00:00:00,370 --> 00:00:04,549

My name is Dan Maznek, I'm a Senior Space  
Systems Engineer here at NASA Langley Research

2

00:00:04,549 --> 00:00:09,080

Center.

3

00:00:09,080 --> 00:00:13,620

Music

4

00:00:13,620 --> 00:00:17,280

What excites me the most about the Asteroid  
Redirect Mission is that we'll be developing

5

00:00:17,280 --> 00:00:22,110

the key capabilities, the technologies and  
the operation concepts, that will help us

6

00:00:22,110 --> 00:00:23,270

on our Journey to Mars.

7

00:00:23,270 --> 00:00:27,480

Things like Solar Electric Propulsion that  
will help transport cargo and crew to and

8

00:00:27,480 --> 00:00:32,680

from the red planet, the robotic systems that  
will help us interact with the Martian moons
