00:00:09,070 --> 00:00:07,690
the members of the state commission our

2
00:00:31,470 --> 00:00:09,080
crew is ready for the comprehensive

3
00:00:31,480 --> 00:00:44,750
you have any questions or concerns no

well I feel great I'm feel very

5
00:00:51,569 --> 00:00:49,720
confident in our preparation and I'm

6
00:00:53,369 --> 00:00:51,579
really excited to be tabbed the

7
00:00:55,470 --> 00:00:53,379
opportunity to fly with a leg Hakeem yet

8
00:00:57,569 --> 00:00:55,480
I think that we've had a great

9
00:01:03,479 --> 00:00:57,579
preparation process and we're ready flat

10
00:01:05,400 --> 00:01:03,489
oh look I have a question what are the

11
00:01:07,170 --> 00:01:05,410
objectives of your upcoming mission can

12
00:01:09,749 --> 00:01:07,180
you please explain what you will be

13
00:01:13,320 --> 00:01:09,759

doing on board the station we have the

14

00:01:14,820 --> 00:01:13,330

flight program kimia and shall have the

15

00:01:17,450 --> 00:01:14,830

flight program that was developed by

16

00:01:22,230 --> 00:01:17,460

their space agencies and it includes

17

00:01:24,540 --> 00:01:22,240

experiments for I sets 44 I think they

18

00:01:30,779 --> 00:01:24,550

have around 45 47 experiments these are

19

00:01:32,990 --> 00:01:30,789

our objectives I don't know the skimmer

20

00:01:41,440 --> 00:01:33,000

floppies much I see if I tell mr.

21

00:01:41,450 --> 00:01:53,310

we're ready to fight

22

00:01:53,320 --> 00:02:04,130

thank you very much everyone good luck

23

00:02:04,140 --> 00:02:58,300

thank you

24

00:03:35,780 --> 00:03:20,000

open page 28 page 28 will you sign it

25

00:03:47,620 --> 00:03:35,790

now we're ready good luck thank you very

26

00:03:51,100 --> 00:03:47,630

much hi honey bun and a movie to enjoy

27

00:03:55,280 --> 00:03:51,110

myself yeah yeah even though the study

28

00:03:56,440 --> 00:03:55,290

I'm a star in my own country so that is

29

00:04:00,050 --> 00:03:56,450

why they asked me so many questions but

30

00:04:03,380 --> 00:04:00,060

of course I'm telling them that we had a

31

00:04:19,759 --> 00:04:03,390

great training flow and they're ready ha

32

00:04:29,490 --> 00:04:24,650

thank you they asked me how we get along

33

00:04:31,050 --> 00:04:29,500

together said we're having a very good

34

00:04:40,409 --> 00:04:31,060

relationship we're having a very good

35

00:04:52,600 --> 00:04:42,579

mother son had music on on you tonight

36

00:04:56,439 --> 00:04:52,610

okay how long have you been studying the

37

00:04:58,209 --> 00:04:56,449

Russian language Russian language for

38

00:04:59,949 --> 00:04:58,219

five years it's a very difficult

39

00:05:14,100 --> 00:04:59,959

language but i'm very happy i can speak

40

00:05:18,790 --> 00:05:16,540

you know we're preparing for the flight

41

00:05:22,240 --> 00:05:18,800

we have passed so many examinations that

42

00:05:24,790 --> 00:05:22,250

I believe we are not scared anymore we

43

00:05:26,530 --> 00:05:24,800

do have knowledge we do have skills so I

44

00:05:30,820 --> 00:05:26,540

believe we will pass it with flying

45

00:05:33,460 --> 00:05:30,830

colors what are you expecting from this

46

00:05:35,170 --> 00:05:33,470

flight is it a bit scary to fly for the

47

00:05:37,570 --> 00:05:35,180

first time no dear i'm very excited

48

00:05:38,680 --> 00:05:37,580

about that his life is mike remains and

49

00:05:51,370 --> 00:05:38,690

very excited about the science that

50

00:05:55,120 --> 00:05:51,380

going on is it scary free to fight we

51
00:05:56,500 --> 00:05:55,130
had a comprehensive training flow so i

52
00:05:58,990 --> 00:05:56,510
don't think we should have any fears

53
00:06:01,030 --> 00:05:59,000
everything will be great so they were

54
00:06:06,730 --> 00:06:01,040
sharing their experience with you yes

55
00:06:38,060 --> 00:06:06,740
that's right any other questions no all

56
00:06:42,810 --> 00:06:41,040
dear members of the state commission our

57
00:07:08,160 --> 00:06:42,820
crew is ready for the comprehensive

58
00:07:14,560 --> 00:07:10,810
do you have any concerns any questions

59
00:07:16,060 --> 00:07:14,570
no let us start as soon as possible how

60
00:07:17,140 --> 00:07:16,070
are you both feeling as for about six

61
00:07:18,880 --> 00:07:17,150
months away from your mission to the

62
00:07:21,310 --> 00:07:18,890
International spacing go Greg we're very

63
00:07:22,390 --> 00:07:21,320

excited and likewise this is great

64

00:07:24,010 --> 00:07:22,400

experience to me the first time I've

65

00:07:28,780 --> 00:07:24,020

gone through this training okay he's

66

00:07:31,930 --> 00:07:28,790

fantastic did he have any difficulties

67

00:07:34,350 --> 00:07:31,940

during a training flow the sea William

68

00:07:40,240 --> 00:07:34,360

wouldn't they were regular difficulties

69

00:07:41,860 --> 00:07:40,250

expected ones because my crewmates were

70

00:07:43,900 --> 00:07:41,870

passing this training flow for the first

71

00:07:46,660 --> 00:07:43,910

time everything was new and they had

72

00:07:49,120 --> 00:07:46,670

elect to learn my grammas a user talking

73

00:07:50,710 --> 00:07:49,130

about the Soyuz training program

74

00:07:52,300 --> 00:07:50,720

everything was in the Russian language

75

00:07:54,960 --> 00:07:52,310

all the lectures were in the Russian

76
00:08:00,430 --> 00:07:54,970
language so it was a challenge for them

77
00:08:05,410 --> 00:08:00,440
but I believe that they ready for the

78
00:08:07,420 --> 00:08:05,420
examinations now so do they know this is

79
00:08:09,820 --> 00:08:07,430
legal well yes of course they know the

80
00:08:13,450 --> 00:08:09,830
service vehicle very well and they know

81
00:08:16,900 --> 00:08:13,460
it enough to be able to control the

82
00:08:18,760 --> 00:08:16,910
spacecraft you'll find this place for

83
00:08:20,680 --> 00:08:18,770
the first time are you scared to have

84
00:08:23,500 --> 00:08:20,690
any fears what are you looking forward

85
00:08:25,240 --> 00:08:23,510
to no I don't have any fears that have a

86
00:08:27,730 --> 00:08:25,250
very experienced commander and the

87
00:08:29,560 --> 00:08:27,740
flight engineer and they have a great

88
00:08:34,449 --> 00:08:29,570

experience so we are looking forward to

89

00:08:38,809 --> 00:08:34,459

in space on the space station

90

00:08:45,800 --> 00:08:38,819

what are you dreaming about when you go

91

00:08:47,780 --> 00:08:45,810

to space and I'm looking forward to

92

00:08:49,069 --> 00:08:47,790

conducting scientific experiments that
