

1
00:00:05,180 --> 00:00:03,139
for over a generation women have been

2
00:00:07,670 --> 00:00:05,190
claiming more and more significant roles

3
00:00:10,669 --> 00:00:07,680
in nasa's space program taking the lead

4
00:00:13,220 --> 00:00:10,679
in areas like planetary missions and

5
00:00:15,650 --> 00:00:13,230
asteroid research women like research

6
00:00:17,540 --> 00:00:15,660
scientist Amy Mainzer who hunts for

7
00:00:19,730 --> 00:00:17,550
asteroids and comets and even had an

8
00:00:21,470 --> 00:00:19,740
asteroid named after her is increasing

9
00:00:23,150 --> 00:00:21,480
our understanding of these objects and

10
00:00:26,330 --> 00:00:23,160
providing a clearer view of our universe

11
00:00:28,640 --> 00:00:26,340
for future generations learn more about
