

1  
00:00:09,110 --> 00:00:06,070  
members of the state commission

2  
00:00:11,910 --> 00:00:09,120  
the soyuz crew members are ready for

3  
00:00:12,950 --> 00:00:11,920  
the examination today

4  
00:00:15,829 --> 00:00:12,960  
on the

5  
00:00:17,750 --> 00:00:15,839  
soyuz simulator

6  
00:00:20,550 --> 00:00:17,760  
what is the number of the crew prime

7  
00:00:22,790 --> 00:00:20,560  
crew expedition 49.50

8  
00:00:24,150 --> 00:00:22,800  
good

9  
00:00:26,950 --> 00:00:24,160  
do you have any questions no we don't

10  
00:00:28,630 --> 00:00:26,960  
have any questions

11  
00:00:45,830 --> 00:00:28,640  
good luck and you can take an

12  
00:00:45,840 --> 00:01:06,469  
um

13  
00:01:06,479 --> 00:01:18,789

good luck

14

00:01:18,799 --> 00:01:32,950

foreign

15

00:01:36,069 --> 00:01:34,630

well it's a very small vehicle so that's

16

00:01:37,109 --> 00:01:36,079

a little more challenging than we had in

17

00:01:39,109 --> 00:01:37,119

the shuttle

18

00:01:40,310 --> 00:01:39,119

um it's been great working with the team

19

00:01:41,670 --> 00:01:40,320

over here that's probably been the

20

00:01:43,910 --> 00:01:41,680

highlight just working with all the

21

00:01:46,149 --> 00:01:43,920

trainers and the crews and everybody in

22

00:01:47,270 --> 00:01:46,159

front of me that i'm learning from

23

00:01:49,030 --> 00:01:47,280

but in general it's been a great

24

00:01:51,030 --> 00:01:49,040

training flow it's a lot longer than the

25

00:01:52,630 --> 00:01:51,040

shuttle flows that's another difference

26

00:01:54,149 --> 00:01:52,640

but it's just the way they do it and

27

00:01:58,230 --> 00:01:54,159

it's a good good training flow and we're

28

00:02:10,949 --> 00:02:00,149

and now we want to take a traditional

29

00:02:14,710 --> 00:02:13,030

thank you very much dear crew members

30

00:02:26,710 --> 00:02:14,720

good luck

31

00:02:26,720 --> 00:02:42,869

thank you

32

00:02:42,879 --> 00:02:55,190

yes

33

00:02:55,200 --> 00:03:11,350

foreign

34

00:03:11,360 --> 00:03:25,670

from

35

00:03:35,990 --> 00:03:27,589

you can take an examination ticket right

36

00:03:36,000 --> 00:03:51,670

foreign

37

00:03:51,680 --> 00:04:02,710

uh

38

00:04:06,470 --> 00:04:04,630

you need to be ready for

39

00:04:17,189 --> 00:04:06,480

all types of emergencies and

40

00:04:17,199 --> 00:04:22,390

you need to work together as a team

41

00:04:30,070 --> 00:04:24,710

we'll be testing your teamwork skills as

42

00:04:35,430 --> 00:04:32,310

you need to be ready for any type of a

43

00:04:38,950 --> 00:04:35,440

situation just like i said

44

00:04:41,670 --> 00:04:38,960

good luck good luck to you

45

00:04:47,270 --> 00:04:41,680

i have a question for all crew members

46

00:04:51,030 --> 00:04:47,990

we

47

00:04:53,990 --> 00:04:51,040

chose our call sign a year ago on august

48

00:04:57,749 --> 00:04:55,350

it is the name

49

00:05:00,150 --> 00:04:57,759

of a mountain in israel

50

00:05:02,390 --> 00:05:00,160

holy land

51  
00:05:05,110 --> 00:05:02,400  
and it took us a long time to choose

52  
00:05:08,310 --> 00:05:05,120  
what kind of a coal sign we want to have

53  
00:05:11,029 --> 00:05:08,320  
but we made this decision unanimously

54  
00:05:13,350 --> 00:05:11,039  
whose idea was that do you remember of

55  
00:05:15,270 --> 00:05:13,360  
course i remember but i cannot give you

56  
00:05:23,990 --> 00:05:15,280  
all the information right now

57  
00:05:28,550 --> 00:05:26,550  
what kind of training did you have to

58  
00:05:33,830 --> 00:05:28,560  
undergo in order to be ready for these

59  
00:05:39,510 --> 00:05:37,189  
we were preparing for this examination

60  
00:05:42,710 --> 00:05:39,520  
just like for any examination here on

61  
00:05:47,029 --> 00:05:44,790  
that a lot of people who professionally

62  
00:05:49,510 --> 00:05:47,039  
are obligated to take examinations have

63  
00:05:51,270 --> 00:05:49,520

to take every now and then

64

00:05:54,469 --> 00:05:51,280

of course we're working on different

65

00:05:56,469 --> 00:05:54,479

contingencies and emergencies

66

00:05:58,390 --> 00:05:56,479

today we will try to show

67

00:06:00,070 --> 00:05:58,400

what we can

68

00:06:01,990 --> 00:06:00,080

we'll try to remember

69

00:06:03,749 --> 00:06:02,000

what we know and maybe learn something

70

00:06:05,110 --> 00:06:03,759

that we don't know

71

00:06:07,670 --> 00:06:05,120

what is the purpose of these

72

00:06:11,749 --> 00:06:07,680

examinations in general why would you

73

00:06:15,830 --> 00:06:13,830

in this case i believe

74

00:06:17,430 --> 00:06:15,840

this examination

75

00:06:20,309 --> 00:06:17,440

shows

76  
00:06:21,909 --> 00:06:20,319  
how we interact how we work together as

77  
00:06:24,629 --> 00:06:21,919  
a team

78  
00:06:26,230 --> 00:06:24,639  
and demonstrates our skills but first of

79  
00:06:31,350 --> 00:06:26,240  
all

80  
00:06:33,350 --> 00:06:31,360  
held for us

81  
00:06:36,150 --> 00:06:33,360  
have the purpose of

82  
00:06:38,550 --> 00:06:36,160  
showing how we work as a team sergey

83  
00:06:41,909 --> 00:06:38,560  
this is your first flight

84  
00:06:45,029 --> 00:06:41,919  
what is your mascot

85  
00:06:46,629 --> 00:06:45,039  
we decided to take

86  
00:06:49,270 --> 00:06:46,639  
typical

87  
00:06:50,550 --> 00:06:49,280  
vehicle in miniature it is the next

88  
00:06:53,110 --> 00:06:50,560

generation

89

00:06:53,120 --> 00:06:56,550

space vehicles

90

00:07:00,629 --> 00:06:58,550

how many experiments are you going to

91

00:07:03,670 --> 00:07:00,639

perform on the station and can you

92

00:07:06,150 --> 00:07:03,680

please briefly describe most interesting

93

00:07:08,309 --> 00:07:06,160

experiments i don't think we'll have

94

00:07:10,710 --> 00:07:08,319

enough time to describe

95

00:07:13,110 --> 00:07:10,720

most interesting experiments in brief it

96

00:07:15,589 --> 00:07:13,120

will take a couple of hours we are going

97

00:07:16,950 --> 00:07:15,599

to perform a lot of experiments

98

00:07:19,110 --> 00:07:16,960

some of these experiments will be

99

00:07:20,950 --> 00:07:19,120

performed jointly with our american

100

00:07:23,990 --> 00:07:20,960

counterparts we are going to work

101  
00:07:26,150 --> 00:07:24,000  
together about 200 experiments so

102  
00:07:27,990 --> 00:07:26,160  
i think we're excited about all of them

103  
00:07:29,830 --> 00:07:28,000  
i'm especially excited about a few

104  
00:07:31,990 --> 00:07:29,840  
things we're going to do to help future

105  
00:07:33,990 --> 00:07:32,000  
exploration we're going to work on some

106  
00:07:35,909 --> 00:07:34,000  
tests and medical equipment and some

107  
00:07:37,909 --> 00:07:35,919  
other equipment like exercise equipment

108  
00:07:40,469 --> 00:07:37,919  
that'll help us as we try to go to a

109  
00:07:42,550 --> 00:07:40,479  
place like mars down the road

110  
00:07:44,390 --> 00:07:42,560  
for shane kimbrough for nasa tv this

111  
00:07:46,070 --> 00:07:44,400  
will be your first long-duration mission

112  
00:07:47,749 --> 00:07:46,080  
to the space station how are you feeling

113  
00:07:49,350 --> 00:07:47,759

about your level of readiness in your

114

00:07:51,110 --> 00:07:49,360

preparation for spending that much time

115

00:07:52,550 --> 00:07:51,120

in space yeah i'm not sure you can never

116

00:07:55,110 --> 00:07:52,560

really get prepared until you actually

117

00:07:56,550 --> 00:07:55,120

do it so uh i'm as ready as i'm gonna be

118

00:07:59,029 --> 00:07:56,560

our crew is ready we've been training

119

00:08:00,869 --> 00:07:59,039

together for a little over two years now

120

00:08:02,390 --> 00:08:00,879

and we're ready to go so we're ready to

121

00:08:04,390 --> 00:08:02,400

get through these exams these next few

122

00:08:09,749 --> 00:08:04,400

days and then take a few days off and

123

00:08:12,950 --> 00:08:11,510

thank you very much for your questions

124

00:08:14,550 --> 00:08:12,960

dear crew members thank you very much

125

00:08:16,390 --> 00:08:14,560

for your answers

126  
00:08:52,949 --> 00:08:16,400  
and now we need to take a traditional

127  
00:08:56,550 --> 00:08:54,710  
director of the gagarin cosmonaut

128  
00:08:59,509 --> 00:08:56,560  
training center mr president of the

129  
00:09:02,310 --> 00:08:59,519  
state commission the backup crew of the

130  
00:09:04,150 --> 00:09:02,320  
next expedition to the iss

131  
00:09:06,550 --> 00:09:04,160  
is ready for the qualification

132  
00:09:09,030 --> 00:09:06,560  
examination crew commander lieutenant

133  
00:09:12,949 --> 00:09:09,040  
colonel alexander misurkin

134  
00:09:12,959 --> 00:09:36,389  
please take an examination ticket

135  
00:09:36,399 --> 00:09:55,110  
foreign

136  
00:09:55,120 --> 00:10:02,829  
good

137  
00:10:13,030 --> 00:10:05,590  
luck you have any traditions that you

138  
00:10:18,389 --> 00:10:15,750

when i was studying at a military school

139

00:10:20,870 --> 00:10:18,399

don't have your hair cut before the exam

140

00:10:24,069 --> 00:10:20,880

don't shave before the exam but

141

00:10:25,829 --> 00:10:24,079

there are so many cameras here today so

142

00:10:29,829 --> 00:10:25,839

we couldn't follow those traditions so

143

00:10:34,949 --> 00:10:32,150

what will be the worst emergency

144

00:10:35,910 --> 00:10:34,959

situation for you during the examination

145

00:10:38,150 --> 00:10:35,920

and

146

00:10:40,230 --> 00:10:38,160

what exam what emergency situation are

147

00:10:41,269 --> 00:10:40,240

you waiting for during this examination

148

00:10:43,509 --> 00:10:41,279

well

149

00:10:46,630 --> 00:10:43,519

uh as you know we can get an app for a

150

00:10:47,590 --> 00:10:46,640

simple emergency case scenario

151

00:10:49,670 --> 00:10:47,600

so

152

00:10:58,150 --> 00:10:49,680

we have to be prepared always for all

153

00:11:01,750 --> 00:10:59,670

how does it feel to be preparing for

154

00:11:04,150 --> 00:11:01,760

your final six months before your own

155

00:11:05,590 --> 00:11:04,160

space flight will pay for the 251 of 52

156

00:11:07,190 --> 00:11:05,600

for the next spring

157

00:11:09,110 --> 00:11:07,200

it's a great day there's been a lot of

158

00:11:11,110 --> 00:11:09,120

training to get to this point i've got a

159

00:11:12,870 --> 00:11:11,120

fantastic group and i'm really looking
