

HAPPY BIRTHDAY
AMERICA

4TH
JULY

1
00:00:00,329 --> 00:00:02,159
This Independence Day...

2
00:00:02,159 --> 00:00:08,590
Astronauts, onboard the International Space
Station, can look down and marvel at the spectacle

3
00:00:08,590 --> 00:00:12,089
of nature's own Fireworks

4
00:00:12,089 --> 00:00:20,020
While those of us, who are earth bound, will
look up... and enjoy a more traditional display.
