:10,150 --> 00:17:07,839

what we can learn from the flight and

83

00:17:12,150 --> 00:17:10,160

all the science

84

00:17:13,750 --> 00:17:12,160

but you know of course i recognize a

85

00:17:16,230 --> 00:17:13,760

year's a long time so

86

00:17:17,350 --> 00:17:16,240

it's uh it's not going to be easy but

87

00:17:19,669 --> 00:17:17,360

it's something that i really look

88

00:17:21,510 --> 00:17:19,679

forward to doing and appreciate the

89

00:17:24,069 --> 00:17:21,520

privilege of being assigned to this

90

00:17:28,309 --> 00:17:26,470

first of all this flight is important

91

00:17:31,990 --> 00:17:28,319

for our country

92

00:17:33,669 --> 00:17:32,000

for our people not only for us

93

00:17:35,510 --> 00:17:33,679

this is number one

94

00:17:37,029 --> 00:17:35,520

and for us

95

00:17:39,350 --> 00:17:37,039

it's important

96

00:17:41,270 --> 00:17:39,360

because first of all this is my first

97

00:17:42,630 --> 00:17:41,280

flight

98

00:17:44,390 --> 00:17:42,640

i'm excited

99

00:17:46,789 --> 00:17:44,400

and i'm anxious

100

00:17:49,110 --> 00:17:46,799

we've been studying for a long time

101
00:17:52,150 --> 00:17:49,120
studying the vehicle

102
00:17:54,630 --> 00:17:52,160
reading the manuals and now we'll be on

103
00:17:56,070 --> 00:17:54,640
our own

104
00:18:09,830 --> 00:17:56,080
i think

105
00:18:09,840 --> 00:18:16,150
and i'm very happy that elena

106
00:18:19,750 --> 00:18:18,470
i think i can call her that

107
00:18:23,590 --> 00:18:19,760
and

108
00:18:26,630 --> 00:18:23,600
she achieved more than i could hope for

109
00:18:28,789 --> 00:18:26,640
and i hope that we will fulfill

110
00:18:30,710 --> 00:18:28,799
all the tasks for our mission i would

111
00:18:33,270 --> 00:18:30,720
say that the international space station

112
00:18:34,390 --> 00:18:33,280
the key thing is that international park

113
00:18:36,070 --> 00:18:34,400

and

114

00:18:38,230 --> 00:18:36,080

as our international partners have come

115

00:18:41,190 --> 00:18:38,240

together as a combined coalition we've

116

00:18:42,630 --> 00:18:41,200

set goals directives desires and science

117

00:18:45,029 --> 00:18:42,640

and exploration and other things that

118

00:18:46,470 --> 00:18:45,039

we're trying to achieve and together we

119

00:18:48,470 --> 00:18:46,480

work together that's what makes it

120

00:18:50,710 --> 00:18:48,480

special it's not just

121

00:18:52,070 --> 00:18:50,720

select nations doing various things it's

122

00:18:55,029 --> 00:18:52,080

select nations doing various things

123

00:18:56,710 --> 00:18:55,039

together for the common good of man and
