

The background of the image shows the Orbital ATK/CRS-6 cargo resupply mission spacecraft in orbit above Earth. The spacecraft is a cylindrical module with two large, gold-colored solar panel arrays extended outwards. The Earth's horizon is visible in the lower left, with a bright sun or star in the upper left corner creating a lens flare effect. The text is overlaid on the left side of the image.

Orbital ATK/CRS-6

Tuesday March 22nd

Resupply Mission to Space Station

Launch Coverage and Commentary

10 p.m. ET

Launch Scheduled
