

#LaunchAmerica

1  
00:00:16,630 --> 00:00:14,549  
we've come to this program with

2  
00:00:18,230 --> 00:00:16,640  
different backgrounds and different

3  
00:00:20,550 --> 00:00:18,240  
experiences

4  
00:00:22,950 --> 00:00:20,560  
we have a chance to build upon a new

5  
00:00:24,870 --> 00:00:22,960  
launch capability for america

6  
00:00:26,390 --> 00:00:24,880  
we're part of a partnership and part of

7  
00:00:28,230 --> 00:00:26,400  
the partnership is to have different

8  
00:00:30,390 --> 00:00:28,240  
abilities and so the united states

9  
00:00:31,669 --> 00:00:30,400  
having access is extremely important to

10  
00:00:33,430 --> 00:00:31,679  
the effort

11  
00:00:35,510 --> 00:00:33,440  
one of the things that really gave us

12  
00:00:37,270 --> 00:00:35,520  
the opportunity to to be ready for this

13  
00:00:38,790 --> 00:00:37,280

is all those systems on the space

14

00:00:40,310 --> 00:00:38,800

station are on the space shuttle that we

15

00:00:42,229 --> 00:00:40,320

had to learn in order to be prepared for

16

00:00:44,470 --> 00:00:42,239

a space flight so it really has set us

17

00:00:53,430 --> 00:00:44,480

up for a mindset of learning new things

18

00:00:57,990 --> 00:00:55,510

we have a huge team here at nasa as well

19

00:00:59,830 --> 00:00:58,000

as the great teams at spacex and boeing

20

00:01:02,709 --> 00:00:59,840

that we'll work with to try to make this

21

00:01:04,149 --> 00:01:02,719

vehicle as safe as possible

22

00:01:06,070 --> 00:01:04,159

building that partnership that

23

00:01:07,670 --> 00:01:06,080

relationship where we are

24

00:01:09,429 --> 00:01:07,680

shoulder to shoulder with these

25

00:01:10,630 --> 00:01:09,439

companies as they build this vehicle is

26

00:01:12,390 --> 00:01:10,640

really going to be how we're

27

00:01:13,830 --> 00:01:12,400

instrumental in making sure the vehicles

28

00:01:15,749 --> 00:01:13,840

are ready for the first flights when the

29

00:01:17,350 --> 00:01:15,759

time comes

30

00:01:19,910 --> 00:01:17,360

i'm honored to get the opportunity to

31

00:01:21,749 --> 00:01:19,920

participate with this new group and to

32

00:01:24,789 --> 00:01:21,759

work with the team to get us onto this

33

00:01:27,109 --> 00:01:24,799

next era in space flight

34

00:01:29,590 --> 00:01:27,119

i remember when i launched from kennedy

35

00:01:31,830 --> 00:01:29,600

the first time on a u.s space shuttle

36

00:01:33,670 --> 00:01:31,840

and it was pretty amazing so i can only

37

00:01:36,469 --> 00:01:33,680

imagine what it's going to be like after

38

00:01:39,190 --> 00:01:36,479

this long period of time to get back on

39

00:01:41,670 --> 00:01:39,200

a spacecraft at kennedy and have all

40

00:01:43,270 --> 00:01:41,680

family and friends and people from all

41

00:01:44,789 --> 00:01:43,280

over the country watching that's going

42

00:01:46,550 --> 00:01:44,799

to be pretty special

43

00:01:48,630 --> 00:01:46,560

and so bringing back home will bring
