

1

00:00:01,329 --> 00:00:07,109

Welcome aboard the International Space Station.
I'm Scott Kelly along with Expedition 46 crew

2

00:00:07,109 --> 00:00:16,699

members Tim Kopra and Tim Peake and we have
a message for all of you for the holidays.

3

00:00:16,699 --> 00:00:20,240

First I would like to say what a privilege
it is to serve on the International Space

4

00:00:20,240 --> 00:00:25,050

Station and how grateful we are to the teams
on the ground that support our flying here

5

00:00:25,050 --> 00:00:33,469

as well as all the sciences on board this
laboratory. Christmas is traditionally a time

6

00:00:33,469 --> 00:00:37,160

for friends and family to get together and
although we can't be with our friends and

7

00:00:37,160 --> 00:00:42,090

families this year, we'll be orbiting the
earth 16 times on Christmas day and sending

8

00:00:42,090 --> 00:00:49,700

our good wishes to everybody back down on
our beautiful planet Earth. Merry Christmas,
