MAKING OUT OF NO

MUHAMMAD ALI AS ACTIVIST

Muhammad Ali (b. 1942) was one of boxing's greatest champions. But his legacy transcends the world of sport. In the 1960s and 1970s, he offered an unflinching critique of racism, heightened the profile of the Nation of Islam, and raised awareness of the Vietnam War. After his boxing career, he continued to work globally as a force for change, becoming a social activist, cultural critic, and humanitarian.
