00:00:02,449 --> 00:00:08,400
The best advice that I received when I was
beginning my stem career studies was came

3
00:00:08,400 --> 00:00:15,160
from my dad, when I was a senior in high school
my dad said Julie you are excellent in math

4
00:00:15,160 --> 00:00:19,270
you should be an engineer, and after that,
that was it.

5
00:00:19,270 --> 00:00:23,910
If dad believed me and he believed I could
have this career then I knew it could really

6
00:00:23,910 --> 00:00:24,910
happen.
